**High-Tech Worship?** Quentin J. Schultze, 2004-01-01 Increasing numbers of churches today use high tech tools such as videos and PowerPoint presentations in their worship services But without wisdom those tools can turn their services more into entertainment than worship How can churches use technology to communicate meaning instead of seducing people with special effects How can technology be adopted to help people connect with God and each other to foster authentic worship High Tech Worship takes a careful look at these issues giving readers practical guidance on how they can best use the gift of technology in their churches Both clergy and lay leaders will benefit from its creative suggestions as they seek to integrate technology wisely into their worship services Written by nationally known communications expert Quentin J Schultze High
