some children it is a way of associating with their communities and traditions of faith For others prayer is practised in an individualistic manner Prayer is a way to perceive and respond to the experiences of life It can help in dealing with the challenging emotional states of anxiety loneliness fear anger and guilt It can give hope for the future It provides a way of seeking help for others as well as expressing praise and thanksgiving Vivienne Mountain has a background in teaching and in clinical counselling She lectures in Spirituality and Ministry with Children at Stirling Theological College University of Divinity Australia She has published three books as well as contributing chapters to a number of others and articles for national and international journals *Novena of Inner Healing To Saint Therese of the Child Jesus* Rafael A
