**Antioxidants** Thomas Lupich,2013-03-28 ANTIOXIDANTS MIGHTY CANCER WEAPONS describes how large quantities of antioxidants AOs can benefit cancer patients of both orthodox and alternative oncology It explains how and why a super abundance of AOs are able to create an inhospitable terrain for the cancer cells with a potential for their demise It speaks of cancer prevention how AOs positively affect blood flow how they alkalize the body hydrate cells attract oxygen into the cells enhance the conductivity of bodily fluids strengthen the immune system etc It also explains some aspects of the cancer process which readers should find interesting while suggesting the use of certain powerful AOs When his wife was diagnosed with cancer years ago he found himself on a quest to find the best treatments for her Even after she passed away he continued studying His research and strong interest in health and healing approaches gave him greater insights into the world of alternative health and healing Lupich recognized the usefulness of powerful antioxidants to cancer patients His discovery was reinforced by an incident that happened about year ago A member of his family who had metastatic breast cancer for more than eight years and brain cancer for about one year decided to increase her intake of high potency AOs She did so with other supplements for six months At the end of that period she was found to be cancer free Her doctors were flabbergasted at the remission of her cancer This experience motivated Lupich to write his book and expound on the benefits of high potency AOs Groundbreaking and informative ANTIOXIDANTS is filled with practical insights and alternative solutions that offer a new beam of hope to cancer patients and their families [So-Called Alternative Medicine \(SCAM\) for Cancer](#) Edzard Ernst,2021-08-10 Cancer victims are bombarded with misleading information about alternative medicine Many such treatments try to sell false hope at inflated prices and many promise a cure without side effects This book explains why alternative cancer cures are a fallacious concept However it also outlines the important role of alternative medicine in supporting cancer patients and improving their quality of life **Overcoming Cancer** Gary Null,2017-07-18 One word strikes more fear into a person s mind than any other cancer The physical mental emotional and financial toll that comes with a cancer diagnosis is immense and affects not only cancer patients but also families and entire communities The vast majority of individuals who lose the battle against cancer are treated with the standard orthodox therapy These people may never have questioned their oncologists believing that they were in the best possible hands with their physicians advanced education their knowledge of the latest treatments and all the tools of modern research at their disposals In Overcoming Cancer Gary Null explores the alternative treatments that most mainstream doctors will never discuss with their patients Did you know that eating melons balances your body s pH which can help slow the growth of cancer You were aware that fiber is an important part of a healthy diet but did you know that it lowers the risk of breast colorectal uterine and prostate cancers Find health and vitality with Dr Null s five most powerful tools for fighting cancer *Don't Believe What You Think* Edzard Ernst,2020-05-20 So called alternative medicine SCAM is largely useless very few SCAMs demonstrably generate more good than harm Yet SCAM is popular and has grown into a huge business Spending on SCAM in Australia

2016 was estimated to be AUS 3 9bn in the UK 2008 4 5bn and in the US 2012 US 30 2bn Why is something that is expensive and useless nevertheless popular One answer is that consumers are constantly being misled about SCAM Consequently many of us have come to believe things that are quite simply not true Currently over 50 000 000 websites promote SCAM and consumers are being bombarded with information not just via the internet but also via newspapers magazines books and many other sources This situation has the potential of separating us from our cash or even of damaging our health There is little that protects us from greedy SCAM entrepreneurs and over enthusiastic SCAM therapists Therefore we ought to protect ourselves This book offers this protection for anyone who is willing to reconsider their own beliefs It discloses the errors and lies that misled you into believing things about SCAM that are untrue It analyses the many falsehoods used in the promotion of SCAM explains the erroneous thinking behind them and presents the scientific evidence in easily understandable terms In a way Ernst s new book amounts to a course in critical thinking a skill that should prove to be helpful far beyond the realm of healthcare Ernst s previous book was entitled SCAM So Called Alternative Medicine

This book is a comprehensive compilation of over 100 natural and alternative cancer treatments. It is a result of extensive research of the methods cancer victors have used to make themselves cancer-free. Read their stories which is a directory of over 3,000 people who beat their cancer using the treatments described in this book. The objectives of the book are to encourage you to be open-minded and seek ALL the information about your choices of treatments. Be a starting point for your discussions with your doctor or with the qualified licensed physicians who use these treatments in their practices or your chosen natural therapist. Please do not delay in consulting a licensed physician for an opinion if you suspect you have cancer. Be a starting point for your own research so you can make the best informed decisions about your treatment plan. The consensus of the majority of alternative cancer therapists is that the chance of full recovery using alternative therapies is almost 100% with a newly diagnosed condition of early cancer before any traumatic or toxic treatments have been received. Unfortunately by the time most patients consider alternative treatments they have already undergone other treatments. The e-book does not advise you which treatments to choose. It simply provides you with information that you are unlikely to obtain from your doctor or find by yourself. You can make use of the information in discussion with the experts who developed these treatments and with the qualified licensed physicians, therapists and clinics who use them in their practices. **HBS Alumni Bulletin**, 2008.
