Ninety Fathoms Down Canadian Stories Of The Great Lakes:

Ninety Fathoms Down Mark Bourrie,1995-01-10 *Ninety Fathoms Down* is the first collection of Canadian stories about the Great Lakes the inland seas that shaped the development of Ontario This fascinating book explains the history of the Canadian side of the Great Lakes by telling the stories of people whose lives took dramatic turns on the vast lakes In these pages you will meet people like Paul Ragueneau the Jesuit priest who tried to save thousands of starving Hurons in 1650 the seventeenth century dreamer Rene Robert Cavalier de La Salle whose luck always let him down and Lt Miller Worsley who takes revenge on the loss of his little supply ship Nancy by capturing two of the American warships that sank his schooner in the War of 1812 The people whose stories are told here are often at odds with the power of the lakes themselves For instance the three hundred sailors who lost their lives in the great storm of 1913 and the passengers of the steamship Algoma torn apart on a Lake Superior beach by hurricane winds in 1885 learned that there are times when the lakes are unforgiving Politics too play a role in the lore of the Great Lakes Confederate pirates once prowled Lake Erie hoping someday for a chance to attack Buffalo or Cleveland and change the outcome of the Civil War Politicians including Sir John A Macdonald have been at the mercy of the lakes in shipwrecks that have changed Ontario s history The Great Lakes have been a stage for courage greed misfortune and murder *Ninety Fathoms Down* fills an important void in Ontario s popular history by using the theme of the great waterways to show the development of central Canada
