Good morning ladies and gentlemen and welcome to the American Legion's High School Oratorical Scholarship Program - "A Constitutional Speech Contest." My name is _____.

Before we begin the contest, I ask that Legionnaires uncover and everyone please rise for the invocation and remain standing for the Pledge of Allegiance.

INVOCATION IS GIVEN

Our most benevolent God, we thank you for the freedom that we possess in this great country; freedom to come together and share with these young men and women as they deliver their speeches which explore our Constitution. We ask God that you comfort the minds of each speaker and family member who is a part of this contest, giving each the assurance that they are all winners here today. Remind each that through their search for excellence and their presence here today, they bring honor to you, the author of all freedom, to their sponsoring Posts, to their families, and to themselves. The York Mystery Cycle and the Worship of the City Pamela M. King,2006 An investigation into the connections between the York Plays religious observance and the role played by the city itself WINNER of the 2007 David Bevington Prize The York Play is the earliest near complete English civic mystery cycle It evolved constantly throughout its long performance history but the text that was recorded in the York Register shows that it was already a mature and elaborate civic festival by the time it was written down This study uncovers the Cycle s connection with worship in York in the sense both of devotional practice and of civic honour informing a particular period in the cultural history of the city The pageants in the Register show in their different ways how the community which devised and performed the Cycle regarded the celebration of the great summer feast of Corpus Christi Moreover the principles of selection that give the Cycle its structure reflect the broader pattern of the liturgical calendar with its other feasts and fasts The Cycle bears witness not only to the practices of religious observance in York but also to the ecclesiastical politics in which the city was caught up from the very beginning of the fifteenth century PAMELA KING is Professor of Medieval Studies at the University of Bristol

Drama and the Transfer of Power in Renaissance England Martin Wiggins,2012-08-02 The state is at its most volatile when supreme power changes hands This book studies five such moments of transfer in the sixteenth and early seventeenth centuries from Henry VIII to the English

Revolution paying particular attention to the political function and agency of drama in smoothing the transition. Masques and civic pageants served as an art form by which incoming authority could declare its power and subjects could express their willing subordination to the new regime. The book contains vivid case studies of these dramatic works, some of which have never before been identified and the circumstances for which they were written: the use of London street theatre in 1535 to promote Henry VIII's arrogation of Royal Supremacy; the aggressively Protestant court masque of 1559 which marked the accession of Elizabeth I and the censorship which resulted when the same mode of dramatic discourse spread to more plebeian stages; the masques and entertainments of James I's initial year on the English throne through which the new Stuart dynasty asserted its legitimacy and individual courtiers made their bids for influence; and the formal coronation entry to London furnished with dramatic pageants which London paid for but Charles I refused to undertake. The final chapter describes how in 1642 a very different incoming regime planned to ignore drama altogether until some surprisingly contingent circumstances forced its hand.

The Towneley Plays Garrett P J Epp, 2018-02-28 The Towneley plays are a collection of biblical plays in the Huntington Library's MS HM 1, a manuscript once owned by the Towneley family of Towneley Hall, Lancashire. Once thought to constitute a cycle of plays from the town of Wakefield in Yorkshire's West Riding, the collection includes some of the best known examples of medieval English drama, including the much anthologized *Second Shepherd's Play*.

Drama and Resistance Claire Sponsler, Provides a cultural and historical context for medieval popular drama. In *Drama and Resistance*, Claire Sponsler explores the intertwined histories of bodily subjectivity, commodity culture, and theatricality in late medieval England. In a fascinating consideration of popular drama in the period from 1350 to 1520, she argues that many types of performances during this time represented cultural evasions of the imposition of disciplinary power. The medieval theater was a social site where resistance masked from the full scrutiny of authority by theatricality was practiced, articulated, and enacted. Sponsler examines three key discourses of authoritarian bodily and commodity control: clothing laws, conduct literature, and Books of Hours, and pairs them with three kinds of theatrical performances that enact resistance to disciplining codes: Robin Hood performances, morality plays, and Corpus Christi pageants. She considers the contradictions and inconsistencies in the repressive official discourses and analyzes the ways in which the staging of forbidden acts like cross-dressing, social and sexual misbehavior, and violence against the body challenged these discourses. Drawing on recent social theory, *Drama and Resistance* is an important contribution to medieval studies and the history of theater.

