The Signs of the Zodiac Analysed Isabelle M. Pagan, 1978 Sexual Personae Camille Paglia, 1991-08-20 The fiery provocative and unparalleled work of feminist art criticism that launched the exceptional career of one of our most important public intellectuals a remarkable book at once outrageous and compelling fanatical and brilliant One must be awed by Paglia's vast energy erudition and wit The Washington Post Is Emily Dickinson the female Sade Is Donatello's David a bit of pedophile pornography What is the secret kinship between Byron and Elvis Presley between Medusa and Madonna How do liberals and feminists as well as conservatives fatally misread human nature This audacious and omnivorously learned work of guerrilla scholarship offers

nothing less than a unified field theory of Western culture high and low since Egyptians invented beauty making a persuasive case for all art as a pagan battleground between male and female form and chaos civilization and daemonic nature With 47 photographs The Survival of Images Louis Rose,2001 In *The Survival of Images* Louis Rose offers an engaging exploration of these changes as they occurred in three key areas of inquiry at the turn of the century art history classics and the emerging field of psychoanalysis Discussing each one s endeavors within a historically rich context *The Survival of Images* offers insights into the concepts and methods that would animate the study of culture for much of the twentieth century BOOK JACKET *Solitary Pagans* Helen A. Berger,2019-08-12 An exploration of the increasingly popular phenomenon of solitary practice within contemporary paganism *Solitary Pagans* is the first book to explore the growing phenomenon of contemporary Pagans who practice alone Although the majority of Pagans in the United States have abandoned the tradition of practicing in groups little is known about these individuals or their way of practice Helen A Berger fills that gap by building on a massive survey of contemporary practitioners By examining the data Berger describes solitary practitioners demographically and explores their spiritual practices level of social engagement and political activities Contrasting the solitary Pagans with those who practice in groups and more generally with other non Pagan Americans she also compares contemporary U S Pagans with those in the United Kingdom Australia and Canada Berger brings to light the new face of contemporary paganism by analyzing those who learn about the religion from books or the Internet and conduct rituals alone in their gardens the woods or their homes Some observers believe this social isolation and political withdrawal has resulted in an increase in narcissism and a decline in morality while others argue to the contrary that it has produced a new form of social integration and political activity Berger posits the implications of her findings to reveal a better understanding of other metaphysical religions and those who shun traditional religious organizations **Witch Hunt** Kristen J. Sollee,2023 Travelling through cities and sites across Italy France Germany Ireland the United Kingdom and the United States Kristen J Sollee explores the places and people significant to the early modern legacy of the witch Between the 15th and 17th centuries a confluence of political economic and religious factors ignited a wildfire of witch hysteria in Europe and later in parts of America At the heart of these witch hunts were often dangerous misconceptions about femininity and female sexuality and women were disproportionately punished as a result Today this lineage of oppression remains a vital reference point in the fight for women s rights and human rights in the Western world and beyond By infusing an adventurous first person narrative with extensive research and moments of imaginative historical fiction Sollee author of *Witches Sluts Feminists* makes an often overlooked period of history come alive Written for armchair travellers and on the ground explorers alike *Witch Hunt* not only uncovers the horrors of history but how the archetype of the witch has been rehabilitated For witches are not just haunting figures of the past the witch is also a liberatory icon and identity of the present Provided by publisher *The Guide to the Perplexed* Moses Maimonides,2024-05-28 A landmark new translation of
