One Essential Writings On Nonduality:

One Jerry Katz,2007-01-30 This book compiles the most lively expressions of nonduality which is the understanding that existence is one undivided whole and that the daily distinctions we make within this unity are useful but not ultimately true The book conveys what nonduality itself is in a nonacademic style that draws heavily on modern popular writing on the subject Also included are spirited passages from major traditions Buddhism Taoism Hinduism Christianity Judaism and Islam

The Book of One Dennis Waite,2010-05-11 A comprehensive yet entertaining introduction to Advaita the non dual philosophy which provides a completely reasonable explanation for who we are and the nature of the universe There are many self help approaches promising enlightenment and happiness but most are illogical and lack any proven capability Advaita has a guru disciple tradition stretching back for several thousand years and can guarantee the sincere seeker a progressive path to self realization A 21st Century treatment of this ancient eastern philosophy this book addresses all of the issues that are covered by both traditional teachers from the lineage of Shankara and by modern satsang teaching and Direct Path methods stemming from Ramana Maharshi and Krishna Menon Topics are explained in an accessible and readable manner using amusing quotations and stories along with an abundance of metaphors from a wide variety of sources **One**

Jerry Katz,2025-09-12 This book compiles the most lively expressions of nonduality which are the understanding that existence is one undivided whole and that the daily distinctions we make within this unity are useful but not ultimately true The book conveys in a nonacademic style what nonduality itself is including lively challenging diverse passages from the major traditions of Buddhism Taoism Hinduism Christianity Sufism Judaism Taoism and Native American Tradition You ll also read about the nondual perspectives of psychotherapy art education and the movie The Matrix The core of the book is two chapters on the teachings of Ramana Maharshi which were edited specifically for this work by David Godman and approved by Sri Ramanasramam Covering many traditions and backgrounds this collection is an excellent foundation for a study of nonduality *Beyond the 'I'* Dhyana Dewyea,2007-09 The road to awakening is fraught with many hazards dangers as well as incomplete liberations Dhyana Dewyea writing from years as a spiritual explorer has marked the terrain and noted the milestones creating a handy and useful road map for those who are embarking on or are already following the path This book is wise and necessary medicine for the journey to oneness Chris Dube Urban Mystic Books Editor Life Beyond Belief Alice

Gardner,2008 Learn how everyday life can be your most vital spiritual practice no matter what your religion or tradition This book crosses all of the spiritual and religious boundaries through the commonality of our everyday experience It is a deeply personal book giving a down to earth account of the experience of spiritual awakening and the process of bringing awakening into each moment **Ripples In The Lake Of Eternity** Colin Drake,2015-11-21 The aim of this book is to act as a stand

alone guide to and practices for realizing and loving the Source Pure Consciousness and is composed of new articles and replies to questions since the publication of The Simplicity of Awakening The thrust of the book is that the initial awakening

which reveals that in essence we are Pure Awareness is very simple to obtain This needs to be established by repeated awakenings due to the natural tendency to nod off and re identify oneself as a separate object in a universe of separate objects When one is awake then anxiety and unnecessary mental suffering disappear for these are caused by misidentification which causes us to see the world through a murky filter of self interest concern promotion aggrandizement loathing the list is almost endless It is this that causes the anxiety and mental suffering based on concern for the future and feeling we are bound by the past The book also contains practices for developing and feeling love for the Absol

Everything Is God Jay Michaelson, 2009-10-13 This exploration of the radical yet ancient idea that everything and everyone is God will transform how you understand your life and the nature of religion itself While God is conventionally viewed as an entity separate from us there are some Jews Kabbalists Hasidim and their modern day heirs who assert that God is not separate from us at all In this nondual view everyone and everything manifests God For centuries a closely guarded secret of Kabbalah nondual Judaism is a radical reorientation of religious life that is increasingly influencing mainstream Judaism today Writer and scholar Jay Michaelson presents a wide ranging and compelling explanation of nondual Judaism what it is its traditional and contemporary sources its historical roots and philosophical significance how it compares to nondual Buddhism and Hinduism and how it is lived in practice He explains what this mystical nondual view means in our daily ego centered lives for our communities and for the future of Judaism **Shakti Rising** Kavitha M.

