viewpoints is the solution Scholars of education communication literature and policy will find this book especially useful

**The Dangerous God** Dominic Erdozain,2017-10-02 At the heart of the Soviet experiment was a belief in the impermanence of the human spirit souls could be engineered conscience could be destroyed The project was in many ways chillingly successful But the ultimate failure of a totalitarian regime to fulfill its ambitions for social and spiritual mastery had roots deeper than the deficiencies of the Soviet leadership or the chaos of a command economy Beneath the rhetoric of scientific communism was a culture of intellectual and cultural dissidence which may be regarded as the prehistory of perestroika This volume explores the contribution of Christian thought and belief to this culture of dissent and survival showing how religious and secular streams of resistance joined in an unexpected and powerful partnership The essays in The Dangerous God seek to shed light on the dynamic and subversive capacities of religious faith in a context of brutal oppression while acknowledging the often collusive relationship between clerical elites and the Soviet authorities Against the Marxist notion of the ideological function of religion the authors set the example of people for whom faith was more than an opiate against an enduring mythology of secularization they propose the centrality of religious faith in the intellectual political and cultural life of the late modern era This volume will appeal to specialists on religion in Soviet history as well as those interested in the history of religion under totalitarian regimes *When Texas Prison Scams Religion* Michael G. Maness,2023-05-22 When Texas Prison Scams Religion exposes corruption in the Texas Department of Criminal Justice especially in the abuse of religion In many ways this book is a literature review of 1 800 plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that buys faith with favor from prisoners The state veritably ordains the prisoner a Field Minister that represents the offices of the Governor TDCJ Director and

wardens throughout the prison Therein TDCJ lies about neutrality in a program all about Christian missions and lies again in falsely certifying elementary Bible students as counselors Why is the director sponsoring psychopaths counseling psychopaths In fact TDCJ pays 314 million a year to UTMB for psychiatric care and receives not a single report of the care given and worse for UTMB generates no reports itself The underbelly TDCJ s executive culture of cover up is exposed TDCJ has hired the lowest qualified of the applicant pool many times in the last 25 years and regularly destroys statistics on violence TDCJ Dir Collier led the prison to model Louisiana Warden Burl Cain the most scandal ridden in penal history according to a host of published news stories for 20 years Therein Collier led TDCJ to favor the smallest segment of religious society within Evangelical Dominionism Texas has no business endorsing the truth of any religion over another We close with a proposal that utilizes the 400 000 000 hours of officer contact over ten years as a definitive influence in contrast to a commissioner that spends less than 10 minutes on each decision Maness has been lobbying Austin for 15 years to definitively access staff for his 100 000 Mothers 1% Certainty Parole Texas Constitutional Amendment which would revolutionize prison culture and save Texans millions of the dollars     Hearings, Reports and Prints of the Senate Committee on Labor and Human Resources United States. Congress. Senate. Committee on Labor and Human Resources,1979     *Basic Skills*, 1979 United States. Congress. Senate. Committee on Labor and Human Resources. Subcommittee on Education, Arts, and Humanities,1979     **The Unquiet Ghost** Adam Hochschild,2003-02-04 An in depth exploration of the legacy of Joseph Stalin on the former Soviet Union by the author of King Leopold s Ghost Although some twenty million people died during Stalin s reign of terror only with the advent of glasnost did Russians begin to confront their memories of that time In 1991 Adam Hochschild spent nearly six months in Russia talking to gulag survivors retired concentration camp guards and countless others The result is a riveting evocation of a country still haunted by the ghost of Stalin A New York Times Notable Book An important contribution to our awareness of the former Soviet Union s harrowing past and unsettling present Los Angeles Times A perceptive intelligent book demonstrating that the significance of the gulag transcends the confines of one country and one generation The New York Times Book Review This probing and sensitive book casts striking new light upon the Russian past and present The Washington Post Book World The voices Hochschild has recorded the relics he has seen are haunting and the raw material of a terrific book David Remnick Pulitzer Prize winning author of Lenin s Tomb No other work has brought home the full horror of this monstrous dictator s rule than this close up account Daniel Schorr former senior news analyst National Public Radio     **Not Here, Not Now, Not That!** Steven J. Tepper,2011-07-15 In the late 1990s Angels in America Tony Kushner s epic play about homosexuality and AIDS in the Reagan era toured the country inspiring protests in a handful of cities while others received it warmly Why do people fight over some works of art but not others Not Here Not Now Not That examines a wide range of controversies over films books paintings sculptures clothing music and television in dozens of cities across the country to find out what turns personal offense into public protest What Steven J

Tepper discovers is that these protests are always deeply rooted in local concerns Furthermore they are essential to the process of working out our differences in a civil society To explore the local nature of public protests in detail Tepper analyzes cases in seventy one cities including an in depth look at Atlanta in the late 1990s finding that debates there over memorials public artworks books and parades served as a way for Atlantans to develop a vision of the future at a time of rapid growth and change Eschewing simplistic narratives that reduce public protests to political maneuvering Not Here Not Now Not That at last provides the social context necessary to fully understand this fascinating phenomenon Banned Books, 387 B.C. to 1978 A.D. Anne Lyon Haight, Chandler B. Grannis, 1978 The materials that publishers booksellers librarians educators writers and readers too must defend in the everyday business of disseminating literature are more open frank and challenging than ever before I hope that this edition of Banned Books will lead readers further into the issues it raises The old basic areas of censorship remain doctrine sex secrecy security The points of conflict keep shifting The bureaucracy but also by the social climates not only by official suppression but by the writer s or editor s expurgation Page ix

**Perspectives on the Entangled History of Communism and Nazism** Klas-Göran Karlsson, Johan Stenfeldt, Ulf Zander, 2015-07-15 The collective work deals with the problems of if how and why the histories of German Nazism and Soviet Communism should and could be situated within one coherent narrative As historical phenomena can Communism and Nazism fruitfully be compared to each other Do they belong to the same historical contexts Have they influenced reacted to or learned from each other Are they interpreted represented and used together by posterity The background of the book is twofold One is external There is an ongoing debate about the historical entanglements of Communism and Nazism especially about Auschwitz and Gulag respectively Our present fascination with the evil history of genocide has situated the Holocaust as the borderline event in Western historical thinking The crimes against humanity perpetrated by the Soviet Communist regime do not have the same position but are considered more urgent in the East and Central European states that were subdued by both Nazi and Communist regimes The other internal background is to develop an analytical perspective in which the comnaz nexus can be understood Using a complex approach the authors investigate Communist and Nazi histories as entangled phenomena guided by three basic perspectives Focusing on roots and developments a genetic perspective highlights historical process oriented connections A structural perspective indicates an attempt to narrow down operational parallels of the two political systems in the way they handled ideology to construct social utopia used techniques of terror etc A third perspective is genealogical emphasizing the processing and use of Communist and Nazi history by posterity in terms of meaning and memory What past is worth remembering celebrating debating but also distorting and forgetting The chapters of the book address phenomena such as ideology terror secular religion museum exhibits and denial     **The**
