The Dignity of Living J Krishnamurti,2022-09-09 Is it possible to live without conflict Perhaps this is a theoretical question but it challenges the mind that is trained to accept conflict as a natural part of living Ultimately as Krishnamurti explains the critical importance of that challenge is not to answer yes or no to the possibility of a life without conflict When you approach a problem you start with the fact that there is conflict and you begin to inquire whether it is possible to end it neither accepting that it can be ended nor asserting that it cannot be ended Your mind is then in a position to look at the fact and that is what we must establish between us An extensive compendium of Krishnamurti s talks and discussions in the USA Europe India New Zealand and South Africa from 1933 to 1967 the Collected Works have been carefully authenticated against existing transcripts and tapes Each volume includes a frontispiece photograph of Krishnamurti with question and subject indexes at the end The content of each volume is not limited to the subject of the title but rather offers a unique view of Krishnamurti s extraordinary teachings in selected years The Collected Works offers the reader the opportunity to explore the early writings and dialogues in their most complete and authentic form

Tradition and Creativity J Krishnamurti,2022-09-09 Krishnamurti delivered these Talks at Rajghat Banaras on the banks of the river Ganga during the month of December 1952 to boys and girls of the ages of 9 to 20 Krishnamurti begins by putting forth the following questions to the students Why you are learning history mathematics geography Have you ever thought why you go to schools and colleges Is it not very important to find out why you are crammed with information with so called knowledge What is all this so called education Your parents send you here because they have taken certain degrees and have passed certain examinations Have you ever asked yourselves why you are here and have the teachers themselves asked you why you are here Do the teachers themselves know why they are here An extensive compendium of Krishnamurti s talks and discussions in the USA Europe India New Zealand and South Africa from 1933 to 1967 the Collected Works have been carefully authenticated against existing transcripts and tapes Each volume includes a frontispiece photograph of Krishnamurti with question and subject indexes at the end The content of each volume is not limited to the subject of the title but rather offers a unique view of Krishnamurti s extraordinary teachings in selected years The Collected Works offers the reader the opportunity to explore the early writings and dialogues in their most complete and authentic form

The Years of Awakening J Krishnamurti,2022-09-09 Jiddu Krishnamurti 1895 1986 was an independent spiritual teacher for the rest of his life writing many books such as Krishnamurti Reader No 1 You are the World Commentaries on living First series from the notebooks of J Krishnamurti Mary Lutyens 1908 1999 was a British author best

known for her three volume biography of Jiddu Krishnamurti the other volumes in this series are Krishnamurti The Years of Fulfilment and Krishnamurti The Open Door She wrote in the Foreword to this 1975 book This account of the life of the first thirty eight years of Krishnamurti s life has been written at his suggestion and with all the help he has been able to give me it shows the circumstances of the unfolding of Krishnamurti s teaching and demonstrates his extraordinary achievement in freeing himself from the many hands that clutched at him in an endeavour to force him into the role of traditional Messiah He told his audience I maintain that Truth is a pathless land and you cannot approach it by any path whatsoever by any religion by any sect I do not want to belong to any organization of a spiritual kind please understand this Lutyens sympathetic yet detailed and critical biography is must reading for anyone wanting to know more about Krishnamurti **There is No**

Thinker Only Thought J Krishnamurti,2022-09-09 In these talks given in New Delhi Bombay London Saanen Paris and Madras Krishnamurti begins by defining what he means by the word discussion and what it means to go beyond thought I think before we begin it should be made clear what we mean by discussion To me it is a process of discovery through exposing oneself to the fact That is in discussing I discover myself the habit of my thought the way I proceed to think my reactions the way I reason not only intellectually but inwardly It is really exposing oneself not merely verbally but actually so that the discussion becomes a thing worth while to discover for ourselves how we think Because I feel if we could be serious enough for an hour or a little more and really fathom and delve into ourselves as much as we can we shall be able to release not through any action of will a certain sense of energy which is all the time awake which is beyond thought An extensive compendium of Krishnamurti s talks and discussions in the USA Europe India New Zealand and South Africa from 1933 to 1967 the Collected Works have been carefully authenticated against existing transcripts and tapes Each volume includes a frontispiece photograph of Krishnamurti with question and subject indexes at the end The content of each volume is not limited to the subject of the title but rather offers a unique view of Krishnamurti s extraordinary teachings in selected years The Collected Works offers the reader the opportunity to explore the early writings and dialogues in their most complete and authentic form The Beauty of Death J Krishnamurti,2022-09-09

Only in peace can a human being flower in goodness not in war not in violence not in disorder but only when there is a deep abiding peace And to understand this whole phenomenon of hate destruction and disorder one has to enquire not merely intellectually because such an enquiry is futile worthless and has no meaning whatsoever but actually what order means what violence means and the significance of peace one has to enquire non verbally non intellectually intellectual inquiry really has very little meaning because most of us have read or indulged in theory what peace should be how to get rid of violence and how to establish order Krishnamurti gave these talks in India and Europe The talks span the whole of human existence exploring what it means to live rightly in a world full of confusion and misery **Perennial Questions** J Krishnamurti,2022-09-09 What is necessary is to examine unemotionally not merely intellectually the intellect doesn t solve any problem it can only invent a lot of ideas theories Nor can emotion

dissipate the urgency of the problems that one has to face and resolve What is necessary it seems to me is a mind that is capable of examination To examine there must be freedom from personal views with a mind that is not guided by one's own temperament inclination nor is compelled by circumstances it seems to me that one must look at them not as an individual but as a human being the human being supercedes the individual human beings have the same common factor of sorrow of joy of unresolved miseries despairs the immense loneliness of modern existence the utter meaninglessness of life as it is lived now throughout the world if we could consider these problems as human beings then perhaps we can intelligently with care resolve our problems An extensive compendium of Krishnamurti's talks and discussions in the USA Europe India New Zealand and South Africa from 1933 to 1967 the Collected Works have been carefully authenticated against existing transcripts and tapes Each volume includes a frontispiece photograph of Krishnamurti with question and subject indexes at the end The content of each volume is not limited to the subject of the title but rather offers a unique view of Krishnamurti's extraordinary teachings in selected years The Collected Works offers the reader the opportunity to explore the early writings and dialogues in their most complete and authentic form
