## **November 1918 Journaal Van Een Revolutie Die Niet Doorging:**

**November 1918** Hendrik Jan Scheffer,1968 Gedocumenteerde beschrijving over de gebeurtenissen tussen 9 en 17 november 1918 toen de socialist P J Troelstra op grond van allerlei factoren meende dat Nederland rijp was voor een sociale omwenteling    *Utopian Thinking in Law, Politics, Architecture and Technology* van Klink, Bart,Soniewicka, Marta,van den Broeke, Leon,2022-09-15 This is an open access title available under the terms of a CC BY NC ND 4 0 License It is free to read download and share on Elgaronline.com This innovative book explores the role of utopian thinking in law and politics including alternative forms of social engineering such as technology and architecture Building on Levitas Utopia as Method the topic of utopia is addressed within the book from a multidisciplinary perspective    The Netherlands and World War I Hubert van Tuyl van Serooskerken,2021-10-01 During World War I the Netherlands was situated squarely between two warring great powers Britain and Germany and on the edge of the war zone itself Isolationism was impossible strict neutrality was inadequate The Netherlands nevertheless escaped the war mainly because of its own actions This book is the story of the people who managed this escape The first part of the book examines the pre war situation espionage against Germany and the mobilization of 1914 Succeeding chapters cover the military diplomatic balancing act during the war the attempted revolution of 1918 and the near disaster at Versailles The book concludes with a consideration of major issues This work is intended to appeal to a broad audience including students of World War I modern European history diplomatic history military history and peace studies    European Democratization since 1800 J. Garrard,V. Tolz,R. White,1999-10-11 An historical and comparative analysis of democratization in Europe since 1800 which highlights the varied factors accounting for both its success and failure in the past and its present prospects Case studies are analysed from four key periods    **The Trial of the Kaiser** William Schabas,2018 From renowned scholar William A Schabas this title sheds light on perhaps the most important international trial that never was that of Kaiser Wilhelm II following the First World War Schabas draws on numerous primary sources hitherto unexamined in published work to craft a history of the very beginnings of international criminal justice    **Historical Perspectives on Democracies and their Adversaries** Joost Augusteijn,Constant Hijzen,Mark Leon de Vries,2019-08-07 This book historicizes the debate over how democratic regimes deal with anti democratic groupings in society Democracies across the world increasingly find themselves under threat from enemies ranging from terrorists to parties and movements that undermine democratic institutions from within This compilation of essays provides the first historical exploration of how democracies have dealt with such anti democratic forces in their midst and how this impacted upon what democracy meant to all involved From its inception in the nineteenth century modern democratic politics has included fundamental debates over whether it is undemocratic and dangerous to ban parties with anti democratic objectives and whether democracies should defend themselves if necessary with violence against perceived anti democratic forces This volume shows that implicit conceptions of democracy and democratic repertoires

become explicit fluid and contested throughout these confrontations not only within democratic parties but also among their adversaries Both sides have at times used force or limited the expression of ideas thus blurring the lines between who is democratic and who is not

Schmitt,1988 Handbook of European Intelligence Cultures Bob de Graaff,James M. Nyce,2016-08-02 National intelligence cultures are shaped by their country's history and environment Featuring 32 countries such as Albania Belgium Croatia Norway Latvia Montenegro the work provides insight into a number of rarely discussed national intelligence agencies to allow for comparative study offering hard to find information into one volume In their chapters the contributors who are all experts from the countries discussed address the intelligence community rather than focus on a single agency They examine the environment in which an organization operates its actors and cultural and ideological climate to cover both the external and internal factors that influence a nation's intelligence community The result is an exhaustive unique survey of European intelligence communities rarely discussed

*At the Eleventh Hour* Hugh Cecil,Peter H. Liddle,1998-08-12

Following on from the highly acclaimed Facing Armageddon and Passchendaele in Perspective At the Eleventh Hour recognises that a world was ending in November 1918 and by international collaboration on the 80th Anniversary we learn through this book what it was like to experience the transition from war to peace Distinguished historians brilliantly convey a sense of immediacy as the Armistice is recreated and analysed The reader will not just acquire new areas of information he will have some of the existing knowledge which he thought was soundly held strikingly challenged in the pages of this superbly illustrated book

**Common Destiny** Dietrich Orlow,2000 Although the Socialist or Social Democratic parties

played a key role in West European politics during the quarter century after the Second World War they have been studied far less than their political rivals the Christian Democrats The story of West European Social Democracy after 1945 begins with a dilemma Democratic marxism which had been the parties ideological and organizational principle until the Second World War was becoming politically irrelevant The three parties analyzed here represent the spectrum of reactions among Social Democratic parties to this realization The debate over the parties programs and ideologies did not of course take place in a vacuum the author devotes considerable space to a comparative analysis of the parties leaders and organizational structures as well as the evolution of Social Democratic domestic and foreign policies Immensely readable this book not only offers an in depth analysis of the postwar period crucial for the history of Social Democracy but also because of its cross national treatment of these three major parties adds significantly to our understanding of the processes of European integration and the evolution of the Atlantic Alliance

*Policing Interwar Europe* G. Blaney,2006-11-28 In the convulsive environment that followed World War I and the Russian Revolution the issues of policing and public order were of primary

importance to the various governments of Interwar Europe The book features original research on 10 different countries and will be vitally useful for students and academics of 20th century Europe     [Personal Perspectives](#) Timothy C.

Kompagnie,2014-04-12 Jarenlang hing zijn foto aan de muur van alle huiskamers bij de familie Kompagnie oom Henk in politie uniform Oom Henk die de oorlog niet had overleefd Maar waarom niet Door welk noodlot was het leven van deze Haagse agent vader van zes kinderen plotseling afgebroken Zijn neef Jan Kompagnie een vooraanstaand archivaris en onderzoeker bij het Nationaal Archief ging op onderzoek uit Vele dossiers en onderzoeksreizen later was het beeld compleet de dood van Henk Kompagnie was het resultaat van een keten van gebeurtenissen die begon met het verlenen van onderdak voor enkele dagen maar aan een onderduiker En vervolgens speelde een ongeruste moeder die haar dochter wilde beschermen een tragische rol in het drama Daarmee is de dood van Henk Kompagnie een typisch verhaal uit de Tweede Wereldoorlog hoe de verhouding tussen oorzaak en gevolg soms totaal zoek lijkt te zijn     **Schampschot** Paul van der Steen,2014-08-16 Een stippellijn op de kaart werd in augustus 1914 plotseling de scheidslijn tussen oorlog en vrede Om aan te duiden waar het neutrale Nederland begon hing men het rood wit blauw aan de kerktorens en markante gebouwen In

weilanden aan de grens werden koeien gemolken met een vlaggetje ernaast Het gebulder van geschut leek niet op te houden lijken en kadavers stroomden met de Maas het land in en nadat Belgische buurdorpen waren platgebrand kwam een enorme vluchtelingenstroom op gang Het was een illusie dat door de Nederlandse neutraliteit alles zijn normale gang zou blijven gaan De jaren 1914-1918 werden in een grensdorp als Eijsden heel anders beleefd dan in het hart van Nederland Toen de Duitse keizer zich op een vroege ochtend in november 1918 juist hier meldde kwam het einde van de oorlog in zicht Maar de wereld was ook in Eijsden voorgoed veranderd Op magistrale wijze verweeft historicus Paul van der Steen het grote verhaal van de Eerste Wereldoorlog met de weinig bekende grensgeschiedenis van vluchtelingen overbevolking smokkel en spionage
