A Companion to Modern British and Irish Drama, 1880 - 2005 Mary Luckhurst, 2008-04-15 This wide ranging Companion to Modern British and Irish Drama offers challenging analyses of a range of plays in their political contexts It explores the cultural social economic and institutional agendas that readers need to engage with in order to appreciate modern theatre in all its complexity An authoritative guide to modern British and Irish drama Engages with theoretical discourses challenging a canon that has privileged London as well as white English males and realism Topics covered include national regional and fringe theatres post colonial stages and multiculturalism feminist and queer theatres sex and consumerism technology and globalisation representations of war terrorism and trauma *Bibliographic Guide to Theatre Arts* New York Public Library. Research Libraries, 1985 *Modern Drama Scholarship and Criticism 1981-1990* Charles A. Carpenter, 1997 A selective list of publications for the period offering some 25 200 entries no annotations arranged by nationality and linguistic groups Most entries concern literary currents in drama since the last third of the 19th century playwrights who lived at least part of their lives in the 20th century noted directors and performance theory For students and scholars of modern dramatic literature While annual supplements of recent publications appear in the journal *Modern Drama* new compilers took a publication date of 1991 as their starting point for listings leaving some 2 000 items collected after 1992 appearing only in this volume Annotation copyrighted by Book News Inc Portland OR *Forgetful Remembrance* Guy Beiner, 2018-11-09 *Forgetful Remembrance* examines the paradoxes of what actually happens when communities persistently endeavour to forget inconvenient events The question of how a society attempts to obscure problematic historical episodes is addressed through a detailed case study grounded in the north eastern counties of the Irish province of Ulster where loyalist and unionist Protestants and in particular Presbyterians repeatedly tried to repress over two centuries discomfiting recollections of participation alongside Catholics in a republican rebellion in 1798 By exploring a rich variety of sources Beiner makes it possible to closely follow the dynamics of social forgetting His particular focus on vernacular historiography rarely noted in official histories reveals the tensions between professed oblivion in public and more subtle rituals of remembrance that facilitated muted traditions of forgetful remembrance which were masked by a local culture of reticence and silencing Throughout *Forgetful Remembrance* comparative references demonstrate the wider relevance of the study of social forgetting in Northern Ireland to numerous other cases where troublesome memories have been concealed behind a veil of supposed oblivion *The British National Bibliography* Arthur James Wells, 2004 **Scripts of Blackness** Noémie Ndiaye, 2022-09-20 *Scripts of Blackness* shows how the early modern mass media of theatre and performance culture at large helped turn blackness into a racial category that is into a type of difference justifying emerging social hierarchies and power relations in a new world order driven by colonialism and capitalism In this book No mie Ndiaye explores the techniques of impersonation used by white performers to represent Afro diasporic people in England France and Spain in the sixteenth and

seventeenth centuries using a comparative and transnational framework She reconstructs three specific performance techniques black up cosmetic blackness blackspeak acoustic blackness and black dances kinetic blackness in order to map out the poetics of those techniques and track a number of metaphorical strains that early modern playtexts regularly associated with them Those metaphorical strains the titular scripts of blackness of this book operated across national borders and constituted resources as they provided spectators and participants with new ways of thinking about the Afro diasporic people who lived or could would ultimately live in their midst Those scripts were often gendered and hinged on notions of demonization exclusion exploitation animalization commodification sexualization consensual enslavement misogynoir infantilization and evocative association with other racialized minorities Scripts of Blackness attempts to grasp the stories that Western Europeans told themselves through performative blackness and the effects of those fictions on early modern Afro diasporic subjects [Arts & Humanities Citation Index](#) ,2002 [Open-Space Learning](#) Nicholas Monk,Carol Chillington Rutter,Jonothan Neelands,Jonathan Heron,2011-05-15 A resource for educators showing how the techniques of the theatrical rehearsal room can be effectively applied to other disciplines **Sight and Sound** , **Contemporary Canadian Authors** ,1996 [Setting the Scene](#) Alistair Fair,2016-03-03 During the twentieth century an increasingly diverse range of buildings and spaces was used for theatre Theatre architecture was re formed by new approaches to staging and performance while theatre was often thought to have a reforming role in society Innovation was accompanied by the revival and reinterpretation of older ideas The contributors to this volume explore these ideas in a variety of contexts from detailed discussions of key architects work including Denys Lasdun Peter Moro Cedric Price and Heinrich Tessenow to broader surveys of theatre in West Germany and Japan Other contributions examine the Malm Stadsteater ideal theatres in post war North America found space in 1960s New York and Postmodernity in 1980s East Germany Together these essays shed new light on this complex building type and also contribute to the wider architectural history of the twentieth century
