Who Will Provide? The Changing Role Of Religion In American Social Welfare Mary Jo Bane, 2021-11-28 Leading scholars examine how the church community organizations and the government must work together to provide for America's poor in the aftermath of welfare reform Who will provide for America's children elderly and working families Not since the 1930s has our nation faced such fundamental choices over how to care for all its citizens Now amid economic prosperity Americans are asking what government business and non profit organizations can and can't do and what they should and shouldn't be asked to do As both political parties look to faith based organizations to meet material and spiritual needs the center of this historic debate is the changing role of religion These essays combine a fresh perspective and detailed analysis on these pressing issues They emerge from a three year Harvard Seminar sponsored by the Center for the Study of Values in Public Life that brought together scholars in public policy government religion sociology law education and non profit leadership By putting the present moment in broad historical perspective these essays offer rich insights into the resources of faith based organizations while cautioning against viewing their expanded role as an alternative to the government's responsibility In Who Will Provide community leaders organizational managers public officials and scholars will find careful analysis drawing on a number of fields to aid their work of devising better partnerships of social provision locally and nationally It was named a Choice Outstanding Academic Book of 2001 Voluntary Sector Organizations and the State Rachel Laforest, 2011-11-01

Voluntary organizations have moved from the margins to the centre of policy discussions in Canada and citizens and politicians now view them in a new way Rachel Laforest shows how members of voluntary organizations have struggled for a stronger voice in policy making and redefined their relationship to the federal government through key collaborations This vivid account of how a loose coalition of organizations was transformed into a distinct sector offers a new conceptual framework for explaining dynamic state voluntary sector relations at all levels of government Crossing Boundaries in Public Management and Policy Janine O'Flynn, Deborah Blackman, John Halligan, 2013-07-24 In the 21st century governments are increasingly focusing on designing ways and means of connecting across boundaries to achieve goals Whether issues are complex and challenging climate change international terrorism intergenerational poverty or more straightforward provision of a single point of entry to government or delivering integrated public services practitioners and scholars increasingly advocate the use of approaches which require connections across various boundaries be they organizational jurisdictional or sectorial Governments around the world continue to experiment with various approaches but still confront barriers leading to a general view that there is considerable promise in cross boundary working but that this is often unfulfilled This book explores a variety of topics in order to create a rich survey of the international experience of cross boundary working The

book asks fundamental questions such as What do we mean by the notion of crossing boundaries Why has this emerged What does cross boundary working involve What are the critical enablers and barriers By scrutinizing these questions the contributing authors examine the promise the barriers the enablers the enduring tensions and the potential solutions to cross boundary working As such this will be an essential read for all those involved with public administration management and policy
