The Telling: One Family, Two Centuries Daniel Tabor, 2024-10-18
The Telling is a story of European Jewish identity set against the backdrop of the chronicles of one family going back through history as far as Napoleonic times Author Daniel Tabor tracks the experiences and changing perceptions of his family as they find themselves having to move locations often needing to flee oppression but also to take up new opportunities The approach to the writing is based on the time honoured Jewish tradition of older family members passing on their life stories and insights to younger ones as one way of keeping the family culture alive The book looks back at those who lived many years ago during the nineteenth century in the days when the family was establishing itself in Europe particularly in the Russian Pale and in Germany These stories are combined with those of his more recent relatives who travelled in Europe but also as far away as Israel and Australia to find safe havens from oppression or to make better lives for themselves How all these changes affected their perceptions of their identity is a central theme running through the book as are the influence of the places they lived in and how they remembered their life stories The book focuses heavily on the author's parents David and Hanna and their individual families But Daniel Tabor brings in the life stories of other relatives on both sides of his family too Overall the author has brought together the stories of twenty members of his family While there are tales of

sadness there are also many tales of joy as the family members set about making the most of their lives dealing with numerous challenges thrown in their path displaying perseverance resilience courage and determination along the way The book is written in an engaging anecdotal style and includes many evocative family testimonies and photos providing a vivid picture of life in times gone by The Telling will appeal to those interested in Jewish history in general Jewish family histories the Holocaust the formation and development of the modern state of Israel the topic of people migration and also those interested in how others have overcome significant adversity to make a better life for themselves *Edinburgh Companion to Modern Jewish Fiction* David Brauner,2015-06-07 This book provides a critical overview of the main writers and key themes of Anglophone Jewish fiction highlighting the rich diversity of the field identifying key themes analysing the main trends in Anglophone Jewish fiction and situating them in a historical context **District of Columbia Appropriations for 1966, Hearings Before ... 89-1, on H.R. 6453** United States. Appropriations Committee,1965 **The Kindertransport** Jennifer Craig-Norton,2019-06-25 A timely study of the effects of family separation on child refugees using newly discovered archival sources from the WWII era Highly recommended Choice The Kindertransport an organized effort to extract children living under the threat of Nazism lives in the popular memory as well as in literature as a straightforward act of rescue and salvation but these celebratory accounts leave little room for a deeper more complex analysis This volume reveals that in fact many children experienced difficulties with settlement they were treated inconsistently by refugee agencies their parents had complicated reasons for giving them up and their caregivers had a variety of motives for taking them in Against the grain of many other narratives Jennifer Craig Norton emphasizes the use of newly discovered archival sources which include the correspondence of refugee agencies carers Kinder and their parents and juxtaposes this material with testimonial accounts to show readers a more nuanced and complete picture of the Kindertransport In an era in which the family separation of refugees has commanded considerable attention this book is a timely exploration of the effects of family separation as it was experienced by child refugees in the age of fascism **Transitions** ,2016-08-29 This volume introduces ten emerging voices in German language literature by women Their texts speak to the diverse modalities of transition that characterise society and culture in the twenty first century such as the adaptation to evolving political and social conditions in a newly united Germany globalisation the dissolution of borders and the changing face of Europe dramatic shifts in the meaning of national ethnic sexual gender religious and class identities rapid technological advancement and the revolutionary power of new media which in turn have radically altered the connections between public and private personal and political In their literature the authors presented here reflect on the notion of transition and offer some unique interventions on its meaning in the contemporary era Simon Wiesenthal Tom Segev,2012-04-03 With 16 pages of black and white illustrations Now in paperback the first fully documented biography of the legendary Polish born Nazi hunter a revelatory account of a man whose life though part invention was wholly dedicated to ensuring both that the

Nazis be held responsible for their crimes and that their destruction of European Jewry never be forgotten Within days of being liberated from the Mauthausen concentration camp Simon Wiesenthal had assembled a list of nearly 150 Nazi war criminals the first of dozens of such lists he would compile over a lifetime as a Nazi hunter A hero in the eyes of many Wiesenthal was also attacked for his unrelenting pursuit of justice for crimes committed in a past that many preferred to forget With access to Wiesenthal s private papers and to American East German and Israeli government archives Tom Segev sheds new light on Wiesenthal s most closely guarded secrets his true role in the capture of Adolf Eichmann his connection to Israel s Mossad his controversial investigative techniques his unlikely friendships with Kurt Waldheim and Albert Speer his rivalry with Elie Wiesel making clear that the truth of Wiesenthal s existence was far more complex and compelling than the legends often of his own making that surrounded him
