The Dead and Other Stories James Joyce, 2014-06-03 That James Joyce's *The Dead* forms an extraordinary conclusion to his collection *Dubliners* there can be no doubt But as many have pointed out *The Dead* may equally well be read as a novella arguably one of the finest novellas ever written *The Dead* a story of public life as Joyce categorized it was written more than a year after Joyce had finished the other stories in the collection and was meant to redress what he felt was their unnecessary harshness Set on the feast of the epiphany it is a haunting tale of connection and of alienation reflecting in the words of Stanislaus Joyce James's brother and confidant the nostalgic love of a rejected exile The present volume highlights *The Dead* for readers who wish to focus on that great work in a concise volume and for university courses in which it is not possible to cover all of *Dubliners* But it also gives a strong sense of how that story is part of a larger whole Stories from each of the other sections of *Dubliners* have been included and a wide range of background materials is included as well providing a vivid sense of the literary and historical context out of which the work emerged

Second Death of E.A. Poe and Other Stories Jack Matthews, 2021-11-15 Did Edgar Allan Poe fake his death That's what a Baltimore doctor needs to figure out in the title tale for this 11th story collection by Jack Matthews As one critic wrote Matthews stories are like friends from small towns They are honest warm occasionally lyrical and as strange and idiosyncratic as the rest of us Characters face all kinds of improbable situations in this collection A US army battalion finds itself locked in an absurd stalemate with German troops at the end of World War Two A second string college football player inexplicably receives an athletic prize A middle aged man discovers that random women around his neighborhood are walking around nude A man witnesses a car falling out of the sky into a supermarket parking lot A book collector and his wife concoct a mad plan to outbid a mysterious competitor for a 17th century manuscript In the novella sized title story Edgar Allan Poe's doctor investigates the mystery of Poe's disappearance from his deathbed and the very real possibility that Poe or someone purporting to be him has fled to Louisiana and been sending enigmatic clues As author of several novels set in 19th century America *Gambler's Nephew* *Sassafras* and *Soldier Boys* Jack Matthews 1925 2013 writes about early America with gusto and insight In contrast to previous story collections which lean more to the cerebral or poetic the Matthews stories collected here are down to earth yarns gently satirical and reminiscent of John Cheever's fiction Most are like pleasant strolls through Midwestern neighborhoods glimpsing random people at backyard parties cafes and parking lots
