OZZIE ALBIES

ATLANTA • 2B

Albies makes friends easily thanks to his magnetic personality, but it's another trait that makes him a favorite of Atlanta pitchers. They simply love his glove. Always ready to assist his mound mates with an incessant reel of defensive stops, the All-Star second baseman keeps runners off base and runs off the board.

Ozzie And His Brave Amen:

Ozzie and His Brave Amen Be Not Afraid Children's Stories,2013-12 My life has revolved around airplanes since I was fourteen years old It didn't come as a surprise to me when my three sons all decided to become commercial pilots I never remember encouraging any of them to pursue a flying career In fact I may have suggested alternatives but that didn't stop them from doing the one thing that was completely natural to them All my children including my three daughters grew up reading maps Each took their turn sitting in the co pilot seat acting as the navigator Their navigation skills were superior to many of the pilots that I hired On one occasion my oldestson John had to map read for a pilot who got lost when he decided to fly over a fog bank When the fog finally cleared they were about twenty miles beyond their destination Raney Lake There were no recognizable lakes in sight John spotted a village on a lake and they landed to ascertain their whereabouts Once they had established their location John easily navigated them back to Raney Lake That same pilot never did learn to read a map and eventually got stranded for several days on a lake near James Bay When John completed his commercial license in the spring of 1972 he hadn't yet trained on the Beaver and we needed another Beaver pilot immediately I had confidence that he could learn the skills quickly so I took him with me on a fire patrol in Biscotasing twenty miles south of Chapleau We were stationed there for about four days when I was called back to the base in Chapleau for some other emergency I had an aircraft fly down to pick me up and left John with the Beaver to continue by himself The weather was still very dry and the fire danger was extreme Two days later it began raining to the west and the Beaver was no longer needed for fire patrol By the time John arrived back in Chapleau the storm was very close and the winds were blowing down the river at over 30 mph He landed the Beaver in front of the airbase Then his difficulties began because he couldn't get the aircraft turned downwind to taxi it back to the dock
