## Naar Christelijke Democratie:

**De toekomst van de christen-democratie in Nederland**, 2010 **Proeve eener theorie der economie naar christelijke belijdenis** Johan Alexander Nederbragt, 1921 Christian Democracy in the European Union, 1945/1995 Emiel Lamberts, 1997 The authors investigate the influence of Christian Democratic parties on political institutions parliamentary democracy and European integration and socio economic structures the collective bargaining economy and the welfare state *De Christelijke arbeidersbeweging in België* Emmanuel Gerard, 1991 *Class and Other Identities* Lex Heerma van Voss, Marcel van der Linden, 2002 With the onset of a more conservative political climate in the 1980s social and especially labour history saw a decline in the popularity that they had enjoyed throughout the 1960s and 1970s This led to much debate on its future and function within the historical discipline as a whole Some critics declared it dead altogether Others have proposed a change of direction and a more or less exclusive focus on images and texts The most constructive proposals have suggested that labour history in the past concentrated too much on class and that other identities of working people should be taken into account to a larger extent than they had been previously such as gender religion and ethnicity Although class as a social category is still as valid as it has been before the questions now to be asked are to what extent non class identities shape working people's lives and mentalities and how these are linked with the class system In this volume some of the leading European historians of labour and the working classes address these questions Two non European scholars comment on their findings from an Indian resp American point of view The volume is rounded off by a most useful bibliography of recent studies in European labour history class gender religion and ethnicity *Antirevolutionaire bedenkingen tegen democratie medegedeeld aan Dr. A. **Middenstandsbeweging en beleid in België** Peter Heyrman, 1998 *Tussen observatie en participatie* D. Th Kuiper, 2002 'Ruggen recht, heren!' Alexander van Kessel, 2003 **Cultuur & Lichaam** Paul Voestermans, Theo Verheggen, 2007-05-21 I was deeply impressed by this book It is a fresh and original analysis of cultural psychology there is nothing like this on the market the argument is so clear and the material so well constructed that one can't help but argue with the authors at the same time as one is urging them on In one fell swoop they take on the trend to evolutionary psychology the worst of social psychology integrate little known facts with the better known make a plea for the centrality of the body and a practice orientation to psychology explain religious tolerance and intolerance add aging to the mix and come out with a coherent picture of the relation between culture and psychology Brilliant really Professor Henderikus Stam University of Calgary The book is in one word a gem Compared to the many books in the cultural studies field this book reaches far deeper and higher Tom ter Bogt professor Music and Youth Culture Utrecht University The book is written in a lively stimulating provocative style It draws on a wide variety of disciplines apart from psychology sociology anthropology history religious studies philosophy etc as indeed any good book about culture should Indeed this multidisciplinary

