Online Book For Free:

The 2011 Guide to Free Or Nearly-Free E-Books, 2011 One of the problems which face all librarians adding e books to their collections is that of bibliographic control there is no legal deposit for e books and consequently there is no single place from which new titles can be found If this is true of commercially published e books it is most certainly also true of free e books and there are many thousands of free e books available over the Internet many of which are of a quality such that librarians might wish to have them in their collections The 2011 Guide to Free or Nearly Free e Books is offered as a tool for librarians and others involved in book selection e g teachers in schools in all sectors school further and higher education public and special libraries to facilitate easy access to free e books and e book collections which can enhance their digital library

The Digital Reader Terence W. Cavanaugh, 2006 The rapidly increasing availability and low cost of e book technology make it perfect for schools and educators looking to expand their resources for readers This book introduces the unique features that have established e books as a powerful effective learning tool for all grade levels and for special needs students It includes descriptions and illustrations of the most popular e book platforms and programs as well as dozens of practical ideas for using e books for reading instruction personal productivity and curricular enrichment Brimming with interactive lesson ideas teaching tips and online resources this book is a must have for teachers in all content areas and library media specialists Descriptions of the most popular and affordable e book devices software and content for educators Guidelines for accessing the free digital library resources available on the Web and for creating your own e books using basic software tools Strategies for using the annotation reference and hypertext capabilities of electronic text to promote active reading

Internet Book Piracy Gini Graham Scott, 2016-03-22 The international battle against Internet pirates has been heating up Increasingly law enforcement is paying attention to book piracy as ebook publishing gains an ever larger market share With this threat to their health and even survival publishers and authors must act much like the music film and software giants that have waged war against pirates for the past two decades Now The Battle against Internet Piracy opens a discussion on what happens to the victims of piracy Drawing from a large number of interviews from writers self publishers mainstream publishers researchers students admitted pirates free speech advocates attorneys and local and international law enforcement officials the text speaks to such issues as Why pirates have acted and how they feel about it The conflict over constitutional rights and piracy The current laws surrounding Internet piracy Examples of cases taken against some pirates Alternatives to piracy Personal experiences of being ripped off The ways piracy affects different industries and how they ve responded Author Gini Graham Scott prepares readers to arm themselves against these modern perils by learning about copyright infringement and how to prevent combat and end book piracy Allworth Press an imprint of Skyhorse Publishing publishes a broad range of books on the visual and performing arts with emphasis on the business of art Our titles cover subjects such as graphic design theater branding fine art photography interior design writing acting film how to start

careers business and legal forms business practices and more While we don't aspire to publish a New York Times bestseller or a national bestseller we are deeply committed to quality books that help creative professionals succeed and thrive We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers

Internet marketing has become an important issue for many businesses around the world which have any form of commercial presence on the net It is often perceived that doing business on the Internet mostly requires competency in the technology area However as many dot com companies are failing due to lack of revenue generation which could be induced by the inadequate marketing and marketing research practitioners and scholars of e commerce are keen to obtain a better understanding of the whole phenomenon of Internet marketing To understand what s working as an Internet marketing strategy or tactic one needs to conduct marketing research using rigorous statistical methodology **E-book Publishing Success** Kingsley Oghojafor,2005-05-31 This book contains detailed and easy to digest information on all aspects of writing preparing and marketing electronic books ebooks It covers such aspects as How to develop ideas to write about How to start the compilation of the ebook How to choose the correct ebook compiling software How to publish the ebook How to promote and market the ebook online and offline How to create a website and auto responders for selling the ebook How to collect payment from the website for selling the ebook How to set up affiliate programmes for selling the ebook Very practical so that even someone who has never used a computer before can benefit from the book Contains links to a lot of free tools that

will help anyone compile and sell his her ebook online Includes setting up a website to promote the ebook and accepting credit cards on the website

Social Smarts Strategies That Earn Free Book Publicity Anne Hart,2006-03-27 Empathy and social smarts help you earn free book publicity by connecting you with key people media schools and the publications of nonprofit agencies As a writer you can promote your own book and earn free book publicity by connecting key people media and nonprofits newsletters with schools Social intelligence used in book promotion is like a three ring circus Use empathy that is people smarts as a catalyst to bring together schools nonprofit agencies and authors Observe simplify and offer commitment as charisma Query editors of nonprofit publications These nonprofit agencies often publish high circulation newsletters and sometimes also publish sizable glossy magazines Some produce videos or documentaries To connect with the nonprofit agencies editors use your social intelligence skills to make connections in the nonprofit agencies public relations and communications departments Join public relations societies national associations and help out the nonprofit agencies or organizations of your choice focusing on what gets published in their magazines or newsletters If you want to earn free publicity for your book supply these editors with facts findings and trends Bring the nonprofits in contact with schools When you talk to school assemblies or classrooms relate your book topic to any specific work or project done by a nonprofit association for whom you could write an article for that association s newsletter or glossy magazine Use social intelligence to connect to people What you need to earn free publicity is self awareness and an understanding of how the main topic of your book influences your own behavior and how others perceive your behavior

Free Government e-Resources for Youth Dorothy Ormes,2016-08-15 Specifically focusing on the resources on federal government available online this book supports the education of young citizens and supplies directions for conducting programs for youth on the government Government documents offer a wealth of useful information that is often ignored or misinterpreted even by librarians And while improved search engines have improved access to online documents in recent years patrons especially young people typically need help navigating and understanding the sites Free Government e Resources for Youth helps librarians promote online government information to youth and to assist youth in using it to become informed and educated about our federal government and how it works Author Dorothy Ormes a Federal Depository Library Program librarian at the university level has created a guide to government resources that public and school librarians can use to support the education of young citizens The book covers various areas of K 12 curriculum highlighting activities and lesson plans based on national and state standards and gives helpful directions for creating displays and conducting programs for youth on the government The book also provides a brief explanation of the Federal Depository Library Program FDLP and describes how a public library can work with FDLP librarians or take advantage of an unprecedented opportunity to join the FDLP as active participants and benefit the community

Serving Library Users from Asia John Hickok,2019-06-12 Asian populations are among some of the fastest growing cultural groups in the US While books on serving other target groups in libraries have been published e g

disabled Latino seniors etc few books on serving library users of Asian heritage have been written Thus the timely need for this book Rather than a generalized overview of Asians as a whole this book has 24 separate chapters each on 24 specific Asian countries cultures of East Southeast and South Asia with a wealth of resources for understanding interacting with outreaching to and serving library users of each culture Resources include cultural guides both print and online language helps with sample library vocabulary Asian booksellers nationwide cultural groups professional literature and more Resources and suggestions are given for all three types of libraries public school and academic making this book valuable for all librarians The demographics of each Asian culture numbers and distribution plus history of immigration and international student enrollment is also featured As a bonus each chapter spotlights a US public school and academic library providing model outreach to Asian library users Additionally this book provides a detailed description and analysis of libraries in each of the 24 Asian countries The history development facilities conditions technology classification systems and more of public school and academic libraries are all discussed with detailed documentation Country conditions influencing libraries and library use are also described literacy levels reading cultures languages and writing systems educational systems and more Based on the author s 15 years of research and travels to Asia this work is a must have for all librarians *Targeting*
