History and Culture at Museums and Historic Sites Max A. van Balgooy,2014-12-24 In this landmark guide nearly two dozen
essays by scholars educators and museum leaders suggest the next steps in the interpretation of African American history
and culture from the colonial period to the twentieth century at history museums and historic sites This diverse anthology
addresses both historical research and interpretive methodologies including investigating church and legal records using
social media navigating sensitive or difficult topics preserving historic places engaging students and communities and
strengthening connections between local and national history Case studies of exhibitions tours and school programs from
around the country provide practical inspiration including photographs of projects and examples of exhibit label text
Highlights include Amanda Seymour discusses the prevalence of false nostalgia at the homes of the first five presidents and
offers practical solutions to create a more inclusive nuanced history Dr Bernard Powers reveals that African American church
records are a rich but often overlooked source for developing a more complete portrayal of individuals and communities Dr
David Young executive director of Cliveden uses his experience in reinterpreting this National Historic Landmark to identify
four ways that people respond to a history that has been too often untold ignored or appropriated and how museums and
historic sites can constructively respond Dr Matthew Pinsker explains that historic sites may be missing a huge opportunity
in telling the story of freedom and emancipation by focusing on the underground railroad rather than its much bigger upper
ground counterpart Martha Katz Hyman tackles the challenges of interpreting the material culture of both enslaved and free
African Americans in the years before the Civil War by discussing the furnishing of period rooms Dr Benjamin Filene
describes three micro public history projects that lead to new ways of understanding the past handling source limitations
