## **One Hundred Young Americans:**

**One Hundred Young Americans** Michael Franzini, 2007-11-06 Inside you will read stories that will inspire move excite and even anger you Along this journey you will meet people who share your experiences who remind your of others and who are unlike anyone you have ever met from cover **Young America in Wall-Street** George Francis Train, 1857

**Outward Bound, Or, Young America Afloat** Oliver Optic, 1867 *Young America* Edward L. Widmer, 2000 This fascinating study examines the meteoric career of a vigorous intellectual movement rising out of the Age of Jackson As Americans argued over their destiny in the decades preceding the Civil War an outspoken new generation of ultra democratic writers entered the fray staking out positions on politics literature art and any other territory they could annex They called themselves Young America and they proclaimed a Manifest Destiny to push back frontiers in every category of achievement Their swagger found a natural home in New York City already bursting at the seams and ready to take on the world Young America s mouthpiece was the Democratic Review a highly influential magazine funded by the Democratic Party and edited by the brash and charismatic John O Sullivan The Review offered a fresh voice in political journalism and sponsored young writers like Hawthorne and Whitman early in their careers Melville too was influenced by Young America and provided a running commentary on its many excesses Despite brilliant promise the movement fell apart in the 1850s leaving its original leaders troubled over the darker destiny they had ushered in Their ambitious generation had failed to rewrite history as promised Instead their perpetual agitation helped set the stage for the Civil War Young America The Flowering of Democracy in New York City is without question the most complete examination of this captivating and original movement It also provides the first published biography of its leader John O Sullivan one of America s great rhetoricians Edward L Widmer enriches his unique volume by offering a new theory of Manifest Destiny as part of a broader movement of intellectual expansion in nineteenth century America **Northern Lands; Or, Young America in Russia and Prussia** Oliver Optic, 2023-10-31 In Northern Lands Or Young America in Russia and Prussia Oliver Optic crafts an engaging narrative that combines adventure cultural exploration and social commentary Set against the backdrop of 19th century Europe the story follows a group of young Americans as they travel through Russia and Prussia eagerly encountering both the splendors and complexities of foreign lands Optic s vivid descriptions and dialogue resonate with the themes of discovery and national identity as he captures the stark contrasts between American ideals and European traditions Written during a time when American expansionism and cultural exchange were flourishing the book reflects the era s curiosity and optimism Oliver Optic the pen name of William Taylor Adams was an influential American author known for his serialized works that appealed to young readers His background as a teacher and his deep concern for moral education drove him to write books that not only entertained but also educated young minds about global perspectives and democratic values His travels in Europe and keen observations of societal differences undoubtedly informed the narrative of Northern Lands making it a significant

reflection of his time This timeless tale appeals not just to younger audiences but also to scholars and enthusiasts of Americana and European studies Northern Lands invites readers to reflect on the intricacies of cultural exchange while engaging in a thrilling adventure For those interested in understanding America's youthful aspirations in the global context of the 19th century this book is essential reading The Young American: Or Book of Government and Law Samuel Griswold Goodrich,1847 *Palace and Cottage, Or, Young America in France and Switzerland* Oliver Optic,1869 *The Public Statutes at Large of the United States of America* United States,1913 Vols for 1950-19 contained treaties and international agreements issued by the Secretary of State as United States treaties and other international agreements 1968 Mark Kurlansky,2005-01-11 NATIONAL BESTSELLER In this highly opinionated and highly readable history Kurlansky makes a case for why 1968 has lasting relevance in the United States and around the world Dan Rather To some 1968 was the year of sex drugs and rock and roll Yet it was also the year of the Martin Luther King Jr and Bobby Kennedy assassinations the riots at the Democratic National Convention in Chicago Prague Spring the antiwar movement and the Tet Offensive Black Power the generation gap avant garde theater the upsurge of the women's movement and the beginning of the end for the Soviet Union In this monumental book Mark Kurlansky brings to teeming life the cultural and political history of that pivotal year when television's influence on global events first became apparent and spontaneous uprisings occurred simultaneously around the world Encompassing the diverse realms of youth and music politics and war economics and the media 1968 shows how twelve volatile months transformed who we were as a people and led us to where we are today The American Sunday School Magazine ,1825 *Northern Lands - Young America in Russia and Prussia* Oliver Optic,2017-07-13 Northern Lands the second volume of the second series of Young America Abroad describes the varied experience of the juvenile tourists of the Academy Squadron in the Baltic and during their journeys in Russia and Prussia and their voyages between the different ports in these countries Compared with most other countries of Europe but little has been written about Russia and the greater portion of this volume related to that interesting nation The author writes from his own notes and recollection so far as scenery manners and customs are concerned but he has made diligent study and use of all the material within his reach including much that was gathered abroad Perhaps the young people will vote that this is the driest book the author has ever presented to them because it contains the most useful information but he hopes they will not neglect the historical part which is sometimes stranger than any fiction But the volume is not without its story which may be regarded as a reflection on a small scale of the political experience of the American citizen Doubtless our young friends will sympathize with Scott the Joker in his devotion to fair play and well will it be for our country when this spirit shall pervade the caucus and the voting 8 places and those who are selfishly striving for office are as effectually rebuked and ignored as they were in the Academy Squadron The next volume of the series from the nature of the circumstances rather than from any fixed intention on the part of the writer will contain much more of stirring incident than the present The author who has so long

been before the public as a writer of juvenile books and who has so often launched a volume has felt that his welcome must be nearly worn out and that he had no right to expect the continued favor of his army of young friends     American Catfishes United States.
