The Portuguese Nun Anna Klobucka, 2000 This study describes and analyzes cultural and literary mythology surrounding the figure of the seventeenth century nun Mariana Alcoforado as the presumed author of the celebrated collection of love letters that originally appeared in 1669 in French under the title of *Lettres portugaises* known in their many English editions as *Portuguese Letters* or *Letters of a Portuguese Nun* Ostensibly written by a nun cloistered in a provincial Portuguese convent to her departed lover an officer in the French army they are nowadays generally reputed to have been a literary fake authored by a seventeenth century French writer The Portuguese Nun describes the foundation and development of the myth of Soror Mariana and illuminates its continuing investment in the fabrication by the country s cultural elite of a shared national imagination It examines the process of national reappropriation of the text from the Romantic period until its latest postmodern manifestations exemplified most remarkably by the feminist manifesto *Novas Cartas Portuguesas* *New Portuguese Letters* From its first retranslations into Portuguese in the early nineteenth century this slim collection of five love letters has retained its status of a somewhat improbable textual support for one of Portugal s most persistently cultivated cultural fictions

The Women's Liberation Movement Kristina Schulz, 2017-07-01 For over half a century the countless organizations and initiatives that comprise the Women's Liberation movement have helped to reshape many aspects of Western societies from public institutions and cultural production to body politics and subsequent activist movements This collection represents the first systematic investigation of WLM's cumulative impacts and achievements within the West Here specialists on movements in Europe systematically investigate outcomes in different countries in the light of a reflective social movement theory comparing them both implicitly and explicitly to developments in other parts of the world

A Companion to Portuguese Literature Thomas Foster Earle, Stephen Parkinson, Cláudia Pazos Alonso, 2013 An essential chronological framework for students of Portuguese literature This companion volume offers an introduction to European Portuguese literature for university level readers It consists of a chronological overview of Portuguese literature from the twelfth century to the present day by some of the most distinguished literary scholars of recent years leading into substantial essays centred on major authors genres or periods and a study of the history of translations It does not attempt an encyclopaedic coverage of Portuguese literature but provides essential chronological and bibliographical information on all major authors and genres with more extensive treatment of key works and literary figures and a particular focus on the modern period It is unashamedly canonical rather than thematic in its examination of central authors and periods without neglecting female writers In this way it provides basic reference materials for students beginning the study of Portuguese literature and for a wider audience looking for general or specific information The editors have made a principled decision to exclude both Brazilian and African literature which demand separate treatment

Antigone's Daughters? Hilary Owen, Cláudia Pazos Alonso, 2011-02-24 *Antigone's Daughters* provides the first detailed discussion in English of six well known Portuguese women writers working across a wide range of genres Florbela Espanca 1894-1930 Irene Lisboa 1892-1958 Agustina Bessa-Luís 1923 Natália Correia 1923-93 Hélia Correia 1949 and Lídia Jorge 1946 Together they cover the span of the 20th century and afford historical insights into the complex gender politics of achieving institutional acceptance and validation in the Portuguese national canon at different points in the 20th century Although a patrilinear evolutionary model visibly structures national literary history in Portugal to the present day women

writers and critics have not generally sought to replace this with a matrilinear feminist counter history The unifying metaphor that the authors adopt here for the purpose of discussing Portuguese women s ambivalent response to female genealogy is the classical figure of Antigone who paradoxically sacrifices her own genealogical continuity in the name of defending family and kinship while resisting the patriarchal pragmatics of state building Should women writers faced with the absence of a female tradition posit a woman centred place outside the jurisdiction of male genealogy however strategically essentialist that place may be or should they primarily eschew fixed sexual identity to act as unnameable saboteurs undoing the law of patriarchal tradition from within

The Literary Institution in Portugal Since the Thirties Margarida Rendeiro,2010 Despite the numerous studies of the politics economy culture and society of the Estado Novo the relations established between publishers authors and governmental institutions and their contribution to the making of the literary canon are still marginal subjects of analysis Based on the systems theories developed by Bourdieu Dubois and Even Zohar this study focuses on the cultural production produced during the Estado Novo 1933 1974 and after the Revolution 1974 2004 within their political economic and social framework The chapters on Jos Saramago and Jos Lu s Peixoto show them as examples of literary consecration that confirm the systemic relations in the Portuguese literary field This research makes use of a survey on habits of purchase of Portuguese fiction interviews with publishers original statistical analyses and takes a new approach to the study of Portuguese literature

The Reception of D. H. Lawrence in Europe Dieter Mehl,Christa Jansohn,2007-01-05 The intellectual scope and cultural impact of British and Irish writers in Europe cannot be assessed without reference to their European fortunes This collection of essays prepared by an international team of scholars critics and translators record how D H Lawrence s work has been received translated and interpreted in most European countries with remarkable though greatly varying success Among the topics discussed in this volume are questions arising from the personal and frequently controversial nature of much of Lawrence s writings and the various ways in which translators from across Europe coped with the specific problems that the often regional but at the same time cosmopolitan Lawrencean texts pose
