Ownership And Justice Volume 27 Part 1 Social Philosophy And Policy:

Reality, Reason, and Rights Douglas B. Rasmussen, Aeon J. Skoble, Douglas J. Den Uyl, 2011-12-16 Tibor R Machan one of the most prolific and wide ranging philosophers of our time has been known internationally for decades through his public speaking opinion columns and of course his scholarly writing This collection of essays seeks to explore Machan's philosophical ideas by considering some of the basic issues with which he has been concerned throughout his long and highly productive career The essays range from those concerned with the nature of reality and knowledge to those dealing with the nature of the political legal order Topics such as the character of human nature free choice and responsibility the justification of individual rights and the place of justice in the contemporary welfare state among other basic issues are discussed in these essays Because Machan himself dealt with questions of central importance the essays should appeal to a wide range of interests and disciplines in philosophy and related fields But the essays are also written by people accomplished in their own right and thus seek not only to comment on Machan but to make their own contribution to enduring philosophical issues The volume should be of value to both students and faculty alike Natural Law and Modern Moral Philosophy: Volume 18, Social Philosophy and Policy, Part 1 Ellen Frankel Paul, Fred D. Miller (Jr.), Jeffrey Paul, 2001-01-29 The essays in this volume written by academic lawyers as well as legal and moral philosophers address some of the most intriguing questions raised by natural law theory and its implications for law morality and public policy Some of the essays explore the implications that natural law theory has for jurisprudence asking what natural law suggests about the use of legal devices such as constitutions and precedents Other essays examine the connections between natural law and natural rights Property and Justice Billy Christmas, 2021-03-29 This book gives an account of a full spectrum of property rights and their relationship to individual liberty It shows that a purely deontological approach to justice can deal with the most complex questions regarding the property system Moreover the author considers the economic ecological and technological complexities of our real world property systems The result is a more conceptually sound account of natural rights and the property system they demand If we think that liberty should be at the centre of justice what does that mean for the property system Economists and lawyers widely agree that a property system must be composed of many different types of property the kind of private ownership one has over one's person and immediate possessions as well as the kinds of common ownership we each have in our local streets as well as many more However theories of property and justice have not given anything approaching an adequate account of the relationship between liberty and any other form of property other than private ownership It is often thought that a basic commitment to liberty cannot really tell us how to arrange the major complexities of the property system which diverge from simple private ownership Property and Justice demonstrates how philosophical rigour coupled with interdisciplinary engagement enables us to think clearly about how to deal with real world problems It will be of interest to political philosophers political theorists and legal theorists working on property rights and

justice **Oxford Studies in Political Philosophy, Volume 1** David Sobel, Peter Vallentyne, Steven Wall, 2015-06-18 This is the inaugural volume of Oxford Studies in Political Philosophy Since its revival in the 1970s political philosophy has been a vibrant field in philosophy one that intersects with jurisprudence normative economics political theory in political science departments and just war theory OSPP aims to publish some of the best contemporary work in political philosophy and these closely related subfields This first volume features eleven papers and an introduction The papers address a range of central topics and represent cutting edge work in the field They are grouped into four main themes democracy political liberalism and public reason rights and duties and method **The Cambridge Companion to Nozick's Anarchy, State, and Utopia** Ralf M. Bader, John Meadowcroft, 2011-09 This Companion presents a detailed assessment of Nozick's Anarchy, State, and Utopia and analyses its contribution to political philosophy The Oxford Handbook of Political Philosophy David Estlund, 2012-05-21 Even though political philosophy has a long tradition it is much more than the study of old and great treatises Contemporary philosophers continue to press new arguments on old and timeless questions but also to propose departures and innovations The field changes over time and new work inevitably responds both to events in the world and to the directions of thought itself This volume includes 22 new pieces by leaders in the field on both perennial and emerging topics of keen interest to contemporary political philosophers In addition to longstanding issues such as Authority Equality and Freedom and Democracy there are articles on less classical topics such as Race Historical Injustice Deliberation Money and Politics Global Justice and Ideal and Non Ideal Theory All of the pieces combine clarity and accessibility with a top scholar's critical and original point of view The introductory essay briefly situates this snapshot of the state of the art in a broader view of developments in political philosophy in the last 40 years and looks forward to future developments Students and scholars alike will find the pieces to be valuable not only surveys but as provocations to think further about the questions puzzles and practical problems that animate recent work in political philosophy The issues will be of interest to many working in philosophy political science law economics and more *Libertarianism* Eric Mack, 2018-10-08 The essence of libertarianism is the view that coercive political institutions such as the state are justified only insofar as they function to protect each person's liberty to pursue their own goals and well being in their own way Libertarians accordingly argue that any attempt to enforce top down concepts of social justice or economic equality are fundamentally misconceived In this book leading expert Eric Mack provides a rigorous and clear account of the philosophical principles of libertarianism He offers accounts of three distinctive schools of libertarian thought which he labels the natural rights approach the cooperation to mutual advantage approach and the indirect consequentialist approach After examining the historical roots of these approaches in the thought of figures such as John Locke and David Hume he provides illuminating accounts of the foundational arguments and the theories of economic justice offered by Robert Nozick and F A Hayek He then examines a range of other debates such as those surrounding the nature of the minimal state and those between critics and defenders of

