OSTEOPATÍA, Modelos de diagnóstico, tratamiento y práctica ©2007 Jon Parsons,2007 *La V Ley de la Osteopatía*
Alan Bergues,2024-08-29 Andrew Taylor Still el fundador de la Osteopat a dec a que nuestra ciencia es joven pero los principios o leyes que la gobiernan son tan antiguos como Dios y como la vida Conocer esos principios y leyes hace la diferencia entre un oste pata novato y un oste pata de lite entre uno que trata cierto tipo de pacientes y uno que est preparado para todos los pacientes del mundo en todas las situaciones Por eso este libro habla mucho m s de principios y leyes que de t cnicas de mentalidad y de esp ritu que de cadenas lesionales Considerar que la osteopat a ha evolucionado es una verdad a medias nada puede avanzar m s all de sus principios fundacionales Por tanto es hacia ese lugar hacia donde debemos ir es decir regresar un poco m s a lo que ense aba el viejo doctor la g nesis de la Osteopat a Redefinir nuestro paradigma osteop tico moderno es menester para poder llegar a much sima m s gente y ser lo m s eficaz posible Leer este libro te abrir una puerta espiritual a nuestro arte que no se podr cerrar nunca Comenzamos a incursionar los mejores tiempos para nuestra disciplina Ver los mejores y mejores resultados ser parte de nuestra cotidianidad Para eso

necesitamos la V Ley **The V Law of Osteopathy** Alan Bergues,2025-05-15 Andrew Taylor Still the founder of Osteopathy said that our science is young but the principles or laws that govern it are as ancient as God and as life itself Knowing those principles and laws is what makes the difference between a novice osteopath and an elite one between someone who treats a specific type of patient and someone who is prepared to treat all patients in the world in any situation That is why this book speaks much more about principles and laws than about techniques more about mindset and spirit than about lesion chains To say that osteopathy has evolved is only half true nothing can go beyond its foundational principles Therefore that is the direction we must move toward a return to what the old doctor taught the genesis of Osteopathy Redefining our modern osteopathic paradigm is essential if we want to reach many more people and be as effective as possible Reading this book will open a spiritual door to our art that can never be closed again We are entering the best times for our discipline Seeing greater and better results will become part of our everyday reality For that we need the V Law
