Conspiracy Theories and the Nordic Countries Anastasiya Astapova, Eirikur Bergmann, Asbjørn Dyrendal, Annika Rabo, Kasper Grotle Rasmussen, Hulda Thórisdóttir, Andreas Önnarfors, 2020-12-30 This book explores the relevance of conspiracy theories in the modern social and political history of the Nordic countries The Nordic countries have traditionally imagined themselves as stable wealthy egalitarian welfare states Conspiracy theories mistrust and disunity the argument goes happened elsewhere in Europe especially Eastern Europe the Middle East or in the United States This book paints a different picture by demonstrating that conspiracy theories have

always existed in the Nordic region both as a result of structural tensions between different groups and in the aftermath of traumatic events but seem to have become more prominent over the last 30 or 40 years While the book covers events and developments in each of the Nordic countries Sweden Norway Denmark Iceland and Finland it is not a comparative country analysis Rather the book focuses on conspiracy theories in and about the Nordic region as a region arguing that similarities in the trajectories of conspiratorial thinking are interesting to examine in cultural social and political terms The book takes a thematic approach including looking at states and elites family gender and sexuality migration and the outside view on the Nordic region conspiracy theories about the Nordic countries and Nordic noir This book will be of great interest to
