

# Notes from Underground (Everymans Library, 271) by Larissa Volokhonsky

## [Deep Analysis Of The Human Condition](#)

I am a sick man...I am a wicked man. With this sentence Dostoevsky began a work which marks the frontier not only between nineteenth- and twentieth-century fiction, but between two centuries' visions of the self. For the unnamed narrator of *Notes From Underground* is a multiplicity of selves, each at war with the others - all at war with everything else. A former official who has retreated from society into an underground existence, he sketches a passionate, obsessive and self-contradictory narrative which serves as a devastating attack on social utopianism and an assertion of man's essentially irrational nature. Richard and Larissa Volokhonsky, whose Dostoevsky translations have become the standard versions, give us a remarkably faithful edition of Dostoevsky's classic which conveys both the tragedy and the tormented comedy of the original Russian.

### My Personal Review

The first words of this deeply disturbing, but powerful, novel are I am a sick man...I am a spiteful man, and these may refer equally to the main character and to the author. Dostoevsky has written an amazing portrait of a loner, whose introverted, sick thoughts spill out on the pages in demented brilliance. The novel is a product of European cynicism, nihilism, and inertia, all of which reached a certain height in the paralyzed upper circles of 19th century Russia. Nobody could write such a book without some personal acquaintance with the mean moods of this anti-hero. The main character, who does nothing except hide from the world, is a total misfit, a loser in life at home, at work, and in love—a jerk, a dweeb, a dork, a geek in modern American parlance—yet through Dostoevsky's clear prose, we see into his wounded soul. Actually, I hold no brief for suffering, nor am I arguing for well-being. He writes, I argue for...my own whim and the assurance of my right to it, if need be. He is apart from society, recognizes no social obligation. He argues that suffering is still better than mere consciousness, because it sharpens the awareness of your being, therefore suffering is in man's interest. Someone who can argue that is not