Chinnaiyan, 2017-10-01 The wisdom of the Mahavidyas the ten wisdom goddesses who represent the interconnected darkness and light within all of us has been steeped in esoteric and mystical descriptions that made them seem irrelevant to ordinary life But with this book written by a respected cardiologist who found herself on a spiritual search for the highest truth readers are invited to explore this ancient knowledge of the divine feminine learning how it can be applied to daily struggles and triumphs and how it can help them find unreserved self love and acceptance **A Commuter's Guide to**

Enlightenment Stewart Bitkoff, 2008 For years Dr Stewart Bitkoff suffered through every traffic jam flat tire and rude driver that marred his long commute to New York City until he discovered how to transform this soul draining journey into one filled with divine lessons and meaning Blending spiritual wisdom with his own astute life observations from the road Dr Bitkoff teaches readers how to live in the present and find joy in ordinary moments His personal stories draw insightful parallels between the road of life and one's spiritual path Meditations tips exercises and prayers will help you shut off shallow concerns center yourself and open up to a higher consciousness Whether you're a stockbroker a student or a soccer mom this guide will show you how to find tranquility during life's most stressful and tiresome activities Listen to Dr Bitkoff's weekly internet radio talk show Practical Wisdom Tuesday 1 2 pm go to www.pibco1.com **Naked Being** J. Harrison, 2015-03-27 This meaningful rare collection of over 400 illuminating insights is a breath of fresh air for all seekers of the inner self A beautiful fusion of mainstream spirituality esoteric oneness and non duality NAKED BEING provides a

powerful foundation for positive and lasting life changes The author gently guides the reader into the experience of present moment awareness the Now and perhaps more importantly shows how to go beyond it The powerful effects from implementing this insightful teaching are profoundly beneficial to our lives health and relationships for by reading and contemplating NAKED BEING we can recognize what it really means to come home If you re looking for the purpose of being and the way to the heart of your true nature then you will find this book of limitless benefit **Awakening to the Dream**

Leo Hartong,2003-07-01 For centuries philosophers and theologians have pondered questions such as Who are we and What is the self Awakening to the Dream is a book about you and your true identity Awakening to the Dream is a very clear approachable overview of the enigmatic philosophy of Advaita Vedanta also known as non duality Essentially this is a book about you It points to and from the source of your true identity The clear seeing that it refers to is neither complex nor simple It is not something exclusive for intellectual or spiritual elite nor is it remote or hiding in the future It is all inclusive pure presence closer than your breath It is the heart of hearts your birthright and innermost self This is your invitation to remember what was never really forgotten *How Whole Brain Thinking Can Save the Future* James Olson,2017-01-10

When facing a tough dilemma the wise person tackles the whole problem They don t just focus on one part and ignore the rest That s a matter of common sense but such holistic thinking rarely occurs in our most consequential organizations Although women are catching up in the corridors of power most people in charge today are highly specialized males whose perception is too often myopic For example while they may focus well on the immediate symptoms of a problem they often miss deeper causes wider effects and longer term consequences Such people some of whom are also women are left brain dominant thinkers who tend to miss the forest for the trees Sadly these left brain dominants fail to use all the mental faculties available to them in particular the holistic and intuitive perceptions provided by their right brain And this is why our future is now in great peril In this multiple award winning book James Olson carefully explores these issues and shows us how to minimize conflict by gaining creative control over our two modes of perception He goes on to describe the left brain bias in our civilization revealing it to be the root cause for centuries of war racism sexism exploitation and hyper polarization Left brain dominance also explains eons of misunderstanding between the sexes and our inability to understand LGBTQ variants of which there are as many as 32 fluid variations as Olson shows While most of our technological and scientific progress is driven by left brain thinking the great advances to come especially in ethics politics the arts and religion will require that we consciously harness both sides of our brain to greatly improve our thinking so we can more often reach agreement Independent scholar Olson concludes by explaining how we can achieve greater internal coordination between these two operating systems thus showing us how and why thinking with our whole brains will lead us to peace justice prosperity and to the ultimate healing of our relationships and our world *Mindful Ethnography* Marjorie Faulstich Orellana,2019-11-05 Ethnography with all its limitations has as its strongest impulse the quest to see and understand others

on their own terms and to step out of our own viewpoints in order to do so Conjoining ethnography with mindfulness this book aims to support the best aspects of ethnography by enhancing the capacity to listen more deeply see more expansively keep a check on our biases and connect more compassionately with others Mindful Ethnography addresses a central dilemma of ethnography the relationship of self and other It suggests ways of viewing the world from different perspectives getting beyond the categories of our culture and working with our own thoughts and feelings even as we aim to understand those of our participants Chapters address various stages of ethnographic research entering a field and seeing it for the first time immersing in ongoing participant observation writing up elaborated fieldnotes analysis the re presentation of results and letting it go It offers illustrations and activities for researchers to try The book is aimed at students and researchers who are stepping into the craft of ethnography or looking for new ways in and through ethnographic research It is for researchers who want to integrate scholarship social activism and spiritual pursuits in order to do research that is deeply engaged with and transformative of the world

