**The Engine** Michael Rachkovsky, 2017-05-31 The philosophical foundation of this novel is the idea that love and aesthetic sense are the most important products of the biological evolution on Earth, and maybe even in the Universe. Love is the only engine, the source, and the meaning of human existence and survival in our complex, dark, and often cruel world. When beautiful and talented journalist Michelle Rosen meets geneticist Sam Levitin, neither can imagine the exponentially developing and powerful passion that will dramatically transform their lives. Their deep and intense affection for each other will see them drawn into

the miraculous transcendental spiritual world From Michelles seeming mystical abilities to Sams extraordinary achievement at getting his dog the Saint Bernard Chook to speak both will begin to unravel the amazing mysterious connections that will become the framework of their new experience They will begin to uncover the next step in human evolution and attempt to breach the veil separating us from the Kingdom of the God of Love      *Nikon D5300 Digital Field Guide* J.
