Living Space in Fact and Fiction Philippa Tristram,2024-03-01 First published in 1989 Living Space in Fact and Fiction explores the house both in the real world of the architect and the built environment and in the fictional world of the novelist The role of the house in fact and fiction tells us much about the space we live in while the work of contemporary architects and designers illuminates aspects of the novelist s art Profusely illustrated Living Space takes the history of the house from the Georgian world of Samuel Richardson s Pamela through the works of novelists such as Jane Austen Dickens George Eliot and Henry James up to 1914 when the notion of the house changes its nature Philippa Tristram is concerned not only with the structure and organization of the house but with the inner life lived within it She shows how the subconscious life of the family was transformed over a century and a half revealed in the shape and structure of the home This book will be of interest to students of literature history and architecture [The Bibliographer's Manual of English Literature](#) William Thomas Lowndes,1861 [The American Catalogue of Books, Or English Guide to American Literature, Giving the Full Titles of Original Works Published in the United States Since the Year 1800, with Especial Reference to Works of Interest to Great Britain.