Standing as Awareness Greg Goode,2009-09-20 Inspired by Sri Atmananda Krishna Menon Standing in Awareness guides readers along the Direct Path a pathless path one articulating that we are all loving open clear consciousness along with everything else Readers will be assured they are already where they need to be and are standing as awareness now This revised edition includes new chapters on this non dual inquiry a selection of dialogs from a decade of Nondual Dinner gatherings and several experiments that help establish everyday experiences as awareness

In the Middle Teong Eng Tan,2016-04-05 The French philosopher Gilles Deleuze remarked in his book Negotiations that Things and thoughts advance or grow out from the middle and that s where you have to get to work that s where everything unfolds This prompts the question How does an artist get to work in the middle of a process that is continuously becoming The thesis is an unfolding narrative of the author s attempt to experientially answer the question by way of an art practice leading to an examination of the issue of freedom freedom from attachments and freedom to create new possibilities with all for all The thesis off ers a view that art practice exploring ways to break free from the bondage of the mind moments of freedom from oneself is spiritual practice is life practice

Hinduism and Quantum Theory Bruno Del Medico, 2025-03-09 Comparing Eastern philosophies and quantum physics reveals fascinating similarities that invite us to reconsider our understanding of reality The intent of the book is to explore the surprising connection between the ancient philosophical traditions of Hinduism and the principles of quantum physics An initial part explains in a totally understandable way the basic principles of quantum physics and the philosophy related to this new science In the sequel an evocative journey leads the reader to discover how these two seemingly distant realities can interact and influence each other Hinduism with its profound metaphysical principles offers a framework that seems to anticipate in many respects the discoveries of quantum physics The book compares some of the major themes of Hinduism with their corresponding quantum notions Brahman represents ultimate reality an interconnected whole that permeates everything This aligns with the concept of quantum entanglement in which particles can remain connected regardless of the distance between them and suggests that separation at the fundamental level may just be an illusion One of the Upanishads reads All this is Brahman highlighting universal interconnectedness and recalls the Higgs field which gives mass and wave nature to particles Atman the individual soul that is a manifestation of Brahman can be viewed through the lens of quantum superposition in which one particle exists in multiple states simultaneously This reflects the idea that the true essence of the self exists on multiple planes of reality The concept of Karma is based on the law of cause and effect parallel to Heisenberg s indeterminacy where the precision of one measure affects that of another Actions in the present can thus influence future outcomes in ways that are not always predictable Moksha liberation from the cycle of death and rebirth finds a parallel in quantum decoherence the process by which a quantum system loses its quantum properties This transition represents the transformation of consciousness from one state to another analogous to the quest for spiritual liberation Dharma or each person s ethical duty is reflected in correlations between particles where interactions influence the behavior of a complex system Any action taken in accordance with Dharma can have long term effects similarly quantum relationships shape our universe It should be pointed out that this book deals with Hindu philosophy not Hindu religion This distinction takes on particular relevance in the context of quantum physics While Hindu religion deals with devotion and the cosmic order established by deities Hindu philosophy offers a framework for understanding a complex interconnected and constantly changing reality For example the idea of Maya the illusory perception of the material world has parallels with the uncertainty

principle in quantum physics according to which we cannot simultaneously know precisely the position and velocity of a particle Finally religion is a collective and ritual path while philosophy is a more individual and contemplative path Both enrich Hinduism but with different perspectives and goals In religion one seeks union with the divine In philosophy one seeks an understanding of being The two dimensions therefore coexist but offer different tools for exploring the same reality As Swami Vivekananda told the World Parliament of Religions in 1893 Hinduism is not a religion but an infinite wealth of human experience A phrase that perfectly sums up this richness and complexity