libertarianism This book will be essential reading for anyone interested in political philosophy political ideologies and the nature of liberty and state authority from students and scholars to general readers *Social Anarchism and the Rejection of Moral Tyranny* Jesse Spafford,2023-11-02 This book provides an analytical defence of egalitarian anarchism arguing that there is a libertarian path to socialist conclusions **Ownership of the Human Body** H.A. Ten Have,J.W. Welie,2013-11-11

This is the first book in healthcare ethics addressing the moral issues regarding ownership of the human body Modern medicine increasingly transforms the body and makes use of body parts for diagnostic therapeutic and preventive purposes The book analyzes the concept of body ownership It also reviews the ownership issues arising in clinical care for example donation policies autopsy and biomedical research Societies and legal systems also have to deal with issues of body ownership A comparison is made between specific legal arrangements in The Netherlands and France as examples of legal approaches In the final section of the book different theoretical perspectives on the human body are analyzed libertarian personalist deontological and utilitarian theories of body ownership **Art, Education, and the Democratic**

Commitment D.T. Schwartz,2013-03-14 In reflecting on this book and the process of writing it the most pervasive theme I find is that of confluence I drew much of the energy needed to write the book from the energy that resides at the confluence or nexus of contrasting ideas At the most general level the topic of arts subsidy offered a means of exploring simultaneously two of my favorite philosophical subjects aesthetics and politics The risk of a dual focus is of course that you do neither topic justice However the bigger payoff of this strategy resides in finding new and interesting connections between two otherwise disparate topics Developing such connections between art and politics led directly to many of the book's positive arguments for subsidy At a deeper level the book exploits a confluence of contrasting philosophical methodologies The central problem of the book politically justifying state support of the arts is cast in the Anglo American tradition of analytical philosophy Here normative arguments of ethics and politics are scrutinized with an eye toward developing a defensible justification of state action Yet while the book initially situates the subsidy problem within this analytical tradition its positive arguments for subsidy draw heavily from the ideas and methods of Continental philosophy Rather than adjudicating normative claims of ethical and political truth the Continental tradition aims at the hermeneutical task of interpreting and describing structures of human meaning **The Market and the State** Michael Moran,Maurice Wright,2016-07-27 The connection between

markets and states is one of the great themes of political science The contributors tackle the theme in uniquely varied ways through the eyes of historians of ideas and analytical political philosophers from the vantage points offered by the market state balance in Latin America Africa and Eastern Europe and through analyses of how states regulate some of the most important sectors of advanced industrial economies **Democracy, Markets and the Commons** Lukas Peter,2021-01-12 How can we overcome the existing political economic and ecological crises that humanity faces With the notion of the commons Lukas Peter argues that this form of social organization can provide answers to the shortcomings of centralized

states and open and competitive markets By building on and going beyond the work of Elinor and Vincent Ostrom he develops an ecological understanding of the commons and human freedom more generally thereby reinterpreting classical thinkers such as John Locke and John Rawls Importantly he does not suggest an end to property states or markets but rather a radical democratization thereof ultimately providing a real alternative for the 21st century *On the Currency of Egalitarian Justice, and Other Essays in Political Philosophy* Gerald A. Cohen, 2011-01-03 G A Cohen was one of the most gifted influential and progressive voices in contemporary political philosophy At the time of his death in 2009 he had plans to bring together a number of his most significant papers This is the first of three volumes to realize those plans Drawing on three decades of work it contains previously uncollected articles that have shaped many of the central debates in political philosophy as well as papers published here for the first time In these pieces Cohen asks what egalitarians have most reason to equalize he considers the relationship between freedom and property and he reflects upon ideal theory and political practice Included here are classic essays such as Equality of What and Capitalism Freedom and the Proletariat along with more recent contributions such as Fairness and Legitimacy in Justice Freedom and Money and the previously unpublished How to Do Political Philosophy On ample display throughout are the clarity rigor conviction and wit for which Cohen was renowned Together these essays demonstrate how his work provides a powerful account of liberty and equality to the left of Ronald Dworkin John Rawls Amartya Sen and Isaiah Berlin

