Car Special Editions Duncan Scott Brown, 2021-08-15 Get one before one gets you Motion Performance's catchy sales pitch for builder Joel Rosen's Phase III Specialty Muscle Cars sums up the escalating performance scene in the late 1960s. Special edition muscle cars were essential to keep pace. Joel and other independent car builders such as Carroll Shelby, George Hurst, Dick Harrell, Mr. Norm, and Jim Wangers did what the factories couldn't do: take the muscle car and turn it into a tire-burning monster. Although the Pontiac GTO established the muscle car category in 1964, a host of corporate safety restrictions restrained factories from offering turn-key race cars off the showroom floor. Independent car builders enhanced appearance and amplified performance in an attempt to do what the manufacturers wouldn't. Motion Performance issued a written guarantee: Phase III cars would run 11.5 at 120 mph down the quarter mile. Some of the most iconic nameplates in automotive history were applied in this era, with names that included Cheetah, Black Panther, Royal Bobcat, Super Huffer, Manta Ray, Super Snake, Deuce Fast Track, and The Machine. How did manufacturers stealthily promote these special edition muscle cars as halo cars while pretending not to endorse them? What happened to these innovators when factories assimilated their ideas? It's all covered inside. Muscle car historian Duncan Brown takes us through these special edition muscle cars, their creators, and the behind-the-scenes forces that shaped these wild beasts into legends that left a lasting legacy. **Sports Car Market magazine - July 2008**, Paperbound Books in Print, 1984 **Incredible LEGO**

Boss Mustang 50 Years: a fully expanded version of Mustang Boss 302 includes the complete history of its creation, racing, and street histories of both the 302 and 429 models, and photos and interviews with Boss Mustang designers, engineers, racers, and more. Of all the legendary names in the history of the Ford Mustang, one stands apart: Boss. Originally created to homologate the new Boss 302 engine and option package for SCCA Trans-Am racing, the Mustang Boss 302 debuted for the 1969 model year and was built in limited numbers for the street through 1970. This book features never-before-seen production and racing photography, interviews with designers and engineers, and keen insight from author Donald Farr, a renowned Ford historian and Ford Hall of Fame inductee. Designed by the legendary Larry Shinoda, the Boss cars were easily distinguished from their less potent stablemates by their race-bred powerplant, standard front spoiler, and bold graphics. In 2012, Ford at long last revived this most revered of all Mustang models. With a new racing

counterpart and a modern street version that delivers more than 440 horsepower the Boss was truly back In 2013 Ford rolled out the Boss one more time In Boss Mustang 50 Years Mustang historian Donald Farr offers a complete history of the car from its late 1960s origins in Ford s boardrooms through its Trans Am successes and untimely demise in 1970 up to the conception and development of the spectacular limited edition 2012 and 2013 Boss Mustangs Packed with brilliant photography and firsthand accounts from the people who created the original Boss as well as the team that resurrected Ford s most iconic Mustang for the 21st century this is the story every Mustang enthusiast has been waiting to read **Mustang**
