## **Notes Wilderness Survival James DeSpain:**

**Jim's Notes on Wilderness Survival** James DeSpain, 2015-12-19 Jim DeSpain spent many years exploring and enjoying the peaceful deserts and beautiful mountains of Arizona His love for nature and his adventurous spirit eventually led him to the wilds of Alaska As much as he loved the outdoors it was the precious presence of the Lord Jesus Christ that he experienced in the wilderness as he hiked fished and prayed that continued to draw him out In his younger days as a pastor husband and father Jim would often spend several days alone in the desert fasting and praying for those he loved and cared so much about Jim has always been interested in learning about wilderness survival and he taught his children to enjoy appreciate and respect the various landscapes and their beauty It is with joy that his notes on wilderness survival are passed on and with hope that they will be of benefit *Our National Parks and the Search for Sustainability* Bob R. O'Brien, 1999

Explores the National Park Service's attempt to achieve sustainability a balance that allows as many people as possible to visit a park that is kept in as natural a state as possible **Fur, Fortune, and Empire: The Epic History of the Fur Trade in America** Eric Jay Dolin, 2011-07-05 A Seattle Times selection for one of Best Non Fiction Books of 2010 Winner of the New England Historical Association's 2010 James P. Hanlan Award Winner of the Outdoor Writers Association of America 2011 Excellence in Craft Award Book Division First Place A compelling and well annotated tale of greed slaughter and geopolitics Los Angeles Times As Henry Hudson sailed up the broad river that would one day bear his name he grew concerned that his Dutch patrons would be disappointed in his failure to find the fabled route to the Orient What became immediately apparent however from the Indians clad in deer skins and good furs was that Hudson had discovered something just as tantalizing The news of Hudson's 1609 voyage to America ignited a fierce competition to lay claim to this uncharted continent teeming with untapped natural resources The result was the creation of an American fur trade which fostered economic rivalries and fueled wars among the European powers and later between the United States and Great Britain as North America became a battleground for colonization and imperial aspirations In *Fur Fortune and Empire* best selling author Eric Jay Dolin chronicles the rise and fall of the fur trade of old when the rallying cry was get the furs while they last Beavers sea otters and buffalos were slaughtered used for their precious pelts that were tailored into extravagant hats coats and sleigh blankets To read *Fur Fortune and Empire* then is to understand how North America was explored exploited and settled while its native Indians were alternately enriched and exploited by the trade As Dolin demonstrates fur both an economic elixir and an agent of destruction became inextricably linked to many key events in American history including the French and Indian War the American Revolution and the War of 1812 as well as to the relentless pull of Manifest Destiny and the opening of the West This work provides an international cast beyond the scope of any Hollywood epic including Thomas Morton the rabble rouser who infuriated the Pilgrims by trading guns with the Indians British explorer Captain James Cook whose discovery in the Pacific Northwest helped launch America's China trade Thomas Jefferson who dreamed of expanding

the fur trade beyond the Mississippi America's first multimillionaire John Jacob Astor who built a fortune on a foundation of fur and intrepid mountain men such as Kit Carson and Jedediah Smith who sliced their way through an awe inspiring and unforgiving landscape leaving behind a mythic legacy still resonates today Concluding with the virtual extinction of the buffalo in the late 1800s Fur Fortune and Empire is an epic history that brings to vivid life three hundred years of the American experience conclusively demonstrating that the fur trade played a seminal role in creating the nation we are today