Public Reason and Political Community Andrew Lister, 2013-10-24 Public Reason and Political Community defends the liberal ideal of public reason against its critics but as a form of moral compromise for the sake of civic friendship rather than as a consequence of respect for persons as moral agents At the heart of the principle of public justification is an idealized unanimity requirement which can be framed in at least two different ways Is it our reasons for political decisions that have to be unanimously acceptable to qualified points of view otherwise we exclude them from deliberation or is it coercive state action that must be unanimously acceptable otherwise we default to not having a common rule or policy on the issue at hand Andrew Lister explores the anti perfectionist dilemma that results from this ambiguity He defends the reasons model on grounds of the value of political community and applies it to recent debates about marriage

Ethics of Consumption David A. Crocker, Toby Linden, 1998 Contains 27 essays which discuss the impact of consumption on the global environment quality of life and international justice Examines consumption behaviour including both motives and practices

The Theory and Practice of Self-ownership Robert Smallman Taylor, 2002

Political Philosophy: The Basics Bas van der Vossen, 2024-10-01 This book offers an introduction to political philosophy the study of the role of government in our lives It discusses what political philosophy is about its most important and enduring questions and how to do political philosophy well Throughout the book discusses issues such as Do we have a moral obligation to obey the law What s the value of equality What s the nature of justice How can we answer philosophical questions about politics Is political philosophy a form of activism Or is it more like a science

Written in an inviting and accessible style *Political Philosophy The Basics* offers an ideal starting point for anyone wishing to learn more about the philosophical study of politics

The Dialectics of Liberty Chris Matthew Sciabarra, Edward W. Younkins, Roger E. Bissell, 2019-06-04 This collection of essays explores the ways in which the defense of liberty can be bolstered by use of a dialectical method that is a mode of analysis devoted to grasping the full context of philosophical cultural and social factors requisite to the sustenance of human freedom Its strength lies in the variety of disciplines and perspectives represented by contributors who apply explicitly dialectical tools to a classical liberal libertarian analysis of social and cultural issues In its conjoining of a dialectical method typically associated with the socialist left to a defense of individual liberty typically associated with the libertarian right this anthology challenges contemporary attitudes on both ends of the political spectrum Though this conjunction of dialectics and liberty has been explored before in several works including a trilogy of books written by one of our coeditors Chris Matthew Sciabarra this volume will be the first one of its kind to bring together accomplished scholars in political science economics philosophy aesthetics psychology law history education and rhetoric

The Libertarian Idea Jan Narveson, 2001-03-05 Libertarianism is both a philosophy and a political view The key concepts defining Libertarianism are Individual Rights as inherent to human beings not granted by government a Spontaneous Order through which people conduct their daily interactions and through which society is organized independent of central government direction the Rule of Law which dictates that everyone is free to do as they please so long as they do not infringe upon the rights of others a Divided and Limited Government checked by written constitution Free Markets in which price and exchange is agreed upon mutually by individuals Virtue of Production whereby the productive labour of the individual and any translation of that labour into earnings belongs by right to the individual who should not have to sacrifice those earnings to taxes and Peace which has throughout history most commonly been disrupted by the interests of the ruling class or centralized government

Economic Analysis, Moral Philosophy, and Public Policy Daniel Hausman, Michael McPherson, Debra Satz, 2017 This book shows how careful attention to moral reasoning can enrich economic understanding and clarify the importance and the limits of an economic analysis of policy problems

Ownership And Justice Volume 27 Part 1 Social Philosophy And Policy Introduction

In the digital age, access to information has become easier than ever before. The ability to download Ownership And Justice Volume 27 Part 1 Social Philosophy And Policy has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Ownership And Justice Volume 27 Part 1 Social Philosophy And Policy has opened up a world of possibilities. Downloading Ownership And Justice Volume 27 Part 1 Social Philosophy And Policy provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Ownership And Justice Volume 27 Part 1 Social Philosophy And Policy has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Ownership And Justice Volume 27 Part 1 Social Philosophy And Policy. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Ownership And Justice Volume 27 Part 1 Social Philosophy And Policy. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Ownership And Justice Volume 27 Part 1 Social Philosophy And Policy, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Ownership And Justice Volume 27 Part 1 Social Philosophy And Policy has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of

free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Ownership And Justice Volume 27 Part 1 Social Philosophy And Policy Books

1. Where can I buy Ownership And Justice Volume 27 Part 1 Social Philosophy And Policy books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Ownership And Justice Volume 27 Part 1 Social Philosophy And Policy book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Ownership And Justice Volume 27 Part 1 Social Philosophy And Policy books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Ownership And Justice Volume 27 Part 1 Social Philosophy And Policy audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
