Nuclear Deterrence Morality And Realism

Kenneth Kipnis, Diana T Meyers

Nuclear Deterrence Morality And Realism:

Nuclear Deterrence, Morality and Realism John Finnis,1988 **Nuclear Deterrence, Morality and Realism** John Finnis,Joseph M. Boyle,Germain Grisez,1989 **Morality, Prudence, and Nuclear Weapons** Steven P. Lee,1996-11-13
This 1993 book is the first post Cold War assessment of nuclear deterrence providing a comprehensive normative understanding of nuclear deterrence policy **Political Realism And International Morality** Kenneth Kipnis,Diana T Meyers,2019-06-26 It is always appropriate to ask whether an expedient foreign policy is morally justifiable just as it is always appropriate to ask whether a morally defensible policy is consistent with the national interest The ongoing dialogue between morality and realpolitik gives much of foreign policy debate its characteristic bite In this collection of essays a distinguished group of philosophers political theorists and lawyers including Russell Hardin and Marshall Cohen explore these contrasting themes In essays that are at once insightful and accessible noted political thinkers examine the tension of the conflicting demands of morality and national self interest in the context of the foundations of international order the possession and use of nuclear weapons recourse to war and the prospects for peace A final postscript addresses the question of the responsibility of intellectuals in the national foreign policy debate This book will appeal to scholars and students in any discipline dealing with international affairs as well as to lay readers who wish to explore the implications of taking morality and reason seriously in foreign policy **The Contribution of Natural Law Theory to Moral and Legal Debate Concerning Suicide, Assisted Suicide, and Euthanasia** Craig Paterson,2010-05-13 *The Contribution of Natural Law Theory to Moral and Legal Debate Concerning Suicide, Assisted Suicide, and Voluntary Euthanasia* Craig Paterson,2001
Justice and Morality Amanda Russell Beattie,2016-04-22 Bridging the contending theories of natural law and international relations this book proposes a relational ontology as the basis for rethinking our approach to international politics Amanda Beattie challenges both the conventional interpretation of natural law as necessarily and intractably theological and the dominant conception of international relations as structurally distinct from the ends of human good in order to recover the centrality of other directed agency to the promotion of human development Offering an important contribution to the study of international political thought the book contains a number of challenging and controversial ideas which should provoke constructive debate within international relations theory political theory and philosophical ethics
Natural Law Ethics in Theory and Practice Joseph Boyle,2020-08-07 Natural Law Ethics in Theory and Practice brings together a selection of essays of the late Joseph Boyle Boyle was with Germain Grisez and John Finnis a founder and developer of the New Classical Natural Law Theory arguably the most important development in Catholic moral philosophy of the twentieth century While this theory is indebted to the work of St Thomas Aquinas it incorporates an understanding and assessment of that work that is different from that found in other statements of natural law Boyle made crucial contributions to a wide variety of aspects of this theory and the volume is divided into two parts Part One Articulating a Theory of Natural

Law contains three sections in which Boyle defends the reality of free choice and the view that the basic reasons for action or first principles of natural law are incommensurable in goodness Boyle identifies the basic moral standard for choice and action and develops an account of human action that elucidates the important role played by intention and double effect in their moral evaluation The essays in Part Two Natural Law Theory and Contemporary Moral Problems demonstrate the strength and scope of Boyle's natural law account as he brings it to bear upon just war theory property and welfare rights and issues in bioethics The essays in bioethics address the difficult question of whether it is appropriate to tube feed patients in persistent vegetative state and include an unpublished essay Against Assisted Death which he delivered as the Anscombe Lecture at The Anscombe Bioethics Centre in Oxford about a year before he died This volume also includes a Foreword by Princeton's Robert P George an Introduction by the editors that highlights Boyle's contribution to the development of the new classical natural law theory and a bibliography of Boyle's publications

The Ethics of War and Peace Terry Nardin, 2020-12-08 A superb introduction to the ethical aspects of war and peace this collection of tightly integrated essays explores the reasons for waging war and for fighting with restraint as formulated in a diversity of ethical traditions religious and secular Beginning with the classic debate between political realism and natural law this book seeks to expand the conversation by bringing in the voices of Judaism Islam Christian pacifism and contemporary feminism In so doing it addresses a set of questions How do the adherents to each viewpoint understand the ideas of war and peace What attitudes toward war and peace are reflected in these understandings What grounds for war if any are recognized within each perspective What constraints apply to the conduct of war Can these constraints be set aside in situations of extremity Each contributor responds to this set of questions on behalf of the ethical perspective he or she is presenting The concluding chapters compare and contrast the perspectives presented without seeking to adjudicate their differences Because of its inclusive objective comparative and dialogic approach the book serves as a valuable resource for scholars journalists policymakers and anyone else who wants to acquire a better understanding of the range of moral viewpoints that shape current discussion of war and peace In addition to the editor the contributors are Joseph Boyle Michael G Cartwright Jean Bethke Elshtain John Finnis Sohail H Hashmi Theodore J Koontz David R Mapel Jeff McMahan Richard B Miller Aviezer Ravitzky Bassam Tibi Sarah Tobias and Michael Walzer

