**The Christian Marriage** Chris S. Sherrerd,2003      *Land of Childhood's Fears - Faith, Friendship, and the Vietnam War* David Todeschini,2005-04-30 The author s experience with the Medical Civic Action Program and the corruption and evil aspects of the war Operation Phoenix drugs My Lai and a new theory on the assassination of John F Kennedy Transcripts of Vet s Rap Sessions heart breaking and heart warming poetry PTSD and the decline of morality in American society since that war      **The Last and Greatest Battle** John Bateson,2015 In The Last and Greatest Battle the first book devoted exclusively to the problem of military suicides John Bateson brings this neglected crisis into the spotlight

[From the Point to the Cross](#) Den Slattery,2004-03-14 From the Point to the Cross is the story of one mans journey to a war torn country on the other side of the world and back Its also about finding meaning and purpose in life The book chronicles the authors adventures throughout his 26 years in the military and the lessons about life that he learned along the way Many people have been touched by Dens story It has been aired on over 500 radio stations around the world From the Point to the Cross is Great Merlin Carothers Best selling author with over 10 million books in print After reading From the Point to the Cross I was inspired to change my life Jerry Altimus Former pointman in Vietnam I enjoyed Dens book greatly It is excellent Dr Rose Sims College Professor author The text is riveting Major Jim Wilson US Army Retired I loved Dens book It would make a great movie Bill Honer Stock Broker I read Dens book and then went out and bought two more copies to give away Peggy Sprague Farmers wife      **Biblical Counsel** ,1993      [The Just Friends Syndrome](#) Johnny L. Williams,2005-10 Charts a hapless young man s relationships with nine women eight of whom give him the dreaded just friends speech      *The Morenci Marines* Kyle Longley,2015-06-15 In 1966 nine young men left the Arizona desert mining camp of Morenci to serve their country in the far flung jungles of Vietnam in danger zones from Hue to Khe Sanh Ultimately only three survived Each battled survivor s guilt difficult re entries into civilian life and traumas from personally experiencing war and losing close friends along the way Such stories recurred throughout America but the Morenci Marines stood out ABC News and Time magazine recounted their moving tale during the war and in 2007 the Arizona Republic selected the Morenci Nine as the most important veterans story in state history Returning to the soldiers Morenci roots Kyle Longley s account presents their story as unique by setting and circumstance yet typical of the sacrifices borne by small towns all across America His narrative spotlights a generation of young people who joined the military during the tumultuous 1960s and informs a later generation of the hard choices made

many with long term consequences The story of the Morenci Marines also reflects that of their hometown a company town dominated by the Phelps Dodge Mining Corporation where the company controlled lives and the labor strife was legendary The town s patriotic citizens saw Vietnam as a just cause moving Clive Garcia s mother to say He died for this cause of freedom Yet while their sons fought and sent home their paychecks Phelps Dodge sought to destroy the union that kept families afloat pushing the government to end a strike that it said undermined the war effort Morenci was also a place where cultures intermingled and the nine friends included three Mexican Americans and one Native American Longley reveals how their backgrounds affected their decisions to join and also helped the survivors cope with Mike Cranford racing his Harley on back roads at high speeds while Joe Sorrelman tried to deal with demons of war through Navajo rituals Drawing on personal interviews and correspondence that sheds new light on the Morenci Nine Longley has written a book as much about loss grief and guilt as about the battlefield It makes compelling reading for anyone who lived in that era and for anyone still seeing family members go off to fight in controversial wars **Crisis and Chaos** Colleen McCarty-Gould,1998

Posttraumatic Stress Disorder is marked by symptoms following exposure to extreme trauma For loved ones of combat veterans unable to shake the grip of war the homefront is indeed a battlefield For many families the memories of the departure and all the plans and hopes for tomorrow are shattered when the loved one returns He comes home but he s different He returns from that faraway place but yet a part of him seems to be there still thousands of miles away For centuries societies have shipped their youth off to war fully expecting them to return home the same to pick up where they left off to carry on and to fit in Though this extraordinary book focuses on the uniqueness of war and PTSD the disorder is also associated with other large scale traumas like natural disasters and personal traumas like rape sexual abuse and domestic violence Although the severity of the veteran s trauma and therefore the effects of that trauma vary from home to home certainly one principle universally applies Young people who see or participate in the atrocities of combat do not come out of the experience unscathed This unique book brings their plight home *Comics, Trauma, and the New Art of War* Harriet E. H. Earle,2017-06-19 Conflict and trauma remain among the most prevalent themes in film and literature Comics has never avoided such narratives and comics artists are writing them in ways that are both different from and complementary to literature and film In *Comics Trauma and the New Art of War* Harriet E H Earle brings together two distinct areas of research trauma studies and comics studies to provide a new interpretation of a long standing theme Focusing on representations of conflict in American comics after the Vietnam War Earle claims that the comics form is uniquely able to show traumatic experience by representing events as viscerally as possible Using texts from across the form and placing mainstream superhero comics alongside alternative and art comics Earle suggests that comics are the ideal artistic representation of trauma Because comics bridge the gap between the visual and the written they represent such complicated narratives as loss and trauma in unique ways particularly through the manipulation of time and experience

Comics can fold time and confront traumatic events be they personal or shared through a myriad of both literary and visual devices As a result comics can represent trauma in ways that are unavailable to other narrative and artistic forms With themes such as dreams and mourning Earle concentrates on trauma in American comics after the Vietnam War Examples include Alissa Torres s American Widow Doug Murray s The Nam and Art Spiegelman s much lauded Maus These works pair with ideas from a wide range of thinkers including Sigmund Freud Mikhail Bakhtin and Fredric Jameson as well as contemporary trauma theory and clinical psychology Through these examples and others Comics Trauma and the New Art of War proves that comics open up new avenues to explore personal and public trauma in extraordinary necessary ways *The Hump* Al Conetto,2015-10-16 Operation Hump the first major battle between the U S Army and the Viet Cong and North Vietnamese forces took place November 5 9 1965 in South Vietnam s War Zone D Known as The Hump it would change the nature of the war escalating it from a hit and run guerrilla conflict to a bloody contest between Communist main force units and American commands of battalion size or larger This memoir of an Operation Hump survivor begins with the sequence of events leading up to the battle from the French defeat at Dien Bien Phu in 1954 Drawing on official Army documents and the recollections of fellow combatants the author not only describes the battle in detail but explains the war s basis in fabrications at the highest levels of the U S government His experiences with PTSD after the war and his eventual return to Vietnam in the 1990s are included **A Man's Torn Heart** Alan E. Lobdell,2006 **Professors Who Believe** Paul M.
