**Major Decisions** Laurie Grobman, E. Michele Ramsey, 2020-03-13 A practical how to guide for students and a powerful reminder of the value of a humanities education In recent decades the humanities have struggled to justify themselves in the American university The costs of attending a four year college have exploded resulting in intense pressure on students to major in STEM science technology engineering and mathematics business and other pre professional or practical majors that supposedly transmit more marketable skills than can be acquired from the humanities But as Laurie Grobman and E Michele Ramsey argue this vision of humanities majors idly pondering the meaning of life for four years is inaccurate Major Decisions demonstrates how choosing a major in the humanities is a worthwhile investment in a global economy that is shifting in the direction of college graduates who think broadly critically and ethically Indeed the core skills and knowledge imparted by an education in the humanities including facility with written and verbal communication collaboration problem solving technological literacy ethics leadership and an understanding of the human impacts of globalization are immensely useful to employers across a variety of sectors Major Decisions serves as a deeply informative guide to students and parents and provides a powerful reminder to employers and university administrators of the true value of an education in the humanities

**Does ASEAN Matter?** Marty Natalegawa, 2018-07-16 Written by the highly regarded diplomat Marty Natalegawa former ambassador and foreign minister of Indonesia this book offers a unique insider perspective on the present and future relevance of ASEAN It is about ASEAN s quest for security and prosperity in a region marked by complex dynamics of power Namely the interplay of relations and interests among countries large and small which provide the settings within which ASEAN must deliver on its much cited leadership and centrality in the region The book seeks to answer the following questions How can ASEAN build upon its past contributions to the peace security and prosperity of Southeast Asia to the wider East Asia the Asia Pacific and the Indo Pacific regions More fundamentally and a sine qua non how can ASEAN continue to ensure that peace security and prosperity prevail in Southeast Asia And equally central how can ASEAN become more relevant to the peoples of ASEAN such that its contributions can be genuinely felt in making better the lives of its citizens

**Promoting the digitalization of small and medium-sized agrifood enterprises in Asia and the Pacific** Gálvez Nogales, E., Casari, G., 2023-12-11 Small and medium sized enterprises SMEs constitute the large majority of businesses both globally and in Asia and the Pacific Despite their undeniable importance the literature on SMEs in general and agrifood SMEs in particular is relatively limited One specific area that deserves deeper consideration is the extent of digital engagement of agrifood SMEs along the agrifood value chain from farm to retail and food services in countries in Asia and the Pacific The goal of this publication is to understand the current status of digitalization of agri SMEs in Asia and the Pacific what this process looks like and how to improve it A value chain approach was adopted to evaluate the digital maturity of all types of agri SMEs across previously siloed categories from farm to fork

and in the core and the extended value chain The report analyses the benefits of digital transformation for agri SMEs and the challenges they face in this process Next the report outlines practical and actionable measures that governments and other stakeholders may undertake to help agrifood SMEs stay ahead in the digital age Special attention is given to the creation of a digital environment that enables agri SMEs to increase the efficiency of their operations and allow them to grow This is particularly important given that many agri SMEs are located in rural agricultural areas where more than half of the population in Asia and the Pacific still resides but where the environment is less favourable to digital transformation
