Joyce and Company David Pierce, 2006-03-23 Joyce and Company is a comparative study which encourages a way of thinking about Joyce not as an isolated figure but as someone who is best understood in the company of others whether from the past the present or indeed the imagined future Throughout Pierce places Joyce and his time in dialogue with other figures or different historical periods or languages other than English In this way Joyce is seen anew in relation to other writers and contexts The book is organised in four parts Joyce and History Joyce and Language Joyce and the City and Joyce and the Contemporary World Pierce emphasises Joyce's position as both an Irish and a European writer and shows Joyce's continuing relevance to the twenty first century not least in his commitment to language culture and a discourse on freedom

authors such as Pater Ruskin Proust Mark Rutherford George Gissing and A C Benson He goes on to look at writers experimenting further with autobiografiction as Impressionism turns into Modernism juxtaposing detailed and vivacious readings of key Modernist texts by Joyce Stein Pound and Woolf with explorations of the work of other authors including H G Wells Henry James Joseph Conrad Ford Madox Ford and Wyndham Lewis whose experiments with life writing forms are no less striking The book concludes with a consideration of the afterlife of these fascinating experiments in the postmodern literature of Nabokov Lessing and Byatt Self Impression sheds light on a number of significant but under theorized issues the meanings of autobiographical the generic implications of literary autobiography and the intriguing relation between autobiography and fiction in the period