Ethics of Armed Conflict John W. Lango, 2014-01-29 Just war theory exists to stop armies and countries from using armed force without good cause But how can we judge whether a war is just In this original book John W Lango takes some distinctive approaches to the ethics of armed conflict DT A revisionist approach that involves generalising traditional just war principles so that they are applicable by all sorts of responsible agents to all forms of armed conflict DT A cosmopolitan approach that features the Security Council DT A preventive approach that emphasises alternatives to armed force including negotiation nonviolent action and peacekeeping missions DT A human rights approach that encompasses not only armed humanitarian intervention but also armed invasion armed

revolution and all other forms of armed conflict Lango shows how these can be applied to all forms of armed conflict however large or small from interstate wars to UN peacekeeping missions and from civil wars counter insurgency and counter terrorism operations

The Sword and the Cross James H. Toner,1992-01-30 The Sword and the Cross is a study of the relationships that exist between politics and ethics Its intention is to point out that moral convictions conceived and implemented without political wisdom can be bankrupt and that geopolitical strategy formulated and effected without ethical character can be disastrous Toner contends that politics and ethics are different sides of the same coin Therefore commanders that is leaders in politics and government in diplomacy and in the military must develop both strategic sense and ethical intuition A study of the relationship between the sacred and the profane this book promotes an understanding of the ways in which power and purpose can and must be complementary This study concludes that violence and conflict are part of human existence and that full and final redemption from our struggles is the gift of grace and not of human artifice At the same time we have the burden and the glory of doing all we can to achieve our own safety and happiness which requires political and military prudence The reconciliation of faith or conscience with power or command is the task of leaders who are informed by civic virtue In turn civic virtue is the product of wise education rooted in serious study of what ought to be as well as of what is but ethically impoverished modern education too rarely asks questions about visions of the Good Because these conclusions are rooted in a controversial religious and philosophical tradition they will generally challenge the accepted views in the field

Encyclopedia of Ethics Lawrence C. Becker,Charlotte B. Becker,2013-10-18 The editors working with a team of 325 renowned authorities in the field of ethics have revised expanded and updated this classic encyclopedia Along with the addition of 150 new entries all of the original articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features New entries include Cheating Dirty hands Gay ethics Holocaust Journalism Political correctness and many more

Hospitality as Holiness Luke Bretherton,2010-01-01 Hospitality as Holiness will appeal to those interested in the broad question of the relationship between reason tradition natural law and revelation in theology and more specifically to those engaged with questions about plurality tolerance and ethical conflict in Christian ethics and medical ethics

A History of Western Ethics Charlotte B. Becker,2004-03-01 This newly revised and updated edition of A History ofWestern Ethics is a coherent and accessible overview of the most important figures and influential ideas of the history of ethics in the Western philosophical tradition

Ethics and Weapons of Mass Destruction Sohail H. Hashmi,Steven Lee,Steven P. Lee,2004-07-19 Publisher Description

Practical Philosophy John Haldane,2011-12-02 In this wide ranging volume of philosophical essays John Haldane explores some central areas of social life and issues of intense academic and public debate These include the question of ethical relativism fundamental issues in bioethics the nature of individuals in relation to society the common good public judgement of prominent individuals the nature and aims

of education cultural theory and the relation of philosophy to art and architecture

