Nile Sparrows Nile Sparrows:

Nile Sparrows Ibrahim Aslan, 2008-11-01 Set in the author's own Nile side neighborhood of Warraq Aslan's second novel the first to be translated and published in English chronicles the daily rhythm of life of rural migrants to Cairo and their complex webs of familial and neighborly relations over half a century It opens with the mysterious disappearance of the tiny grandmother Hanem who is over 100 years old and is last seen by her daughter in law Dalal Dalal does not have the heart to tell Hanem that her grown children Nargis and Abdel Reheem have both been dead for some time Her grandson Mr Abdalla who has children of his own and not a few flecks of gray in his hair reluctantly sets out for their home village to search for her embarking on a bittersweet odyssey into his family's past and a confrontation with his own aging In an elliptical narrative Aslan limns a series of vignettes that mimic the workings of memory moving backward and forward in time and held together by a series of recurrent figures and images There is Abdalla's father the tragic al Bahey Uthman his quirky and earthy uncle Abdel Reheem and his sweet mother Nargis who dies with her simplest desires unfulfilled Aslan's moving portrait of the quotidian dramas that constitute the lives of ordinary Egyptians is untainted by populist pretensions or belittling romanticism and full of the humor and heartbreaking pathos that have become trademarks of the author's style **The Sparrows** Denis

Summers-Smith, 2010-11-30 While Denis Summers Smith's monograph *The Sparrows* presented his knowledge of sparrow biology this volume tells the other human side of the tale Denis Summers Smith first took up the study of the House Sparrow in 1947 thinking that the difficulties of travel in post war Britain would best suit the study of a species always close at hand The humble House Sparrow common everywhere was surprisingly poorly researched and his work soon provided interesting insights into this successful and adaptable little bird As new opportunities to travel opened up his interest blossomed to take in the genus *Passer* as a whole His travels would ultimately lead to his study of all but one of the group found only in deepest Turkestan and to the publication of his authoritative monograph on sparrows in 1988 His wry descriptions of the tribulations and unexpected pleasures of a traveller on four continents from the Himalayas and Thailand to Africa and the Americas with a good few islands in between are interspersed with observations and speculations on the biology of sparrows in a wide variety of habitats Everywhere local officials and bird watchers warmed to the eccentric Scot in pursuit of the little birds that nobody notices but which so often make their homes beside us The author's own photographs and delightful cartoons by Euan Dunn further paint the picture of this lifelong search **Field Guide to the Birds of East Africa** Terry

Stevenson, John Fanshawe, 2020-11-12 This spectacular edition of the best selling Helm field guide of all time covers all resident migrant and vagrant species found in Kenya Tanzania Uganda Rwanda and Burundi More than 1 300 species are illustrated with full details of all the plumages and major races likely to be encountered Concise text describes the identification status range habits and voice with fully updated range maps for each species This authoritative book will not only be an indispensable guide to the visiting birder but also a vital tool for those engaged in work to conserve and study the

avifauna of the region East Africa shelters a remarkable diversity of birds many seriously endangered with small and vulnerable ranges This field guide is indispensable for the visiting birder and a vital tool for anyone interested in the avifauna of this region

The Anchor Book of Modern Arabic Fiction Denys Johnson-Davies,2010-03-31 This dazzling anthology features the work of seventy nine outstanding writers from all over the Arab speaking world from Morocco in the west to Iraq in the east Syria in the north to Sudan in the south Edited by Denys Johnson Davies called by Edward Said the leading Arabic to English translator of our time this treasury of Arab voices is diverse in styles and concerns but united by a common language It spans the full history of modern Arabic literature from its roots in western cultural influence at the end of the nineteenth century to the present day flowering of Naguib Mahfouz s literary sons and daughters Among the Egyptian writers who laid the foundation for the Arabic literary renaissance are the great Tawfik al Hakim the short story pioneer Mahmoud Teymour and Yusuf Idris who embraced Egypt s vibrant spoken vernacular An excerpt from the Sudanese writer Tayeb Salih s novel Season of Migration to the North one of the Arab world s finest appears alongside the Libyan writer Ibrahim al Koni s tales of the Tuaregs of North Africa the Iraqi writer Mohamed Khudayir s masterly story Clocks Like Horses and the work of such women writers as Lebanon s Hanan al Shaykh and Morocco s Leila Abouzeid