The Image of Georgian Bath 1700-2000 Peter Borsay, 2000-07-06 This interdisciplinary study explores the evolution, structure, and uses of the image of Georgian Bath from its genesis in the eighteenth century to its renaissance in the twentieth century. In recent decades, there has been both a popular resurgence of interest in heritage and tradition and a growing academic awareness of the power of imagery in shaping the lives of individuals and societies. There is perhaps no city in Britain so saturated in history and layered with historic imagery as Bath. It therefore provides an ideal case study to

investigate the dynamic fusion and impact of the forces of past and representation The dominant perception of Bath today is that of a classical and particularly Georgian city In this stimulating and scholarly study Peter Borsay examines the construction and development of this image Its principal components biography and architecture are explored together with the media through which it was constructed and transmitted as well as its commercial social political and psychological uses Dr Borsay concludes by relating the findings for Bath to current debates on towns heritage and the nature of history

Drama and Sermon in Late Medieval England Charlotte Steenbrugge, 2017-11-30 This full length study investigates how sermons and vernacular religious drama worked as media for public learning how they combined this didactic aim with literary exigencies and how plays acquired and reflected authority The interrelation between sermons and vernacular drama formerly assumed to be a close one is addressed from historical connections performative aspects and the portrayal of penance The work demonstrates the subtly different purposes and contents and outlines the unique ways in which they operate within late medieval England

Literature, Nationalism, and Memory in Early Modern England and Wales Philip Schwyzer, 2004-10-21 The Tudor era has long been associated with the rise of nationalism in England yet nationalist writing in this period often involved the denigration and outright denial of Englishness Philip Schwyzer argues that the ancient insular and imperial nation imagined in the works of writers such as Shakespeare and Spenser was not England but Britain Disclaiming their Anglo Saxon ancestry the English sought their origins in a nostalgic vision of British antiquity Focusing on texts including *The Faerie Queene* English and Welsh antiquarian works *The Mirror for Magistrates* Henry V and *King Lear* Schwyzer charts the genesis development and disintegration of British nationalism in the sixteenth and early seventeenth centuries An important contribution to the expanding scholarship on early modern Britishness this study gives detailed attention to Welsh texts and traditions arguing that Welsh sources crucially influenced the development of English literature and identity **Celtic Shakespeare** Rory Loughnane, 2016-04-08 Drawing together some of the leading academics in the field of Shakespeare studies this volume examines the commonalities and differences in addressing a notionally Celtic Shakespeare Celtic contexts have been established for many of Shakespeare's plays and there has been interest too in the ways in which Irish Scottish and Welsh critics editors and translators have reimagined Shakespeare claiming connecting with and correcting him This collection fills a major gap in literary criticism by bringing together the best scholarship on the individual nations of Ireland

Scotland and Wales in a way that emphasizes cultural crossovers and crucibles of conflict The volume is divided into three chronologically ordered sections Tudor Reflections Stuart Revisions and Celtic Afterlives This division of essays directs attention to Shakespeare's transformed treatment of national identity in plays written respectively in the reigns of Elizabeth and James but also takes account of later regional receptions and the cultural impact of the playwright's dramatic works The first two sections contain fresh readings of a number of the individual plays and pay particular attention to the ways in which Shakespeare attends to contemporary understandings of national identity in the light of recent history Juxtaposing this material with subsequent critical receptions of Shakespeare's works from Milton to Shaw this volume addresses a significant critical lacuna in Shakespearean criticism Rather than reading these plays from a solitary national perspective the essays in this volume cohere in a wide ranging treatment of Shakespeare's direct and oblique references to the archipelago and the problematic issue of national identity

Making the Latino South Cecilia Márquez, 2023-08-10 In the 1940s South it seemed that non-Black Latino people were on the road to whiteness In fact in many places throughout the region governed by Jim Crow they were able to attend white schools live in white neighborhoods and marry white southerners However by the early 2000s Latino people in the South were routinely cast as illegal aliens and targeted by some of the harshest anti-immigrant legislation in the country This book helps explain how race evolved so

dramatically for this population over the course of the second half of the twentieth century Cecilia M rquez guides readers through time and place from Washington DC to the deep South tracing how non Black Latino people moved through the region s evolving racial landscape In considering Latino presence in the South s schools its workplaces its tourist destinations and more M rquez tells a challenging story of race making that defies easy narratives of progressive change and promises to reshape the broader American histories of Jim Crow the civil rights movement immigration work and culture
