without going into particulars that the First Consul or Emperor began his career at Toulon where his genius first attracted attention At the Restauration royalists who had served at Toulon published accounts of the siege which with regard to the role of Bonaparte had rather the opposite tendency About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Catalogue général des livres imprimés de la Bibliothèque nationale** Bibliothèque nationale (France),Bibliothèque nationale (France).
