Outstanding Lessons For Y3 Maths:

Teaching for Mathematical Understanding Tony Cotton, 2016-06-17 Teaching for Mathematical Understanding develops the subject knowledge support and practical ideas from Tony Cotton's Understanding and Teaching Primary Mathematics into resources for full lessons. With an emphasis on developing outstanding lessons using a problem solving approach, this highly practical guide is packed with activities that all trainee and practising teachers can use in the primary classroom. Covering each area of mathematics, every activity offers helpful step by step guidance including teaching and learning objectives, resources, lesson outlines, ideas for differentiation, assessment for learning and key probing questions. Also featured in this text are call outs to the information contained in the book's companion website, a shared site with a range of relevant resources to support and consolidate your learning. Teaching for Mathematical Understanding is an essential text for all trainee and practising teachers looking for inspiration and guidance towards outstanding mathematics teaching. Companion website features include Video clips in which primary school teachers demonstrate concepts covered in the book through teaching to a real class, PowerPoint presentations which provide support for those using the book as part of a teacher training course, updated weblinks to external sites with useful teaching information and resources. **Maths Problem Solving**

Toolkit Lucy Simonds, 2004-08 The mixed year Problem Solving Toolkit Teacher Book and CD Provides ideas for teaching the full range of problem solving strategies. Offers guidance on when to use each strategy. Contains a planning chart for integration alongside any maths topic. Includes problems for pupils to practise each strategy. Includes mixed problems where pupils can decide which strategy to use. *Your Primary School-based Experience* Catriona Robinson, Branwen Bingle, Colin Howard, 2025-02-28 This book is an essential companion for all primary trainee teachers whatever their training route. It focuses on the school based experience and provides both practical strategies and opportunities for reflection so trainees are challenged to critically evaluate their learning in order to improve attainment and ultimately succeed while in their school settings. The book reflects current educational policy and embraces key national priority areas including behaviour, inclusion and the teaching of phonics and early mathematics. Other chapters look at professional partnerships, planning and assessment, employability and crucially how to move from good to outstanding teaching. Case studies enliven the text and present a range of perspectives for consideration while critical questions engage the reader and promote a deeper understanding of the text. This second edition of Primary School Placements has been fully revised throughout and in particular provides an increased focus on evidence based practice and is referenced to the latest national curriculum. Driving school improvement, second edition Pamela Macklin, Vic Zbar, 2021-01-01 Driving School Improvement: Practical Strategies and Tools is designed to support school leaders in practical, adaptable and context specific ways to advance their school's improvement journey. With a Foreword by Michael Fullan, the focus of the book is implementation. A broad collection of tools, activities and pro formas are provided which have been used successfully in a range of schools. School leaders can begin at their school's point of need and

select the path that is most valuable to their setting This second edition builds on the success of the original resource and with extensive feedback from the field delivers significantly expanded refined and updated research case studies and techniques to help schools meet the implementation challenge With the help of Driving School Improvement whole school improvement can be embedded so that it becomes truly sustainable resulting in measurable long term progress in learning outcomes for schools teachers and students

Maximising the Impact of Teaching Assistants Anthony Russell, Rob Webster, Peter Blatchford, 2013 Teaching assistants have become an integral part of classroom life yet pioneering research by the authors has shown that school leaders and teachers are not making the most of this valued resource Results from the Deployment and Impact of Support

Staff DISS project showed that the more support pupils received from teaching assistants the less academic progress they made Yet it is not decisions made by the teaching assistants themselves but decisions made by school leaders and teachers about how their support staff are used and prepared which explains these provocative results Prompted by the wake up call the DISS project findings provided this timely book of guidance will help school leaders and teachers in primary and secondary schools improve the way they use teaching assistants and will add real value to what can be achieved in the classroom Based on the authors collaborative work with schools in the Effective Deployment of Teaching Assistants EDTA project this book provides essential practical tools and classroom tested strategies that will allow schools to conduct a fundamental review of current practice and provides a framework for reforming teaching assistant deployment and preparation and the way they interact with pupils Maximising the Impact of Teaching Assistants provides much needed and well informed guidance on how to unleash the huge potential of teaching assistants working in schools and is essential reading for all school leaders
