*How to Read a Shakespearean Play Text* Eugene Giddens, 2011-02-10 An invaluable introductory guide for students on how to engage with the original printed texts of Shakespeare and his contemporaries     [The Complete Home Learning Sourcebook](#) Rebecca Rupp, 1998 Lists all the resources needed to create a balanced curriculum for homeschooling from preschool to high school level     *How We Read Now* Naomi S. Baron, 2021-02-19 An engaging and authoritative guide to the impact of reading medium on learning from a foremost expert in the field We face constant choices about how we read Educators must select classroom materials College students weigh their textbook options Parents make decisions for their children The digital revolution has transformed reading and with the recent turn to remote learning onscreen reading may seem like the only viable option Yet selecting digital is often based on cost or convenience not on educational evidence Now more than ever it is imperative to understand how reading medium actually impacts learning and what strategies we need in order to read effectively in all formats In *How We Read Now* Naomi Baron draws on a wealth of knowledge and research to explain important differences in the way we concentrate understand and remember across multiple formats Mobilizing work from international scholarship along with findings from her own studies of reading practices Baron addresses key challenges from student complaints that print is boring to the hazards of digital reading for critical thinking Rather than arguing for one format over another she explains how we read and learn in different settings shedding new light on the current state of reading The book then crucially connects research insights to concrete applications offering practical approaches for maximizing learning with print digital text audio and video Since screens and audio are now entrenched and invaluable platforms for reading we need to rethink ways of helping readers at all stages use them more wisely *How We Read Now* shows us how to do that     [Spectral Shakespeares](#) M. Calbi, 2013-09-18 *Spectral Shakespeares* is an illuminating exploration of recent experimental adaptations of Shakespeare on film TV and the web Drawing on adaptation studies and media theory as well as Jacques Derrida's work this book argues that these adaptations foreground a cluster of self reflexive themes from incorporation to reiteration from migration to addiction from silence to survival that contribute to the redefinition of adaptation and Shakespearean adaptation in particular as an unfinished and interminable process The Shakespeare that emerges from these adaptations is a fragmentary mediatized and heterogeneous presence a spectral Shakespeare that leaves a mark on our contemporary mediascape     *The Shakespearean International Yearbook* Alexa Alice Joubin, Natalia Khomenko, Katherine Schaap Williams, 2024-04-18 *The Shakespearean International Yearbook* surveys the present state of Shakespeare studies in global contexts addressing issues that are fundamental to our interpretive encounter with Shakespeare's work and his time Contributions are solicited from scholars across the field and from both hemispheres of the globe who represent diverse career stages and linguistic traditions Both new and ongoing trends are examined in comparative contexts and emerging voices in different cultural contexts are featured alongside established scholarship Each volume features a collection of articles that focus on a theme curated by a specialist Guest Editor along with coverage of the

Global Shakespeare and Social Injustice Chris Thurman, Sandra Young, 2023-05-04 The chapters in this book constitute a timely response to an important moment for early modern cultural studies the academy has been called to attend to questions of social justice It requires a revision of the critical lexicon to be able to probe the relationship between Shakespeare studies and the intractable forms of social injustice that infuse cultural political and economic life This volume helps us to imagine what radical and transformative pedagogy theatre making and scholarship might look like The contributors both invoke and invert the paradigm of Global Shakespeare building on the vital contributions of this scholarly field over the past few decades but also suggesting ways in which it cannot quite accommodate the various global Shakespeares presented in these pages A focus on social justice and on the many forms of social injustice that demand our attention leads to a consideration of the North South constructions that have tended to shape Global Shakespeare conceptually in the same way the material histories of North and South have shaped global injustice as we recognise it today Such a focus invites us to consider the creative ways in which Shakespeare's imagination has been taken up by theatre makers and scholars alike and marshalled in pursuit of a more just world
