Notes From The Underground Dover Thrift Editions:

Mary Stuart Friedrich Schiller, Charles E. Passage, 2001 Powerful psychological drama deals with political and spiritual conflict between Elizabeth I of England and Mary Queen of Scots The 5 act play in blank verse takes place in the days before Mary's execution for treason and focuses on the two royal antagonists personal and political conflicts Mary a loving idealist with an intuitive heart Elizabeth a cold calculating power hungry realist Translated by Charles E Passage **The Book of Explanations** Tedi López Mills, 2023-01-17 From one of Mexico's premier poets the award winning Tedi López Mills a hybrid genre defying book of essays following the unusual and surprising complexities of everyday life Through thirteen essays Tedi López Mills explores the minutiae that at first glance go unnoticed In *Improper Nouns* she explores the history and destiny of an uncomfortable name asking whether the way we name what surrounds us affects the fabric of its essence In *How Time Passes In Consciousness and Outside* one's individual experience of time splits from how it passes outside us The following essays allude to conscience pain private histories dreams wisdom and the most difficult of memories that build one's own identity Throughout López Mills traces the trail of her own history journeying into her own conscience and the mysteries of existence **Life** Didier Fassin, 2018-06-22 How can we think of life in its dual expression matter and experience the living and the lived Philosophers and more recently social scientists have offered multiple answers to this question often privileging one expression or the other the biological or the biographical But is it possible to conceive of them together and thus reconcile naturalist and humanist approaches Using research conducted on three continents and engaging in critical dialogue with Wittgenstein Benjamin and Foucault Didier Fassin attempts to do so by developing three concepts forms of life ethics of life and politics of life In the conditions of refugees and asylum seekers in the light of mortality statistics and death benefits and via a genealogical and ethnographical inquiry the moral economy of life reveals troubling tensions in the way contemporary societies treat human beings Once the pieces of this anthropological composition are assembled like in Georges Perec's jigsaw puzzle an image appears that of unequal lives Technology and the Philosophy of Religion David Lewin, 2010-09-13 The last one hundred years has seen unimaginable technological progress transforming every aspect of human life Yet we seem unable to shake a profound unease with the direction of modern technology and its ideological siblings global capitalism and massive consumption Philosophers such as Marcuse Borgmann and especially Heidegger have developed important analyses of technological society however in this book David Lewin argues that their ideas have remained limited either by their secular context or by the narrow conception of religion that they do allow This study guides the reader along the newly formed paths of the philosophy of technology arguing that where those paths come to an abrupt end a religious discourse is needed to articulate the ultimate concerns that drive technological action It calls for a meditation on the central insight of many religious traditions that in an ultimate sense we know not what we do To acknowledge that we know not what we do is the first step towards a theology of technology that draws upon insights from the mystical theological

tradition as well as from recent developments in the continental philosophy of religion **The Immoralist** André Gide, Stanley Appelbaum, 1996-07-11 Set in an Algerian village a young man Michel challenges the prevailing morality in his search for self fulfillment *The Decameron* Giovanni Boccaccio, 2012-04-30 A group of escapees from plague ridden Florence pass the time by telling tales of romance in this landmark of medieval literature Features 25 of the original 100 stories J M Rigg translation *Incompatible Ballerina and Other Essays* Charles William Johns, 2015-11-27 An ontological and epistemological framework and foundation for the psychological symptom neurosis **Nostromo** Joseph Conrad, 2013-01-23 Tale of capitalist exploitation and rebellion set in a fictional South American republic employs flashbacks and glimpses of the future to depict the lure of silver and its effects on men **Israel Potter: His Fifty Years of Exile and Life and Remarkable Adventures of Israel R.