Biology of the Ubiquitous House Sparrow Ted R. Anderson,2006-08-10 After the chicken the House Sparrow is the most widely distributed bird species in the world occurring on all continents except Antarctica and on most human inhabited islands Although its Latin name is *Passer domesticus* it is certainly not domesticated In fact it is widely regarded as a pest species and is consequently not protected in most of its extensive range This combination of ubiquity and minimal legal protection has contributed to its wide use in studies by avian biologists throughout the world The purpose of this book is to review and summarize the results of these global studies on House Sparrows and to provide a springboard for future studies on the species House Sparrows have been used to study natural selection in introduced species circadian rhythms and the neuroendocrine control of the avian annual cycle One current question of considerable interest concerns the catastrophic House Sparrow population declines in several urban centers in Europe Is the House Sparrow a contemporary canary in the mine Other topics of broad interest include the reproductive and flock foraging strategies of sparrows and sexual selection and the function of the male badge in the species Anderson also explores the role of the House Sparrow in disease transmission to humans and their domesticated animals

Sparrow Willie - 2. Big Adventure Oxana Khalikova,2022-04-20 The second part of the tale of a brave sparrow named Willie This time Willie goes on a journey with his friends Great adventures await them I wonder if Willie and his friends will make it to warmer climes

Ecology and Management of Terrestrial Vertebrate Invasive Species in the United States William C. Pitt,James Beasley,Gary W. Witmer,2017-10-25 Vertebrate invasive species are important ecologically socially and scientifically throughout much of the globe However the interdiction and options for management of invasive

species are driven by localized regulation at the country or even state level and thus the management of species must be framed within that context This book is focused around the management of invasive vertebrate species in the United States although readers will find much of the material broadly applicable to invasive species in other regions Vertebrate invasive species cause damage to agriculture property natural resources and threaten human health and safety However most of these species occur in the United States resulting from human mediated activities often being released intentionally For the first time the wealth of scientific information about vertebrate invasive species in the United States is summarized and synthesized in a single volume to be easily accessible to ecologists and natural resource managers With a focus on prominent terrestrial invasive species that have a history of policy and management and highlighting contemporary issues and management this book consists of 18 chapters written by experts from across the United States The first section of the book focuses on overarching policy and management topics associated with vertebrate invasive species including biosecurity threats and risk assessment policy and regulation and the economics of their management The second section provides in depth reviews of noteworthy invasive mammals birds amphibians and reptiles After finishing this book the reader should understand the complexity of managing invasive species the unique challenges that each new species may present and the steps forward that may decrease the impact of these species on the environment human health and the economy

Report of the Wellcome Tropical Research Laboratories at the Gordon Memorial College, Khartoum Wellcome Tropical Research Laboratories,1911

Niles' National Register Hezekiah Niles,William Ogden Niles,Jeremiah Hughes,George Beatty,1815

National Geographic Field Guide to the Birds of North America Jon Lloyd Dunn,Jonathan K. Alderfer,2006 Describes and presents color illustrations and range maps for 967 North American bird species covering their physical characteristics behavior habitats and vocalizations

The sparrow Sparrow,1887

Microbes Phillip K. Peterson,2020-08-08 This is the only book that tells both sides of the story of germs that they are critically important for our health and that the dangers of emerging pathogens continue to wreak havoc in our bodies and around the world With straight forward and engaging writing infectious diseases physician Phillip Peterson surveys how our understanding of viruses has changed throughout history from early plagues and pandemics to more recent outbreaks like HIV AIDS Ebola Zika and Coronavirus Microbes also takes on contemporary issues like the importance of

vaccinations in the face of the growing anti vaxxer movement as well as the rise of cutting edge health treatments like fecal transplants Peterson relays his first hand experience dealing with an unprecedented emergence of new microbial threats Yet at the same time he has witnessed the astounding recent discoveries of the crucial role of the microbes that colonize our body surfaces in human health Microbes explains for general readers where these germs came from what they do to and for us and what can be done to stop the bad actors and foster the benefactors **Land birds from sparrows to thrushes**

Edward Howe Forbush,1929 **Birds of Massachusetts and Other New England States: Land birds from sparrows to thrushes** Edward Howe Forbush,1929 City of Love and Ashes Yusuf Idris,2002-01-01 A classic novel from one of the great contemporary writers of Egypt and the Middle East Cairo January 1952 Egypt is at a critical point in its modern history struggling to throw off the yoke of the seventy year British occupation and its corrupt royalist allies Hamza is a committed young radical his goal to build a secret armed brigade to fight for freedom independence and national self esteem Fawziya is a woman with a mission too keen to support the cause Among the ashes of the city love may grow but at a time of national struggle what place do personal feelings have beside the greater love for a shackled homeland In this finely crafted novel Yusuf Idris best known as the master of the Arabic short story brings to life not only some of the most human characters in modern Arabic fiction but the soul of Cairo itself and the soul of a national consciousness focused on liberation
