**Opening the Parables** M. D. Hayden, 2024-07-11 For centuries Jesus parables have been and still are extensively interpreted by those who impose Christian dogma and tradition on a parable told decades before Christianity per se even existed There was no Christian tradition when Jesus was teaching his followers and he was teaching regular people not theologians No wonder then that after two millennia Jesus parables coated with a confusing overlay of Christian dogma still puzzle readers of the New

Testament Opening the Parables is based on the premise that Jesus taught a singular spiritual truth which once the clutter of others words and interpretations is cleared away appears consistently in all his teachings even in his parables In the best possible way Jesus was a one subject teacher one subject using various teaching techniques both deductive and inductive a one sermon preacher one message told in various ways Everything he taught or preached was about love in the infinite here and now Kingdom of God All his parables proverbs aphorisms and direct statements teach one lesson in the highest realm we can imagine compassionate love is all that matters

Book of Harmony Martin J. Lohrmann, 2016-09-07 The Reformation era writings that make up the Lutheran Confessions remain lively resources for Christian ministry and mission today Because each of the documents within the Book of Concord was written with a specific context and rhetorical purpose in mind each has its own compelling story and objectives Luther's catechisms present the faith for daily life at the grass roots level with teaching elements that we might now view as typical of social media and multimedia The Augsburg Confession and its Apology provide an adaptable foundation for preaching teaching church organization and dialogue that is rooted in the promise of Christ received through faith Fifteen years after the Diet of Worms the Smalcald Articles reveal yet another Here I stand moment for Luther Finally the Formula of Concord shows how the next generations of Lutherans used collaboration and consensus as they wrestled

Staying alive remaining upright even when lashed by doubt After surviving a difficult heartbreak and battle with cancer acclaimed author and columnist Julia Baird began thinking deeply about how we as people persevere through the most challenging circumstances She started to wonder when we are overwhelmed by illness loss or pain or a tragedy outside our control How can we keep putting one foot in front of the other Baird went in search of the magic that fuels the light within our own phosphorescence In this stunning book she reflects on the things that lit her way through the darkness especially the surprising strength found in connecting with nature and not just experiencing awe and wonder about the world around her but deliberately hunting it daily Baird also writes about crossbeams of resilience nurturing friendships and a quiet faith pursuing silence fighting for what she believes in the importance of feeling small learning from her mother's example of stoic grace She also explores how others nurture their inner light interviewing the founder of the modern forest therapy movement in Tokyo a jellyfish scientist in Tasmania and a tattooed priest from Colorado among others Weaving together candid and moving memoir with deep research and reflections on nature and the world around her Baird inspires readers to embrace new habits and to adopt a phosphorescent outlook on life to illuminate ourselves and our days even in the darkest times
