The Churchill Factor Boris Johnson, 2015-10-27 From London's inimitable mayor Boris Johnson the New York Times bestselling story of how Churchill's eccentric genius shaped not only his world but our own. On the fiftieth anniversary of Churchill's death Boris Johnson celebrates the singular brilliance of one of the most important leaders of the twentieth century. Taking on the myths and misconceptions along with the outsized reality he portrays with characteristic wit and passion a man of contagious bravery breathtaking eloquence matchless strategizing and deep humanity. Fearless on the battlefield Churchill had to be ordered by the king to stay out of action. On D Day he pioneered aerial bombing and few could match his experience in organizing violence on a colossal scale yet he hated war and scorned politicians who had not experienced its horrors. He was the most famous journalist of his time and perhaps the greatest orator of all time despite a lisp and the chronic depression he kept at bay by painting. His maneuvering positioned America for entry into World War II even as it ushered in England's postwar decline. His open mindedness made him a trailblazer in health care education and social welfare though he remained incorrigibly politically incorrect. Most of all he was a rebuttal to the idea that history is the story of vast and impersonal forces he is proof that one person intrepid ingenious determined can make all the difference.
