Spurgeon, Volume 66** Spurgeon, Charles H., Volume 66 Autobiography Diary Letters and Records Volume 1 Charles Spurgeon 19 June 1834 31 January 1892 is one of the church s most famous preachers and Christianity s foremost prolific writers Called the Prince of Preachers he was one of England s most notable ministers for most of the second half of the nineteenth century and he still remains highly influential among Christians of different denominations today His sermons have spread all over the world and his many printed works have been cherished classics for decades In his lifetime Spurgeon preached to more than 10 million people often up to ten times each week He was the pastor of the congregation of the New Park Street Chapel later the Metropolitan Tabernacle in London for 38 years He was an inexhaustible author of various kinds of works including sermons commentaries an autobiography as well as books on prayer devotionals magazines poetry hymns and more Spurgeon was known to produce powerful sermons of penetrating thought and divine inspiration and his oratory and writing skills held his audiences spellbound Many Christians have discovered Spurgeon s messages to be among the best in Christian literature

Edward Walford wrote in Old and New London Volume 6 1878 quoting an article from the Times regarding one of Spurgeon s meetings at Surrey Fancy a congregation consisting of 10 000 souls streaming into the hall mounting the galleries humming buzzing and swarming a mighty hive of bees eager to secure at first the best places and at last any place at all After waiting more than half an hour for if you wish to have a seat you must be there at least that space of time in advance Mr Spurgeon ascended his tribune To the hum and rush and trampling of men succeeded a low concentrated thrill and murmur of devotion which seemed to run at once like an electric current through the breast of every one present and by this magnetic chain the preacher held us fast bound for about two hours It is not my purpose to give a summary of his discourse It is enough to say of his voice that its power and volume are sufficient to reach every one in that vast assembly of his language that it is neither high flown nor homely of his style that it is at times familiar at times declamatory but always happy and often eloquent of his doctrine that neither the Calvinist nor the Baptist appears in the forefront of the battle which is waged by Mr Spurgeon with relentless animosity and with Gospel weapons against irreligion cant hypocrisy pride and those secret bosom sins which so easily beset a man in daily life and to sum up all in a word it is enough to say of the man himself that he impresses you with a perfect conviction of his sincerity More than a hundred years after his death Charles Spurgeon s legacy continues to effectively inspire the church around the world For this reason Delmarva Publications has chosen to publish the complete works of Charles Spurgeon

The Book of the Thousand Nights and One Night (Complete) Sir Richard Francis Burton, The present is I believe the first complete translation of the great Arabic compendium of romantic fiction that has been attempted in any European language comprising about four times as much matter as that of Galland and three times as much as that of any other translator known to myself and a short statement of the sources from which it is derived may therefore be acceptable to my readers Three printed editions more or less complete

exist of the Arabic text of the Thousand and One Nights namely those of Breslau Boulac Cairo and Calcutta 1839 besides an incomplete one comprising the first two hundred nights only published at Calcutta in 1814 Of these the first is horribly corrupt and greatly inferior both in style and completeness to the others and the second that of Boulac is also though in a far less degree incomplete whole stories as for instance that of the Envier and the Envied in the present volume being omitted and hiatuses varying in extent from a few lines to several pages being of frequent occurrence whilst in addition to these defects the editor a learned Egyptian has played havoc with the style of his original in an ill judged attempt to improve it producing a medley more curious than edifying of classical and semi modern diction and now and then in his unlucky zeal completely disguising the pristine meaning of certain passages The third edition that which we owe to Sir William Macnaghten and which appears to have been printed from a superior copy of the manuscript followed by the Egyptian editor is by far the most carefully printed and edited of the three and offers on the whole the least corrupt and most comprehensive text of the work I have therefore adopted it as my standard or basis of translation and have to the best of my power remedied the defects such as hiatuses misprints doubtful or corrupt passages etc which are of no infrequent occurrence even in this the best of the existing texts by carefully collating it with the editions of Boulac and Breslau to say nothing of occasional references to the earlier Calcutta edition of the first two hundred nights adopting from one and the other such variants additions and corrections as seemed to me best calculated to improve the general effect and most homogeneous with the general spirit of the work and this so freely that the present version may be said in great part to represent a variorum text of the original formed by a collation of the different printed texts and no proper estimate can therefore be made of the fidelity of the translation except by those who are intimately acquainted with the whole of these latter Even with the help of the new lights gained by the laborious process of collation and comparison above mentioned the exact sense of many passages must still remain doubtful so corrupt are the extant texts and so incomplete our knowledge as incorporated in dictionaries etc of the peculiar dialect half classical and half modern in which the original work is written One special feature of the present version is the appearance for the first time in English metrical shape preserving the external form and rhyme movement of the originals of the whole of the poetry with which the Arabic text is so freely interspersed This great body of verse equivalent to at least ten thousand twelve syllable English lines is of the most unequal quality varying from poetry worthy of the name to the merest doggerel and as I have in pursuance of my original scheme elected to translate everything good and bad with a very few exceptions in cases of manifest mistake or misapplication I can only hope that my readers will in judging of my success take into consideration the enormous difficulties with which I have had to contend and look with indulgence upon my efforts to render under unusually irksome conditions the energy and beauty of the original where these qualities exist and in their absence to keep my version from degenerating into absolute doggerel The Imperial magazine; or, Compendium of religious, moral, & philosophical knowledge.
