kingdom as compared to any religion political ideology government system or social program Join me as we explore and understand the precepts and principles of the Kingdom Rediscovering the Kingdom Expanded Edition Myles Munroe,2011-07-28 When governments collapse human philosophies fail and your life is crashing down around you Rediscovering the Kingdom will become your guide through the treacherous storms of the 21st century All of the past ideologies have failed humanism communism totalitarianism fascism socialism and even democracy This is a philosophy an ideology that will not fail for it was bore in the heart of God Himself As Dr Munroe unveils the reality and the power of the Kingdom of God you will be challenged to the core of your religious soul as you discover realities that few have seen let alone talked about Rediscovering the Kingdom will defy almost every concept you have about religion as it shifts the focus away from religion towards the ultimate issue the Kingdom of God In this book you will discover The keys that make the Kingdom function in your life Why religion cannot solve your problems Why governments and world leaders continue to fail us Why religion can never fulfill your deepest desire Why power is the pursuit of all mankind The present and future reality of the Kingdom among us The original message and purpose of Jesus Three Angels, One Message John T. Anderson,2012 Now would be a good time to remember the angels instructions The Three Angels Message comprise only seven of Revelation s 404 verses a tiny percentage of what John the revelator recorded Yet as God s final warning to a world enamored with sin these cryptic messages are highly significant What exactly is God warning the world about though And how is this warning relevant to you considering what is currently happening in our world If it s so important why isn t this portion of Scripture as well known as the Ten Commandments or the golden rule Within these pages John Anderson examines individual words and phrases to decipher clues embedded in the original language and searches the Bible for the context in which each word is used His careful investigation uncovers the veiled meaning of these messages by comparing scripture with scripture and reveals just how urgent God s warning is to every human on this planet today **God'S Intelligent Design for Planet Earth** Mike Morra,2013-12-17 This book is about God the Creator of all from nothingness to beyond the Multiverse from cosmic darkness to spiritual light while surrounding all of His Creation with universal beauty Godless scholars claim their discoveries as the engine of historic progress but in truth it has been the Divine revelation of ideas that have propelled the evolution of Mankind Often we are discovering that the greatest of human genius has been wrong in their attempts to explain the physical basics of existence Likewise their vision of the natural world and the course of cultural spiritual advancement have been flawed Albert Einsteins theories were wrong Even he admitted that his universal constant that attempted to describe the mechanics of Outer Space was a colossal miscalculation The philosophies of the most noteworthy of Greek intellectuals Aristotle Socrates and Plato widely taught today in academia as the pathway to truth have failed to anticipate the Mosaic Moral Order and Gods personal relationship with each human soul Nobel Prize winner Linus Pauling proposed a triple helix for the DNA and he was proven wrong Along with the mathematical limitations posed by Isaac Newton and Rene

Descartes Galileos science atomic theory quantum physics string theory Darwins biology Freuds account of the psyche and many other intellectual gaffes made throughout the Eras have been proven erroneous and or partial truths Has the acquisition of knowledge been a continuous rational phenomenon leading to truth Or will godless reasoning always be imperfect to grasp the Divine complexities of the cosmos Why cant rational mathematics explain the irrational numbers such as the Fibonacci series the Golden Proportion and the triangular ratios of sine cosine and hypotenuse Has Gods wisdom been revealing to scholars the rudiments of His Creation throughout the Eras or have the godless arrogant intellectuals been discovering the created fundamentals of the cosmos as revealed through time by a Higher Power Has the issuing of the Nobel Prize been sacrosanct or simply the rewarding of scientific mistakes and limitations via political cultural correctness Only God and the message of Jesus have perfectly survived to inspire the ideational and spiritual Ages
