Postmodern Philosophy Carl Olson,2000-08-24 This book examines and compares the philosophical positions of various postmodern thinkers and Zen Buddhist philosophers on language and play modes of thinking skepticism and doubt self and other time and death nihilism and metaphysics and the conception of the end of philosophy The Zen thinkers dealt with are Dogen and Nishitani and the Western thinkers are Derrida Lacan Heidegger Lyotard Foucault Deleuze and Guatarri Kristeva and Levinas Although each share similar notions concerning the shortcomings of representational thinking major differences still exist By clarifying these differences Olson counters the tendency to overtly assert or covertly imply that postmodern and Zen philosophies are moving in the same direction Some postmodern thinkers and Zen Buddhist philosophers share common philosophical ground with regard to a mutual philosophical attack and attempt to overcome the perceived shortcomings of the representational mode of thinking that conceives of the mind like a mirror and assumes a correspondence between appearance and reality that is supported by a metaphysical structure **Work from the Inside Out** Nancy O'Hara,2001

Everyone hopes for a rewarding and fulfilling career but the day to day reality can be just the opposite The routine of our

jobs office politics and problematic projects can often be the cause of frustration worry and disappointment The quest to find personal satisfaction much less pride in our work can be daunting It doesn't have to be that way According to Nancy O'Hara we can find meaning in our jobs but the first thing we have to do is look within ourselves Grounded in principles of Zen Buddhism and full of real life stories *Work from the Inside Out* presents a simple plan to reclaim your job and your life and ultimately find the ability to truly love what you do **The Zen Art Book** Stephen Addiss, John Daido Loori, 2009 When a Zen master puts brush to paper the resulting image is an expression of the quality of his or her mind It is thus a teaching intended to compassionately stop us in our tracks and to compel us to consider ultimate truth Here forty masterpieces of painting and calligraphy by renowned masters such as Hakuin Ekaku 1685-1768 and Ghibon Sengai 1750-1837 are reproduced along with commentary that illuminates both the art and its teaching The authors' essays provide an excellent introduction to both the aesthetic and didactic aspects of this art that can be profound perplexing serious humorous and breathtakingly beautiful often all within the same simple piece Publisher description [The Publishers Weekly](#) ,2007
