Nikon F2 As Manual:

Astrophotography for the Amateur Michael A. Covington, 1999-05-03 First published in 1999 this is an expanded and updated edition of the best selling standard handbook on astrophotography for amateurs **Vol. 31: Going Film Pro II: The Canon EOS 1N: Standard Edition** Shawn M. Tomlinson, 2018-12-31 In some ways the Nikon F5 is easier to use than the Canon EOS 1N but it is not nearly as elegant There s just something about the way the Canon EOS 1N feels in my hands when I m shooting with it that makes me never want to put it down In that way it reminds me much more of the Nikon F4S than the Nikon F5 Practically since I placed the order for the camera it was inevitable that I would need to write about it If you are seeking the perfect late model film SLR camera you need look no further than the second to last pro level Canon EOS 1N Just load a roll of film take the camera in your hands and start shooting You too will never want to let it go The Underwater Photography Handbook Annemarie Köhler, Danja Köhler, 1999 Still photography and videography techniques including choosing the best equipment using equipment to its full potential and solving technical challenges Full color diagrams tables and charts provide easy reference for exposure settings and composition **Shutterbabe** Deborah Copaken, 2002-01-08 NATIONAL BESTSELLER The remarkable memoir of an ambitious young photojournalist who went off to war as a twenty two year old girl and came back four years and many adventures later a woman Eloquent and well observed not only about the memoirist but about the world war death photojournalism and of course the worldwide battle between the sexes The Washington Post Book World In 1988 fresh out of Harvard Deborah Copaken Kogan moved to Paris with a small backpack a couple of cameras the hubris of a superhero and a strong thirst for danger She wanted to see what a war would look like when seen from up close Na vely she figured it would be easy to filter death through the prism of her wide angle lens She was dead wrong Within weeks of arriving in Paris after begging to be sent where the action was Kogan found herself on the back of a truck in Afghanistan her tiny frame veiled from head to toe the only woman and the only journalist in a convoy of rebel freedom fighters Kogan had not actually planned on shooting the Afghan war alone However the beguiling French photographer she d entrusted with both her itinerary and her heart turned out to be as dangerously unpredictable as well a war Kogan found herself running from one corner of the globe to another each linked to the man she was involved with at the time From Zimbabwe to Romania from Russia to Haiti Kogan takes her readers on a heartbreaking yet surprisingly hilarious journey through a mine strewn decade her personal battles against sexism battery and even rape blending seamlessly with the historical struggles of war revolution and unfathomable abuse it was her job to record In the end what was once adventurous to the girl began to weigh heavily on the woman Though she had finally been accepted into photojournalism s macho fraternity her photographs splashed across the front pages of international newspapers and magazines Kogan began to feel there was something more she was after Ultimately what she discovered in herself was a person a woman for whom life not death is the one true adventure to be cherished above all Popular Photography
