North Downs Landscapes Doug Kennedy, 2015-05-07 The North Downs are a range of hills that run east west from the south east tip of England at Dover in Kent to Farnham in Surrey They skirt the southern edge of London so for a long time have offered Londoners beautiful countryside to escape to or for a home to commute to work from A hundred years ago they were still quite remote but London has grown spreading onto Downland and rail and road links have ensured that the many towns across the hills have also grown substantially in size Despite development there is still a lot of unspoilt landscape from farmland to deep woods to open grassland ridges with fantastic views across the weald of Surrey and Kent and it is these places that are the focus of this book North Downs Landscapes takes the reader on a journey from the White Cliffs of Dover

through the rolling Kentish farm land with its open vistas and small villages across the River Medway at Rochester with its castle and cathedral on to the wooded ridges past Sevenoaks into Surrey and across the River Mole to explore Leith Hill then to Guildford and the River Wey and over the Hogs Back to Farnham The core of this book are beautiful full page colour photographs illustrating the beauty and distinctive landscapes of the Downs The text explores the history geography geology and ecology of the countryside and some of its towns and villages Together photographs and text capture the character and atmosphere of a special part of the British Isles