perspective is perhaps the book's main strength David Ingleby Professor of Intercultural Psychology Utrecht University This book presents both an innovative theoretical account of the persistence of behavioural patterns and an intriguing and detailed analysis of five central areas of cultural problem solving Both theory and empirical analysis are coherent and consistent and complicated issues usually are clarified by many well chosen examples that can easily be related to current cultural themes and debates Moreover the book is written in a fluent style Ruud Abma Professor of Social Science Utrecht University Een dreigende toekomst en de weg ter ontkoming J. Kuiper, 1896 Philosophia reformata, 2005 The Everyday Nationalism of Workers Maarten Van Ginderachter, 2019-07-23 The Everyday Nationalism of Workers upends common notions about how European nationalism is lived and experienced by ordinary people and the bottom up impact these everyday expressions of nationalism exert on institutionalized nationalism writ large Drawing on sources from the major urban and working class centers of Belgium Maarten Van Ginderachter uncovers the everyday nationalism of the rank and file of the socialist Belgian Workers Party between 1880 and World War I a period in which Europe experienced the concurrent rise of nationalism and socialism as mass movements Analyzing sources from not just about ordinary workers Van Ginderachter reveals the limits of nation building from above and the potential of agency from below With a rich and diverse base of sources including workers propaganda pence ads that reveal a Twitter like transcript of proletarian consciousness the book shows all the complexity of socialist workers ambivalent engagement with nationhood patriotism ethnicity and language By comparing the Belgian case with the rise of nationalism across Europe Van Ginderachter sheds new light on how multilingual societies fared in the age of mass politics and ethnic nationalism *Arthur Verhaegen, 1847-1917* Jan de Maeyer, 1994 Arthur Thodore Verhaegen Brussel 31 augustus 1847 Elsene 5 september 1917 was een Belgische architect en politicus voor de Katholieke Partij Arthur Verhaegen was een kleinzoon van Pierre Thodore Verhaegen 1796 1862 zelf een van de stichters van de Universit Libre de Bruxelles en een boegbeeld van het antiklerikale liberalisme in België In vele opzichten werd hij de tegenpool van zijn grootvader Hij was de exponent van een verontruste elite die zich terugtrok achter de veilige muren van neomiddeleeuwse kerken en kastelen waaraan hij als neogotisch architect en glazenier zelf gestalte gaf Hij engageerde zich in het antiliberaal ultramontisme en volgde de wending van de Kerk naar het volk Hij wilde de duale liberale samenleving vervangen door een centrumgerichte corporatief geïnspireerde maatschappij waarin de belangen van de Kerk en de elites werden beveiligd Hij was de peetvader van de Gentse Antisocialistische Werkliedenbond stichter van de krant Het Volk en een van de protagonisten van de Oostvlaamse Landbouwersbond Als voorzitter van de Belgische Volksbond en als volksvertegenwoordiger 1900 1917 streefde hij naar een beheerste christen democratie wat hem zowel met de Daensisten als met hun fervente tegenstander Charles Woeste in conflict bracht Jan De Maeyer brengt een magistrale biografie van deze veelzijdige en invloedrijke figuur Op basis van een indrukwekkende documentatie belicht hij met de precisie van een miniaturist alle facetten uit het leven van deze architect organisator en politicus Hij portretteert hem

evenzeer als zakenman echtgenoot huisvader en vriend Via deze studie die zich op het raakvlak bevindt van de sociaal politieke geschiedenis en de mentaliteitsgeschiedenis krijgt men niet enkel een ongemeen boeiend beeld van de sociaalvoelende aristocraat Arthur Verhaegen maar ook van de Belgische samenleving in de overgangperiode naar de burgerlijke democratie **Nederlandsche katholieke stemmen** ,1903 **Katholiek sociaal weekblad** ,1908 **De komst van de massademocratie** Eric Van de Castele,2024-07-16 De komst van de massademocratie biedt een oriënterende geschiedenis van de Zuidelijke Nederlanden van de late middeleeuwen tot de vooravond van de Eerste Wereldoorlog toen de weg naar de massademocratie geplaveid werd Naast historische gebeurtenissen is er ook aandacht voor denkstromingen en ideologieën als het humanisme de verlichting het conservatisme het socialisme het liberalisme en de christendemocratie Samen met De weg naar een federaal land vormt dit boek een algemeen en multidisciplinair overzicht van de geschiedenis van het huidige België met aandacht voor de Europese context Education in Conflict Ina ter Avest,2009 Under what conditions is it possible for people with different outlooks on life and different ethnic backgrounds to live together in peace In the Netherlands as in other European countries this question has been at the centre of public debate for some time and recently has focused in particular on religious diversity There are several positions but they all see differences between groups as an essential problem In this book the authors take a different approach The term conflict literally means clashing together from the Latin *confligere* to strike together Wherever people come together their interests and beliefs are sure to clash And conversely clashes only occur when there is something shared to quarrel about Whether we like it or not living with each other means clashing with each other Five Dutch researchers share their exploration of the paradoxical situation that we cannot survive without the other because we only really learn about ourselves when we come into contact with others At the same time it is problematic to live with the other since our lives clash with the life of the other and we try to shield ourselves and draw boundaries How to live in difference and not be indifferent to the other That's the question **Strijd om de moderniteit** Staf Helleman,1990
