**Violence, Transformation, and The Sacred: "They shall be called Children of God"** Margaret Pfeil and Tobias L. Winright, 2012 **Empire of Sacrifice** Jon Pahl, 2010-01-05 It is widely recognized that American culture is both exceptionally religious and exceptionally violent Americans participate in religious communities in high numbers yet American citizens also own guns at rates far beyond those of citizens in other industrialized nations Since 9 11 United States scholars have understandably discussed religious violence in terms of terrorist acts a focus that follows United States policy Yet according to Jon Pahl to identify religious violence only with terrorism fails to address the long history of American violence rooted in religion throughout the country s history In essence Americans have found ways to consider blessed some very brutal attitudes and behaviors both domestically and globally In *Empire of Sacrifice* Pahl explains how both of these distinctive features of American culture work together by exploring how constructions along the lines of age race and gender have operated to centralize cultural power across American civil or cultural religions in ways that don t always appear to be religious at all Pahl traces the development of these forms of systemic violence throughout American history using evidence from popular culture including movies such as *Rebel without a Cause* and *Reefer Madness* and works of literature such as *The Narrative of the Life of Frederick Douglass* and *The Handmaid s Tale* to illuminate historical events Throughout Pahl focuses an intense light on the complex and durable interactions between religion and violence in American history from Puritan Boston to George W Bush s Baghdad

**Imagining Methodism in Eighteenth-Century Britain** Misty G. Anderson, 2012-03-14 In the eighteenth century

British Methodism was an object of both derision and desire. Many popular eighteenth century works ridiculed Methodists yet often the very same plays, novels and prints that cast Methodists as primitive, irrational or deluded also betrayed a thinly cloaked fascination with the experiences of divine presence attributed to the new evangelical movement. Misty G. Anderson argues that writers, actors and artists used Methodism as a concept to interrogate the boundaries of the self and the fluid relationships between religion and literature, between reason and enthusiasm and between theater and belief. Imagining Methodism situates works by Henry Fielding, John Cleland, Samuel Foote, William Hogarth, Horace Walpole, Tobias Smollett and others alongside the contributions of John Wesley, Charles Wesley and George Whitefield in order to understand how Methodism's brand of experimental religion was both born of the modern world and perceived as a threat to it. Anderson's analysis of reactions to Methodism exposes a complicated interlocking picture of the religious and the secular, terms less transparent than they seem in current critical usage. Her argument is not about the lives of eighteenth century Methodists; rather, it is about Methodism as it was imagined in the work of eighteenth century British writers and artists where it served as a sign of sexual, cognitive and social danger. By situating satiric images of Methodists in their popular contexts, she recaptures a vigorous cultural debate over the domains of religion and literature in the modern British imagination. Rich in cultural and literary analysis, Anderson's argument will be of interest to students and scholars of the eighteenth century, religious studies, theater and the history of gender.

#### **Novel Friendships and Community in Cervantes's "Don Quixote"**

Marsha S. Collins, 2025-09-30. *Novel Friendships and Community in Cervantes's Don Quixote* analyzes Don Quixote through the critical lens of friendship studies. Turning a critical spotlight on the friendship between Don Quixote and Sancho Panza, this book examines the formation, growth and dynamics of their friendship as the nucleus of the first modern novel in the West and the source of the work's enduring power. *Novel Friendships* also examines the theme of amity in relation to the evolving concept of community as a throughline in Cervantes's fiction before, during and after *Don Quixote*. This book shows the power of the arts, especially storytelling, to build friendships and foster community and highlights how Cervantes deploys fiction to cultivate his readers' sense of friendship and to create a community of readers. *Novel Friendships* suggests that today's readers may find Cervantes's views on amity and community highly relevant to the contemporary world.

**The Sound of Salvation** Guangtian Ha, 2022-02-22. Winner 2023 Clifford Geertz Prize in Anthropology of Religion, Society for the Anthropology of Religion. The Jahriyya Sufis, a primarily Sinophone order of Naqshbandiyya Sufism in northwestern China, inhabit a unique religious soundscape. The hallmark of their spiritual practice is the loud *jahr* remembrance of God in liturgical rituals featuring distinctive melodic vocal chants. The first ethnography of this order in any language, *The Sound of Salvation* draws on nearly a decade of fieldwork to reveal the intricacies and importance of Jahriyya vocal recitation. Guangtian Ha examines how the use of voice in liturgy helps the Jahriyya to sustain their faith and the ways it has enabled them to endure political persecution over the past two and a half centuries. He situates the Jahriyya in a global multilingual

network of Sufis and shows how their characteristic soundscapes result from transcultural interactions among Middle Eastern Central Asian and Chinese Muslim communities Ha argues that the resilience of Jahriyya Sufism stems from the diversity and multiplicity of liturgical practice which he shows to be rooted in notions of Sufi sainthood He considers the movement of Jahriyya vocal recitation to new media forms and foregrounds the gendered opposition of male voices and female silence that structures the group's rituals Spanning diverse disciplines including anthropology ethnomusicology Islamic studies sound studies and media studies and using Arabic Persian and Chinese sources *The Sound of Salvation* offers new perspectives on the importance of sound to religious practice the role of gender in Chinese Islam and the links connecting Chinese Muslims to the broader Islamic world

**The Status of Religion and the Public Benefit in Charity Law** Barry W. Bussey, 2020-02-29 The Status of Religion

and the Public Benefit in Charity Law is an apologetic for maintaining the presumption of public benefit for the charitable category advancement of religion in democratic countries within the English common law tradition In response to growing academic and political pressure to reform charity law including recurring calls to remove tax exemptions granted to religious charities the scholars in this volume analyse the implications of legislative and legal developments in Canada the UK Australia New Zealand and South Africa In the process they also confront more fundamental sociological or philosophical questions on the very nature and role of religion in a secular society that would deny any space for religious communities outside their houses of worship In other words this book is concerned with the place of religion and religious institutions in contemporary society It represents a series of concerns about the proper role of the state in relation to the differing beliefs of citizens some of which will quite rightly manifest in actions to benefit the wider society This debate then naturally engages with broader issues related to secularism civic engagement and liberal democratic freedoms

[Appealing to God or Man](#) Nicholas J. Campbell, 2025-03-31 Appealing to God or Man Contrasting Barrenness and Family Death Narratives in the Hebrew Bible and Ancient Near East argues for a reevaluation of barrenness type scenes in the Hebrew Bible and ancient Near East More specifically the argument is for a distinction women in family death narratives appeal to men while women in barrenness narratives appeal to God Even the male centric epics of the ancient Near East show that women interact with the divine more during barrenness crises e g the wife s prophetic dream in the Etana myth than during family death crises e g male divine narratives in Kirta and Aqhat This distinction not only clarifies the narrative tropes but

emphasizes the role of women in these crises and intersects with discussions of household roles in the ancient Near East  
Male and female roles in marriage and fertility drive the responses of characters in these idealized narrative worlds  
especially in family death and barrenness narratives
