## **One Small Place By The Sea:**

One Small Place by the Sea Barbara Brenner, 2004-03-16 At the seashore High tide rushes in to fill a sandy basin with water At first glance it may seem like an ordinary puddle But look again Do you spy the ochre sea star or the tentacles of the giant green anemones Look even closer Now can you see the hermit crabs and turban snails the barnacles and periwinkles In lyrical prose Barbara Brenner reveals the fascinating happenings in one small place She explains the recurring formation of tide pools and the remarkable interdependence of their creatures Tom Leonard's brilliant illustrations take you underwater to a secret world His detailed lifelike depictions of sculpins and mussels algae and seaweed show the splendor that dwells in the most unexpected places So stop Observe Explore your natural world If you look closely enough you will surely find one small place that is home for many things

**Our Place by the Sea** Jonathan Kuiper, 2018-04-18 Two generations Two love stories One timeless question In 1967 Max Johnson must decide if Molly is the woman he's meant to marry or if his future lies elsewhere Seeking clarity he returns to his mother's home on the coast of Maine only to uncover a box of forgotten letters Within them is the hidden story of her first great love a soldier bound for World War II As past and present intertwine *Our Place by the Sea* reveals a moving dual timeline saga of family sacrifice and the power of love across generations

*Think Green, Take Action* Daniel A. Kriesberg, 2010-08-16 This book provides an annotated bibliography of age appropriate literature and activities showing children the importance of environmental issues and teaching them the skills to take action In past years teaching children about conservation and environmental issues might have been an optional side topic to complement an earth science curriculum but in today's educational climate being green is a subject with great relevance and importance This book combines a wide variety of techniques to help students understand environmental issues and gain the skills needed to take action The children's literature and classroom activities suggested in *Think Green Take Action Books*

and Activities for Kids are appropriate for elementary school students from grades three through seven covering three major environmental issues endangered species resource depletion and pollution After students have a grasp of the causes of these environmental problems the final chapter presents ways to take easy action that can create ripples of change across the world Educators in museums and nature centers home schooled children and their parents comprise an appropriate secondary audience for this instructive text      **The Travels of Pietro Della Valle in India** Pietro Della Valle,1892