Reassessing the Liberal State

Timothy Fuller, John Hittinger, 2001 This collection of essays revisits Jacques Maritain's book *Man and the State* the University of Chicago Walgreen lectures of 1949 and critically engages its greatest themes and arguments the character of the modern state and its relation to the body politic the state's functions and claims the basis of authority the foundation of human rights and natural law structural pluralism Church and State relations national sovereignty and the prospects for world government The contributors address whether Maritain has successfully accomplished his project of engaging modernity from the perspective of a 20th century disciple of Thomas Aquinas whether his reformulations and revisions of the modern state are philosophically sound and prudent and whether his developments of Aristotle and Aquinas are faithful to the sources Maritain drawing upon the philosophy of Aquinas represents a significant achievement he provides a viable reassessment of the liberal state uniting Thomistic and Aristotelian traditions with the human rights thrust of modern political philosophy In short Maritain reassesses the liberal state in light of ancient and medieval political traditions seeking to find what is true enduring and practical in the modern liberal state while criticizing its excesses and reconceptualizing its philosophical foundations The contributors to this collection find Maritain has achieved much in the accomplishment of this project Some continue this project by applying Maritain's philosophy to contemporary issues Other contributors find it helpful however to compare Maritain to other contemporary political philosophers and to question his use of the philosophy of Aquinas Maritain's political philosophy and *Man and the State* in particular is worth continued study Although his influence was greatest in the 1950s and 1960s and his philosophy has been displaced by new trends his work shows a remarkable resilience and relevance to the issues of the day offering a deeper philosophical foundation and more flexible set of tools for analysis than currently provided Timothy Fuller professor of political science and acting president of Colorado College is the editor of *Leading and Leadership* and *The Voice of Liberal Learning* Michael Oakeshott on Education John P Hittinger is professor of philosophy at the United States Air Force Academy and coeditor of *Liberalism at the Crossroads* An Introduction to Contemporary Liberal Theory and its Critics Contributors J Budziszewski Joseph M DeTorre Gregory Doolan Desmond FitzGerald Timothy Fuller John R Goodreau Catherine Green William Haggerty James G Hanink Jeanne M Heffernan John P Hittinger Russell Hittinger Richard Lemp V Bradley Lewis Nicholas C Lund Molfese John G Trapani Jr Deborah Wallace Henk E S Woldring and Michael Woodward

Ethics and Statecraft

Cathal J. Nolan, 2015-10-13 This collection of essays cuts to the quick of the most pressing moral issues facing decision makers today from the actions of ordinary soldiers in a combat zone to presidents deciding when and where to use force Ethics lie at the heart of human and therefore also international affairs compelling nations to get involved over there and dedicate resources to intervention or to justify detachment The politics and rhetoric of ethics constrain decision makers greatly complicating international situations This third edition of *Ethics and Statecraft* addresses the moral reasoning behind the art of peacemaking as well as the ethics

and statecraft of conducting war The coverage ranges from historical transformations of whole eras of diplomatic and international history to issues of ethics of bombing and the laws of war Specific attention is paid to emerging issues such as armed humanitarian intervention and sanctions drone wars war crimes and economic justice The work is ideally suited for undergraduate and graduate students of international relations history political science and ethics It will also be useful for NGO officials and military officers struggling with these issues in the field General readers will find illumination of highly relevant historical issues including Allied bombing of civilians during World War II that set precedents for both expansion and limitations on the laws of war They will also encounter pressing modern day quandaries such as the conditions that permit or even require military or humanitarian intervention and the impact of new technologies on old moral problems

The American Search for Peace George Weigel, John Langan, 1991 Revolutions and aborted revolutions and bitter civil and local wars in the 1980s and since have raised new questions about national security its definition and its implementation Nevertheless a number of basic philosophical and political issues remain constant at a level deeper than tactical considerations These are what eight accomplished philosophers political scientists Christian ethicists and policymakers came together to discuss They ask the fundamental and perduring questions of pacifism war intervention and political negotiation They focus on such problems as ascertaining the role of the churches in the quest for peace defining national interest and national purpose and construing intervention in other than strictly unilateral terms

The Sacred and the Sovereign John D. Carlson, Erik C. Owens, 2003-06-11 Until September 11th 2001 few in the West fully appreciated the significance of religion in international politics The terrible events of that day refocused our attention on how thoroughly religion and politics intermingle sometimes with horrific results But must this intermingling always be so deadly The Sacred and the Sovereign brings together leading voices to consider the roles that religion should and should not play in a post Cold War age distinguished by humanitarian intervention terrorism globalization and challenges to state sovereignty But these challenges to state sovereignty have deep and abiding roots in religion that invite us to revisit just what values we hold sacred Offsetting the commonly shared idea that religion is politics perennial nemesis this volume demonstrates that religious traditions institutions and ideas are essential elements of the political quest for human rights peace order legitimacy and justice The Sacred and the Sovereign brings distinguished scholars of religious studies theology and politics together with ranking members of the military and government to reflect seriously about where and if safe boundaries can be drawn between religion and politics in the international arena

Nuclear Deterrence Morality And Realism Introduction

In the digital age, access to information has become easier than ever before. The ability to download Nuclear Deterrence Morality And Realism has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Nuclear Deterrence Morality And Realism has opened up a world of possibilities. Downloading Nuclear Deterrence Morality And Realism provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Nuclear Deterrence Morality And Realism has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Nuclear Deterrence Morality And Realism. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Nuclear Deterrence Morality And Realism. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Nuclear Deterrence Morality And Realism, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Nuclear Deterrence Morality And Realism has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the

most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Nuclear Deterrence Morality And Realism Books

1. Where can I buy Nuclear Deterrence Morality And Realism books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
