*European-East Asian Borders in Translation* Joyce C.H. Liu, Nick Vaughan-Williams, 2014-08-21. *European East Asian Borders* is an international transdisciplinary volume that breaks new ground in the study of borders and bordering practices in global politics. It explores the insights and limitations of border theory developed primarily in the European context to a range of historical and contemporary border related issues and phenomena in East Asia. The essays presented here question rather than assume the various borders between inclusion/exclusion here there us them that condition the impossibility of translating between histories, cultures and identities. Contributors suggest that the act of translation offers new ways of thinking about how border logics operate, taking on the concept of translation itself as border problematic and therefore raising questions of power and authority such as who gets to act as a translator or who benefits from the outcome. The book will appeal not only to upper level students and scholars with a geopolitical/historical interest in East Asia but also to those who work in the interdisciplinary field of border studies and others with an interest more generally in translation and the extent to which theory travels across time and space.

*Weill's Musical Theater* Stephen Hinton, 2012-04-10. This book the first scholarly consideration of Weill's complete output of stage works is without doubt the most important critical study of the composer's oeuvre to date in any language. Hinton's scholarship is superior and his insights original and illuminating. The product of several decades of engagement with Weill's works, their sources and reception as well as the secondary literature, the book is a stunning achievement. Brilliantly conceived and executed, it will take its place as one of the cornerstones of Weill studies.

Kim H. Kowalke, University of Rochester and President Kurt Weill Foundation for Music. In *Weill's Musical Theater: Stages of Reform* Stephen Hinton reminds us that Kurt Weill was always a revolutionary. The composer's insistent dedication to a provocative, constantly evolving lyric theater that spoke directly to audiences meant that Weill remained as controversial as he was popular. The celebrity that endeared him to Broadway made him anathema in Berlin. Some sixty years after Weill's death, Hinton is finally able to demonstrate the consistent brilliance, theatrical power and coherence of a composer who revolutionized every genre he touched or used and whose collaborators read as a who's who of twentieth century theater.

David Savran, author of *Highbrow Lowdown: Theater, Jazz and the Making of the New Middle Class*. Stephen Hinton presents us with an image of Weill that is at once monumental yet still alive. A truly Protean figure, Weill is not an easy man to grasp in his totality. Brecht once wrote that a man thrown into water will have to develop webbed feet and as a refugee from Nazi Germany, Weill had to become a cultural amphibian. But in *Weill's Musical Theater* we see the composer from every angle.

through the gaze of countless critics and reviewers through Weill's own eyes and finally through the filter of Hinton's judicious focused prose This account will stand Daniel Albright author of *Untwisting the Serpent Modernism in Music Literature and Other Arts* *Intimate Companions* David Leddick, 2015-11-24 Leddick makes a strong case for why his subjects remain vital and important American artists Publishers Weekly Photographer George Platt Lynes painter Paul Cadmus and critic Lincoln Kirstein played a major role in creating the institutions of the American art world from the late 1920s to the early 1950s The three created a remarkable world of gay aesthetics and desire in art with the help of their overlapping circle of friends lovers and collaborators Through hours of conversation with surviving members of their circle and unprecedented access to papers journals and previously unreleased photos David Leddick has resurrected the influences of this now vanished art world along with the lives and loves of all three artists in this groundbreaking biography *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1969 **Fiction, Film, and Faulkner** Gene D. Phillips, 1988 Fiction Film and Faulkner The Art of Adaptation Secrets Beyond the Door Maria Tatar, 2004 Maria Tatar analyses the many forms the tale of Bluebeard's wife has taken over time showing how artists have taken the Bluebeard theme and revived it with their own signature twists **Catalog of the Theatre and Drama Collections** New York Public Library. Research Libraries, 1967 **British Writing from Empire to Brexit** Robert Spencer, Howard J. Booth, Anastasia Valassopoulos, 2025-02-27 This introduction to British literature from 1900 to 2021 looks at British writing from the perspective of the 2016 Brexit vote and its seismic repercussions The book covers a wide variety of British literature in order to expose the cultural and political history of Britain its repeated challenges and highly class bound patriarchal structure British Writing from Empire to Brexit Writing Identity and Nation offers a stark view of what British culture has come to represent and the repercussions Not shying away from discussions around imperialism nationalism and racism Robert Spencer Howard J Booth and Anastasia Valassopoulos offer a radical deconstruction of what Britishness can and should mean promoting a convincing and accessible way to rethink the texts and field The authors analyse novels poetry and prose which amplify the dissentient and dissident perspectives of women gender non conforming and queer authors as well as the varied viewpoints and insights of working class immigrant postcolonial Black and Asian writers showing how these works open up post national futures after empire and after Brexit Ultimately offering a model to rescue Britain from its current crises and anxieties this book is an essential read for anyone approaching the study of British literature and culture as well as those working on postcolonial studies decolonisation recent British history and politics or with an interest in empire and Brexit
