Davis, 2019 *Opening Israel's Scriptures* is a collection of thirty six essays on the Hebrew Bible from Genesis to Chronicles which gives powerful insight into the complexity and inexhaustibility of the Hebrew Scriptures as a theological resource Based on more than two decades of lectures on Old Testament interpretation Ellen F Davis offers a selective yet comprehensive guide to the core concepts literary patterns storylines and theological perspectives that are central to Israel's Scriptures Underlying the whole study is the primary assumption that each book of the canon has literary and theological coherence though not uniformity In both her close readings of individual texts and in her broad demonstrations of the coherence of whole books Davis models the best practices of contemporary exegesis integrating the insights of contemporary scholars with those of classical theological resources in Jewish and Christian traditions Throughout she keeps an eye to the experiences and concerns of contemporary readers showing through multiple examples that the critical interpretation of texts is provisional open ended work a collaboration across generations and cultures Ultimately what she offers is an invitation into the more spacious world that the Bible discloses which challenges ordinary conceptions of how things really are

Israel, Covenant, Law Kim Papaioannou,2017-10-27 Pauline studies are in a conundrum The Reformation perspectives championed by great men like Martin Luther and John Calvin have been challenged recently by the rise of the new perspective on Paul The main point of

contention seems to be the place of biblical law in salvation While the Reformation perspectives based in part on Paul s apparent attacks on law assert that salvation is a free gift unmerited by human works the new perspective suggests the law is an integral part of the work of salvation It holds that Paul s attacks on the law were focused only on specific aspects of law the so called boundary markers This book while having points of contact with both outlooks takes a different view on Paul and the law Building on Paul s self identification as a Christian and Christian views on the covenant it endeavors to give biblical law its due place in the plan of salvation and the life of the believer *Numbers* Caio Peres, Peter

Altmann, 2025-03-11 The book of Numbers has had a renaissance in scholarly engagement in recent years This Tyndale Old Testament Commentary by Peter Altmann and Caio Peres distills that conversation with sensitivity and rigor illuminating Numbers for the contemporary reader while seeking to make God s Word a source of blessing nourishment and hope for all

The Knowledge of God Michael Allen, 2022-01-13 The Knowledge of God turns to consider the knowledge of God revealed in the Word of God with several essays addressing the doctrine of God then the person of Christ and finally the miracle of the church Michael Allen shows the exegetical shape of historical and dogmatic reasoning as well as the significance of thinking about these topics in their interrelationships with a range of other Christian themes not least the doctrine of the living and true God In each of these topics the theme of the promise and nature of God s presence whether in his own life or then in the economy of the incarnation and of the church proves to be a unifying thread The gospel is shown to be rooted backward in God s own life and to have consequence forward for the ongoing life of Christ displayed in his church This volume explores what it means to learn of and come to know God who has life in himself and then shares his life with us in the coming of his Son and the ongoing presence amidst his body the church of Christ *Dress and Clothing in the Hebrew Bible* Antonios

Finitsis, 2019-08-08 Built upon the flourishing study of costume this book analyses sartorial evidence provided both by texts of the ancient Near East and the Hebrew Bible The essays within lend clarity to the link between material and ideological examining the tradition of dress the different types of literature that reference the tradition of garments and the people for whom such literature was written The contributors explore sources that illuminate the social psychological aesthetic ideological and symbolic meanings of clothing The topics covered range from the relationship between clothing kingship and power to the symbolic significance of the high priestly regalia and the concept of garments as deception and defiance while also considering the tendency to omit or ignore descriptions of YHWH s clothing Following a historical sequence the essays cross reference with each other to create a milestone in biblical sartorial study *Social Crisis Preaching* Tyshawn

Gardner, 2023-02-01 This book provides a theology for social crisis preaching by arguing that Christian proclamation is the best prescription for the social crises in our world Social Crisis Preaching positions the pastor as a sacred anthropologist one who is aware of both the crises in one s community but also as one who has a firm understanding of the people in the pews It also equips the preacher with both the hermeneutical and homiletical tools to confront social crisis with biblical integrity

Lastly this book argues that social crisis preaching develops Christians disciples and congregations as those who care about and confront the social crisis in their neighbor s community following the biblical mandate to love your neighbor as yourself

A Scriptural Theology of Eucharistic Blessings Susan I. Bubbers, 2013-09-12 This study examines the scriptural justification for believers to expect the Eucharist to be a place where God will come and bless them with freedom and formation Bubbers focus is not on liturgy but rather on the biblical message of the benefits of participation in the Eucharist Why keep this Feast Why is Eucharist important Bubbers interpretive approach is a synthesis of historical literary aspects of Biblical Theology and canonical creedal aspects of the Theological Reading of Scripture taking into account the biblical historical place of Eucharist as well as its ongoing presence within the Church Bubbers begins by displaying the Last Supper as a Passover meal which bridges between Old Testament motifs and the New Testament Feast She then shows that the Exodus context reveals a paradigm which links blessing with remembrance and suggests that the remembrance motif describes these blessings Finally Bubbers gathers a catalogue of specific blessings summarized by freedom and formation Her conclusion is that the Feast is a divinely designed paradigm for worship which is accompanied by a promise of transformational encounters
