Materialising identity Judith Schueler,2025-10-01 Since its opening in 1882 the Gotthard Railway with its 15 kilometer long tunnel under the Gotthard Mountains provides a crucial international link through the Swiss Alps between North Western Europe and Italy In contrast to many other railway lines its symbolic meaning has never sunk into oblivion In Swiss society today references to the Gotthard myth are multifaceted and omnipresent Not only do they evoke images of a technological railway project they also allude to Swiss history alpine nature and national identity Reading this book assists in understanding the old and contemporary discussions about the future of the Gotthard Railway the regions in which it lies and the Swiss national identity Curiosity driven this research combines viewpoints from the history of technology cultural studies and cultural geography to grasp the intensity of the Gotthard as a national Swiss image Whereas the relationship between the Gotthard Mountains and the Swiss national identity has received ample scholarly attention the role of the Gotthard Railway remains largely unexplored To illustrate to what extent historical actors co constructed the railway and Swiss identity the empirical chapters start with an analysis of an engineering discussion about tunneling methods Hereafter the book examines the reactions in Switzerland to the inauguration of the railway line Subsequently it describes the appreciation of the railway line portrayed in travel guides of the belle poque The

last chapter captures the glory days of the Gotthard myth before and during the Second World War with a focus on the novels and plays in which the Gotthard Tunnel construction occurs This historical overview offers insight into the multiple roles that technology plays in the construction of a sense of national identity as well as illustrating how identity has an effect on the appropriation of a technological railway project

FROSTBOUND DESTINY Alex Faircloth,2021-07-26 Nedar is recovering from a ruthless famine stealing the breath away from the young and old King Divine had dragged them from the dismal fate of starvation but had found himself in a new field of desolation A perpetual storm of frost loomed ahead and inched forward the river dividing Nedar from the Frostbound region was the sole barrier between them and the chill s apathetic touch No one would survive the frost as it decimated the last few crops digging their way out of the harsh dirt King Divine is growing older and must name a successor swiftly and there is only one that he trusts more than himself His daughter Clemency Divine a charismatic optimist already won the heart of the masses with her kindness She reluctantly will fight for the title from her brother Konadrin a warmongering brute only wishing to wreak havoc on those who stand in the way of expansion In Nedar to become a royal one must undertake a series of trials testing mental and physical prowess Their brother perished attempting the same trials a year earlier King Divine offered an immense fortune to those who would watch the trials while she took the five day journey to the Temple Several adept venturers took the offer Despite the pressure amounting she had faith she could mend the damage However a nightmare stalked her amidst the haze of the frigid fog It has seen her bright silhouette with its hollow eyes Deep down where a soul once resided it felt Clemency s blood coursing through her The animosity enveloped her soul and threatened to smother the fire burning within her Will she scorch the hand closing in or be snuffed out like a candle The stalker walked in her shadow for too long It would see the light again even if it had to cut her down Mercy is for those not dragged down by the crown
