Passion And Reason Making Sense Of Our Emotions:

Passion and Reason Richard S. Lazarus, Bernice N. Lazarus, 1994-11-03 When Oxford published *Emotion and Adaptation* the landmark 1991 book on the psychology of emotion by internationally acclaimed stress and coping expert Richard Lazarus Contemporary Psychology welcomed it as a brightly shining star in the galaxy of such volumes Psychiatrists psychologists and researchers hailed it as a masterpiece a major breakthrough in our understanding of the emotional process and its central role in our adaptation as individuals and as a species What was still needed however was a book for general readers and health care practitioners that would dispel the myths still surrounding cultural beliefs about emotion and systematically explain the relevance of the new research to the emotional dramas of our everyday lives Now in *Passion and Reason* Lazarus draws on his four decades of pioneering research to bring readers the first book to move beyond both clinical jargon and feel good popular psychology to really explain in plain accessible language how emotions are aroused how they are managed and how they critically shape our views of ourselves and the world around us With his co author writer Bernice Lazarus Dr Lazarus explores the latest findings on the short and long term causes and effects of various emotions including the often conflicting research on stress management and links between negative emotions and heart disease cancer and other aspects of physical and psychological health Lazarus makes a strong case that contrary to common assumption emotions are not irrational our emotions and our analytical thought processes are inextricably linked While not a how to book *Passion and Reason* does describe how readers can interpret what lies behind their own emotions and those of their families friends and co workers and how to manage them more effectively Exploring fifteen emotions in depth from love to jealousy the authors show how the personal meaning we give to the events and conditions of our lives trigger such emotions as anger anxiety guilt and pride They provide fascinating vignettes to frame a biography of each emotion Some are composite case histories drawn from Dr Lazarus s long career but most are stories of people the Lazaruses have known over the years people whose emotional fears conflicts and desires mirror readers own The Lazaruses also offer a special chapter on the diverse strategies of coping people use in managing their emotions and another When Coping Fails on psychotherapy and its approaches to emotional stress and dysfunction from traditional Freudian psychoanalysis to continuing research into relaxation techniques meditation hypnosis and biofeedback Packed with insight and compellingly readable *Passion and Reason* will enrich all readers fascinated by our emotional lives

Passion and Reason Richard Stanley Lazarus, Bernice N. Lazarus, 2023 *Passion and Reason* describes how readers can interpret what lies behind their own emotions and those of their families friends and co workers and provides useful ideas about how to manage our emotions more effectively

Handbook of Interpersonal Communication Mark L. Knapp, John A. Daly, 2002-10 The Third Edition of the *Handbook of Interpersonal Communication* includes eight new chapters and eleven revised from the second edition Following an introductory chapter the volume is organized into four parts covering perspectives on inquiry in interpersonal communication fundamental units of

interpersonal communication processes and functions and interpersonal contexts Features include Each chapter reviews and updates research in its respective area Part II examines methodological issues in the field Includes articles by top scholars in the field of Interpersonal Communication

Communicating Emotion Sally Planalp, 1999-08-13 The modern world is forcing us to understand emotion in order to cope with new problems such as road rage and epidemic levels of depression as well as age old problems such as homicide genocide and racial tension At the same time scholarly research is leading us to appreciate how emotion helps us to understand and transcend our selfish interests to connect with others to feel what is just and moral and not just think it and to construct societies and cultures that govern our joint efforts This book draws upon scholarly research to address explain and legitimize the role that emotion plays in everyday interaction and in many of the pressing social moral and cultural issues that we face today

Emotion in Group Decision and Negotiation Bilyana Martinovsky, 2015-07-01 The volume offers an exploration of methods for analysis of emotion in negotiation such as cognitive modeling discourse analysis all testing subsequent multidimensional scaling impression rating and graph modeling for conflict resolution reasonable and unreasonable disagreement It covers activities such as business negotiation conflict solving bargaining task management meetings discussions and elaborates on different kinds of emotions Some emotions stimulate negotiation e.g. empathy others hinder it e.g. disgust However all emotions open a door to uncertainty in relations and negotiation which in turn provides an opportunity The volume views language in negotiation not only as a vehicle for transmission of thought but also as a manifestation of emotion and the ethical

The Mind's Affective Life Gemma Fiumara Corradi, 2014-06-11 The Mind's Affective Life is a refreshing and innovative examination of the relationship between feeling and thinking Our thoughts and behaviour are shaped by both our emotions and reason yet until recently most of the literature analysing thought has concentrated largely on philosophical reasoning and neglected emotions This book is an original and provocative contribution to the rapidly growing literature on the neglected affective dimensions of modern thought The author draws on contemporary psychoanalysis philosophy feminist theory and recent innovations in neuroscience to argue that in order to understand thought we need to consider not only both emotional and rational aspects of thought but also the complex interactions between these different aspects Only through such a rich and complicated understanding of modern thought can we hope to avoid what the author identifies as a significant contemporary problem for individuals and cultures that is suppression or denial of intolerable states of feeling The Mind's Affective Life will appeal to and inspire students and practitioners of philosophy psychoanalysis psychotherapy and women's studies It will also be of great interest to anyone interested in the interaction of feeling and thinking
